WINCHESTER BASEBALL TEAM

Back Row, Left to Right—Donnellan, c.; Hillis, 2b.; Hatch, (sub.); Hevey, 3b.; MacKenzie, p.; Doherty, 1b.; Peahoke, ss.; Sheridan, 3b.; Mack, manager. Front Row—Mascot, Waters, c.; McKenzie, p.; Doherty, 1b.; Peahoke, ss.; Sheridan, 3b.; Mack, manager.

The picture of the team was taken by Higgins and looks well. The team as a whole played good ball, and was composed of some good players during the season. Waters did well in most of the games he pitched and his only fault was bases on balls. Peahoke joined the team late and will be here another season. Doherty looked both good and bad during the

games he played. Hillis on second is a sand lot player and they don't come any better. Hevey played the same as Doherty, both good and bad, but picked up the latter part of the year. He needs practice to do his best work. Sheridan is considered by most of the fans the best player on the team, and I feel like agreeing with them. Mack in left field is one of the best outfielders in the semi-pro ranks and

all he needs to do is to hit to be a wonder. Donnellan is another good fielder but has hit in bad luck all the season. Ralph Hatch is probably as great a fielding first baseman as we could get, but is awfully weak with the bat. I think that if I have the team another year that I will keep Hatch right on the bat and see if he can train to hit. He is as good as any we have had there.

AMERICAN LEGION

Post Takes in 116 Members at Meeting and Dance

The newly formed Winchester Post of the American Legion held its first big affair on Monday evening of this week when it started in its drive to raise its membership quota to 260 before the State Convention at Worcester, October 15-16. The program included a torchlight parade, band concert, meeting and dance. There was a large attendance and report has it that some 116 men signed up during the evening.

The evening would have been better arranged had the fire at the centre occurred at 7:30 instead of 6:30. This little incident, however, served to start the crowd towards the town hall, and when the big auto truck containing the band and followed by a string of cars containing members of the Post, traveled through the streets it found many persons out and on their way.

Added to this excitement our fire whistle and bells were tolled for some fifteen or twenty minutes, and the result was evident when the Post and band marched into the hall at 8:30. Members of the Post attended largely in citizens clothes, their identity being distinguished by bands of white on their arms.

Vice-Commander C. N. Eaton presided at the meeting which was held previous to the dance. The ladies and townspeople were given seats in the balconies during this meeting, the purpose of which was to choose delegates to the State Convention. This group selected included Harry J. Donovan, Kenneth Caldwell, Dr. Irving T. Catter, William H. Hevey, Charles N. Eaton, Daniel I. Hanlon, Loring P. Gleason and Guy R. Howe.

Following the business the hall was cleared of seats and dancing was enjoyed until a late hour, the Reading Brass Band, which also furnished the music for the parade and concert, giving a program for the dancing.

The evening was in charge of a committee which included Messrs. Guy R. Howe, William E. Ramsdell, Henry Matthews, E. Newman Giles and Manlio Moffett, assisted by the executive committee of the Post.

The membership of the Post is now 211.

FOUR BALL, FOURSONES

LOUIS-RUSHFORTH

Large Fall Wedding at St. Mary's Church, Wednesday

At the largest fall wedding to take place at St. Mary's Church, Dr. Lawrence Joseph Louis, Jr., son of Prof. and Mrs. Lawrence J. Louis of Roxbury, and Miss Ella Ann Rushforth, daughter of Mr. and Mrs. Daniel W. Rushforth of Glenwood avenue, this week, were united in marriage by Rev. Francis E. Rogers on Wednesday morning. The attendance included over 200 persons, many noted medical and professional men of Boston being present, besides guests from Newport, New York, Arlington, Woburn and other surrounding places.

The bride was gown in embroidered white satin and rose point lace, with court train. She carried bride's roses and lines of the valley and wore a wreath of orange blossoms. Miss Mary J. Kelley was maid of honor, wearing a dress of orchid satin embroidered with gold and trimmed with cream lace. She wore a crownless pink hat of georgette, with flowers and pink ribbon. Her bouquet was of pink American roses. Miss Thelma Lewis of Roxbury, sister of the groom was bridesmaid. Her dress was of tea rose tulle and georgette, trimmed with French blue ostrich. Her hat of blue panne velvet was trimmed with French flowers and carried Orphelia roses. Albert Lewis of Roxbury, brother of the groom, was best man.

The music at the church included organ selections by the groom's father, Prof. Lawrence Lewis, and solos by Miss Mildred Herron of Winthrop and Daniel A. Sullivan of Roxbury.

The ushers included Dr. William Regan and Dr. Godwin of Jamaica Plain, George Cowley of Lynn, Lawrence F. O'Toole of Holy Cross Seminary, Joseph Foley of Holy Cross Seminary and William Burke of Newport, R. I.

Music was also rendered by the Cecilia Quartette.

Following the ceremony a reception, attended by about 75 friends and relatives, was held at the Hotel Somerset, Boston. The newly married couple were assisted in receiving at the reception by their parents. The bride's gift to the maid of honor was a gold link bracelet, and the groom gave the best man a platinum scarf pin and to the ushers gold cuff links. The groom is a graduate of Holy Cross, 10, and of Harvard Medical School, 14. For the past three years he has been resident surgeon at the Carney Hospital, Boston. Mrs. Louis is a graduate of the Carney Hospital Training School, '15, and has been acting as public health nurse for the City of Boston.

Following an automobile tour the couple will make their home in Roxbury.

Helen Carnate of Richardson street reported this week that her sweater and over \$2 in money had been stolen from the High School last week.

DR. ALLEN LEAVES TOWN

Acting upon the advice of his physicians, Dr. Clarence J. Allen will retire from practicing and will leave town the first of next month. For a considerable time he has not been in the best of health, and the situation has now arrived when he is called upon to take his choice of dropping his exacting and arduous duties for the prospect of a continuance of his health or continuing for a certainly short and equally uncertain period.

The doctor therefore has decided to retire. He will discontinue his practice here and will resign from the Board of Health, on which board he has served for the past thirteen years as chairman. He plans to make his home in Lynn, where his daughter now resides.

BOARD OF TRADE

The next regular meeting of the Winchester Board of Trade will be held Tuesday evening, Oct. 7, at 7:45, at White's Hall. Open meeting at 8:30, at which Richard B. Condlidge, Republican candidate for Representative, will speak. All invited.

FIRE MONDAY NIGHT

The first fire in town for a considerable time occurred on Monday evening at 6:40 when the upper part of the two and a half-story building, which is a part of the Largely block in the centre, caught in some unknown manner. The building is occupied on the street floor by the Winchester Shoe Store, but the upper part is vacant.

Great volumes of smoke seen in the centre caused a telephone message to be sent to the Fire Department, and upon arriving upon the scene an alarm from Box 23 was rung in. At about the same time Box 21 was pulled, resulting in two alarms, which brought out a big crowd.

The fire was insignificant and little damage was done. It is thought to have been started by rats and matches.

THANKS FOR STATE GUARDS

At the meeting of the Board of Selectmen Monday night resolutions of thanks were passed for this town to the members of the Machine Gun Company, 12th Regiment, M. S. G., for their services now being rendered to the City of Boston and the community at large. A copy of these resolutions appears in this week's Selectmen's report.

DANCE IN AID OF ST. MARY'S PARISH HONOR ROLL TABLET

St. Mary's Parish, Winchester, sent over 250 boys and girls into the service during the Great War. These members of the parish served in every sort of capacity from private to officer. Ten of them gave up their lives on the field of battle or in some army hospital "over there". The list were honorably discharged from the service and have come back to take up their work again as an important part of our community.

And, that the parishioners of future generations may always know who from this parish "went forth to serve," the honored pastor of St. Mary's, Rev. Nathaniel J. Morrill, has had carved and placed in the vestibule of the church, a wonderful memorial tablet, commemorating the part the parish has had in the war history of our town.

This tablet is a wonderful work of art and would grace any building in which it happened to be placed and those of our townspeople from other churches are cordially invited to visit the church and see it. Its cost was \$2,200 and \$1,400 of this sum has already been contributed by the members of the parish. In order to raise the remainder of this sum a series of whists and entertainments was planned. These will culminate in a grand and glorious finale on the evening of Columbus Day, Oct. 13, in the Town Hall, when a grand concert and dance will be conducted by the associated societies of St. Mary's Parish under the able guidance of James J. Fitzgerald, general chairman of the committee in charge.

The town is being well covered by those who have charge of disposing of the tickets but if there are any who have not been reached and who would like to help in this splendid project they may obtain tickets from the chairman of the ticket committee, Miss Mary A. Lyons, Oak street.

The various other committee are in charge of the following chairman: Music, Mrs. George R. Poland; refreshments, Mrs. M. C. Ambrose; entertainments, Charles J. Harrold; publicity, Mrs. Elizabeth McDonald.

Music for dancing will be furnished by Creighton's Crescent orchestra of Woburn, and the entertainment, in charge of Charles J. Harrold, will be announced in next week's issue of the "Star."

AMERICAN LEGION

Winchester Post, "Over the Top"

True to the past Winchester again has shown she was not lacking, when the Winchester Post put over its successful membership drive. Our quota set by the State Headquarters was 260 members by October 10. October 1 shows that we have 243 already paid up with 50 more signed but not yet paid.

The executive committee have decided that as the State Headquarters have given the Posts till October 10 to get their quota, that we will allow those in arrears to our post ten days more in which to pay up. This making October 10, the final date for charter membership in this Post.

As announced before we will not be satisfied until we have enrolled at least 100 out of the close to 700 service men in this town in our Post.

DON'T FORGET THAT OCTOBER 10 IS POSITIVELY THE LAST DAY TO BECOME A CHARTER MEMBER.

Enrollment Committee—Dr. P. W. Slattery, Harry Donovan, Louis E. Gould.

AMERICAN LEGION'S VOTE OF THANKS

The executive committee of the Winchester Post of the American Legion write in extending their heartiest thanks to those who aided in making our grand drive such a complete success; especially the girls' athletic club of the Winchester High School, Chief of Police McIntosh, Chief De Coursey of the Fire Department, the Board of Selectmen, and Mr. Erskine for the loan of his truck.

AUTO STOLEN AT CLUB

Mr. Frank H. Adams had his Hudson coupe, No. 1, Calumet Club last night. Leaving the car for twenty minutes, he came from the clubhouse first in time to see a youth driving away in it. He caught the car, and by running across the lawn nearly succeeded in jumping on the running board. It is thought the car went towards Arlington, but although the police of surrounding towns were notified, it has not yet been recovered.

Automobiles, driven by M. J. Brown of Medford and Thomas Smith of the same place were in collision at the centre street Sunday, with slight damage to both cars. On the same day another collision occurred between that of Joseph A. Smith and W. E. Schrafft, at the corner of Main and Swanton streets. The damage was slight.

SELECTMEN'S MEETING

September 30, 1919

The Board met at 7:30 p.m. and present:

There was a meeting of September 22 were read and approved. Warrants were drawn for streets and sidewalks.

Dog Officer's Department (Dog Warrant): The Chairman of the Board duly signed a notice which is to be sent to the District Attorney of Middlesex County certifying that a warrant directing William R. McIntosh, police officer and constable of the Town of Winchester, to kill or cause to be killed any dogs within this town which were not licensed and collared according to law has been issued and duly executed.

Resolutions: The Board offered the following resolution in regard to the prompt response of the officers and members of the Winchester Machine Gun Company attached to the 12th Regiment, Massachusetts State Guard.

Resolved: That the members of the Board of Selectmen of Winchester have noted with the utmost satisfaction the prompt response of the officers and members of the Winchester Machine Gun Company attached to the 12th Regiment, Massachusetts State Guard, to the sudden call to duty in the City of Boston and have learned of the soldierly performance of the duties imposed upon them in this emergency; that they feel that they would inadequately represent the town if they failed to express publicly to Captain Tompkins and to his officers and men the thanks of the town for the services thus far rendered and to express their desire to co-operate in every way possible to render such duty as may yet fall to the lot of the company as free from unnecessary hardship, monotony and fatigue as possible. In the performance of its duty the Machine Gun Company has worthily maintained the record of faithful performance of duty which has characterized the men of Winchester, both on land and sea in all the conflicts in which this country has been a participant since the town was incorporated in 1850.

The Clerk was instructed to send a

WINCHESTER MEDALS

Winchester men who have been in the service may obtain their medals presented by the Town by applying at the STAR Office.

RED CROSS

As yet only about half of the layettes have been returned. It is earnestly requested that they be sent to the Red Cross room as soon as possible, as there is a call for them from headquarters. There is some additional work to be done on the layettes before they are ready to send to Boston and the Winchester women are urged to come to the Red Cross room on Mondays and Wednesdays to sew, in order that this work may be done as quickly as possible.

Wool is on hand for children's sweaters and stockings for which there is still a demand.

The Boston Metropolitan Chapter has arranged one day each week—Wednesdays, as a meeting day for the State Guard on duty during the police strike. At each armory, and at other headquarters for the guards a room is set aside and provided with all necessary sewing materials, where the women of Greater Boston may go to mend for the men.

Any Winchester woman wishing to help in this work may obtain further information from Miss Edith Scott (telephone, 803 W).

THE WINCHESTER STAR DEMONSTRATION HOME GARDEN

Conducted by

MRS. ALONZO F. WOODSIDE, 36 Lebanon Street

Co-operating with the

Middlesex County Bureau of Agriculture and
Home Economics

The home storage of vegetables is an interesting topic of discussion among home gardeners at this time of the year. Most every one has a surplus of vegetables in the garden. In order to save these for home consumption during the winter they must be placed in proper storage this month.

There are three different kinds of storage required for garden products. The first of these is the cool storage, such as a moist dark cellar or pit. Potatoes should be kept in bins in this storage. Beets, carrots, salify, turnips, Kohlrabi and parsnips should be buried in sand. Other vegetables which may be kept in this cool moist storage are cabbage, Brussels sprouts, cauliflower and celery. The roots of these vegetables should be set in sand. The temperature in the cool moist storage should be kept between 40 and 45 degrees.

The second type of storage is the cool dry storage such as an unheated room in the dwelling. Onions, eggplants, peppers and tomatoes keep best under such conditions. The temperature of the cool dry storage

should be regulated between 35 and 40 degrees, the same as for the cool moist storage.

The third kind of vegetable storage is the warm dry storage, such as is usually found in a partially heated room or cellar with a furnace. Squashes and pumpkins keep best in such places where the temperature ranges from 50 to 60 degrees.

There are several things to remember when storing vegetables. The vegetables must be free from bruises and decay, well matured, and dry when put in storage. Stored vegetables should not be piled to a depth of more than two or three feet. Decayed vegetables should be sorted out and removed at intervals during the winter to prevent spreading decay to sound product.

A cool storage in cellars with a furnace can be provided by partitioning off a part of the cellar farther away from the furnace. This room should contain a cellar window for ventilation which should be closed in severe cold weather.

UNIQUE CEREMONY

Marriage Announcement Made in Unusual Manner

Of interest to their many Pasadena friends is the announcement of the marriage of Miss Chase Herndon of New York, and Lieutenant Dudley Bowles Murphy, recently of Winchester and Pasadena but now a resident of Hollywood Heights.

The formal announcement of their marriage was made in a very unusual manner on Saturday evening at the home of the young man's mother, Mrs. Caroline Hutchinson Bowles. The painter, who made this city her home previous to going to Hollywood, a number of Pasadena friends were present at the unique ceremony which was the equal to the civil marriage ceremony which took place in Los Angeles on Monday, August 25.

A friend of the young couple, the well known writer, Paul Jordan Smith, had devised for them an impressive ceremony for the announcement, the affair taking place in the large living room of the home. Candles in tall candelabra and in scones were used to furnish the illumination, and with considerable formality the bride and bridegroom made announcement of their marriage. There were over 100 guests present for the unique service, the number including many of the artistic colony of Hollywood and Southern California.

Lieut. Murphy was in the aviation service of the army in England for some time, but had taken his training in this country, returning to California last spring. With his bride he will continue to reside in Hollywood where he is identified with the art work of one of the leading motion picture companies.

Mrs. Bowles and her daughter, Miss Caroline Murphy, will soon leave for San Francisco where Miss Murphy, will continue her work in aesthetic and interpretative dancing and pantomime and will study with some of the well known teachers in the North. Pasadena News Star.

HENRY MILLER AND BLANCHE BATES IN "MOLIERE"

Henry Miller and Blanche Bates will appear at the head of a distinguished company, at the Hollis Street Theatre on Monday, October 6 for two weeks only, in "Moliere," the powerful play by the American author Philip Moeller, which created such a sensation in New York. It should be noted that "Moliere" will be presented here with a distinguished company and exactly the

The following letter was sent by District-Attorney Tufts to Senators Henry Cabot Lodge, and David I. Walsh and the various members of the Massachusetts congressional delegation.

I would like very much to have you give attention to the desirability of re-establishing at Camp Devens a base hospital for the treatment of New England soldiers. It is my understanding that there is none such now in New England, and that the nearest hospital, namely, at Plattburgh, has been or is about to be abolished. I have had many requests from mothers and relatives of soldiers in regard to this matter and I am, therefore, calling it to your attention. I have already written to Secretary of War Baker and am writing to the other members of the Massachusetts Congressional delegation.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. Elam H. Fuller of New York announce the engagement of their daughter, Miss Dorothea Virginia Fuller, to Kenneth Colburn Parker of Winchester. Miss Fuller is a student at the Boston School of Expression. Mr. Parker, a son of the late Henry C. Parker of Woburn, is a graduate of Harvard in the class of 1914, and was a lieutenant in the navy during the war.

PROBATE AND OTHER COURT NEWS

Alfred S. Hall, Esq., has been appointed as administrator of the estate of Mrs. Sybil S. White, who died September 11, 1919, by the Probate Court. He was given a bond of \$10,000. The estate is valued at \$25,000, all in personal property.

L. Stanley Redding is named as one of the executors of the estate of Jacob Harris Niles of Cambridge, who died September 15, 1919. No valuation of the estate was filed.

Arthur J. Mullen of Winchester has asked to be appointed as guardian of James F. Mullen, aged two months.

ALFRED C. VINTON

Funeral services for the late Alfred C. Vinton, who died last week Thursday of pneumonia after a short illness, were held on Sunday afternoon at the residence on Main street. There was a large attendance of old friends and neighbors, besides many prominent lawyers and associates. The floral offerings were very profuse and beautiful.

Rev. Howard J. Chidley, pastor of the First Congregational Church, officiated at the service, he being assisted by Rev. H. Augustine Newton of the Leading Congregational Church, a former pastor, who delivered the eulogy.

The burial was in Wildwood cemetery.

CAMP DEVENS HOSPITAL

In the interest of New England soldiers, District-Attorney Nathan A. Tufts has written to Secretary of War Newton D. Baker, Senators Henry Cabot Lodge and David I. Walsh and also the various members of the Massachusetts senatorial delegation. Many letters from fathers and mothers and relatives of the doughboys have been received by Mr. Tufts, asking that the base hospital be re-established at Camp Devens.

The letter to Secretary Baker is as follows:

I desire to write you with reference to the base hospital at Camp Devens for the use of New England soldiers, who at the present time are receiving treatment either in New York or other hospitals. I understand that the Plattburgh hospital is about to be closed which, as I understand it, leaves New England without any hospital except a small tubercular hospital in Connecticut. I have had many fathers and mothers write me in regard to the matter and to date I have refrained from communicating with you. I feel sure, however, that as soon as the matter is called to your attention you will be pleased to remedy the situation and re-establish the hospital at Camp Devens, at Ayer, Mass.

NEBRASKA SAILOR VISITING HERE

Lloyd Smith, a son of Mrs. H. A. Graves, former proprietress of the Mystic Valley Cafe, who has been in the United States Navy since May 14, 1917, has arrived in the United States, and is spending a furlough with his sister, Mrs. Roy Willett of Winchester. When Smith enlisted in the Navy, the month after the United States entered the war, he was assigned to the O. S. S. McVie. He served on that ship until January 1, 1918, when he was stationed at Naval Headquarters in London, England. He arrived home on the President Grant, and is now on a thirty-day furlough. He will go from here to Kentucky, and thence to visit his mother at their home in Nebraska, returning to Boston, where he is now stationed, when his furlough is expired. He expects that he will receive his discharge when he returns at the expiration of his furlough. Smith is one of twenty-six relatives of Mrs. Graves, who was engaged in the World War.

Paint Before Winter!

Soon there will be no foliage to screen the shabby house. And soon biting rains, driving snows and freezing winds will search out cracks and crevices, and every bare spot and start decay. Paint is indispensable in winter.

Insects are going; woodwork is thoroughly dry; the sun is no longer blistering hot; it is the best time of year to paint.

If you intend to paint next spring, do it now and get the benefits of a protecting coat of paint through the winter months and when you paint, paint right. Pure Paint—pure White Lead and pure linseed oil—mixed to your order, tinted to please you and spread by experienced painters, is cheapest in the end.

BASEBALL

(By "Mack")

Winchester played its final game of the year at Woburn, Saturday, and lost both games and series to Woburn. The loss of the game in the main can be laid to our inability to list Weafer, and several had errors behind our own pitchers. The game was witnessed by the usual large crowd that attends these games, and it was a good game to watch from any standpoint. I was obliged to make several changes in my lineup but they did not seem to help us any. Ray Somerville, who has been pitching great ball all the season on the North Shore, was in the box with Jack Gillis, the former Medford High star catching, while Peabody played the outfield. The game looked like a 1 to 0 win for Winchester up to the sixth inning, but had playing by our team helped Woburn to a 2 to 1 lead, which was increased later in the game to 5. We went into the ninth with the score 5 to 1 against us and made one new run, the best we could do.

The score:

Team	AB	R	H	E
Winchester	25	1	11	2
Woburn	25	5	11	2

Team	AB	R	H	E
Winchester	25	1	11	2
Woburn	25	5	11	2

Runs made by O'Donerty, Micaly, King, McQuinn, Weafer, Hillis, Sheridan. Errors made by Peabody, Weafer, Sheridan, Bates. Two-base hit Weafer. Stolen base, McQuinn. Sacrifice hit Weafer. Sacrifice hit Peabody. Base on balls by Weafer 3. Struck out by Weafer 2 to 3. Double play, Peabody and Collins. Wild pitch, Somerville. Hit by pitched ball by Weafer, Bates. Time, 1:45. Umpire, Hawks and Finn.

NOTES

We have won and lost 10 games for an average of .500 for the season. The crowd was surprised to see our old friend Barnes on the job. It was reported that he had been killed in the war. He has been playing the outfield for Mobile in the Southern League.

Woburn will play one more game this season and it will be with Wakefield. Hillis our second baseman will play with Woburn next Saturday at Woburn. It is expected a large crowd from Winchester will be on hand to see this game.

Reading beat Wakefield, Saturday at Reading. Williams who pitched here Labor Day afternoon was in the box for Reading and held Wakefield safe all the afternoon.

The Winchester crowd could not see their pitcher, so I did not care to take a chance with him, and instead, when Reading called me up looking for one I sent him there. Such is baseball.

Next week will appear the final story of the season on baseball.

SEEN AND HEARD AROUND TOWN

Well, since last week we have had an addition to our already fine line of architecture in the square. Admitting the men on the switches need shelter,

and use the gate house! Is there another town in this state that would stand for this shanty or the one the railroad furnishes the men at the gate? Why don't the proper officials take a hand and get why not do as they have been doing

the railroad to put up a decent place there, or keep the one that is in proper condition?

Some one suggested to the Stroller that the fine piece of church property owned by the Parish of the Epiphany would be greatly improved by grading the lot next to the church or cutting the weeds and grass there.

Speaking last week of the openwork store in the square, I have been informed that there is a deal pending which, if it goes through, will make this corner one of the best in the centre.

I still notice some of the buildings in the centre are just as when I wrote about them a month ago. Perhaps a letter to the Fire Prevention Commission would remedy matters in these places, as well as several others.

Some of the Fire Department and I town laborers wanted to know if the Shelter did not have any friends in these departments. Well, I thought most of the men in both places were friends of mine and I am willing now to advocate an increase in wages for the Fire and Highway men, and also the poorest paid class of all in Winchester, the school teachers. While the Stroller is willing to advocate this raise it does not necessarily mean that every one in town will agree with him.

There is no one at work in the cemetery. I will interview some of this board the coming week and see what they have to say on the matter. This is something every one in town should be interested in.

Some one asked the Stroller why the police always turned on the light at the Congregational Society. Notice. This light is on the same current as one of the Common lights, and is charged for at the rate of a street light; which the society pays for.

One thing I noticed during the summer, was in front of Mrs. Parker's home on Main street, "Water for horse." There is thoughtfulness for you. I have known people to drive men away from the sidewalk when they went for a drink.

Herbert Wadsworth has had to stand considerable jollying the past week through my notice of his fine place. The article conveyed an entirely different meaning than what was intended. Apologies are due Mr. Wadsworth.

While in Boston during the week I met Selectman Newman and he invited me to ride home with him. When I got to Arlington, as I had business there, I got out and after rushing it I came out on the corner, when along comes Edmund Sanderson with that fine Pierce-Arrow car he takes so much pride in. I got in and he started to tell me what a fine car he had and how far it went without a mishap. That was alright, but the gas gave out before we got to the Country Club, and when we got the gas, the tire went flat, and the Stroller had to walk home from the Country Club. So when Edmund starts to tell you about that car, just tell him to tell it to the Stroller.

The Whitney property on Main street is surely an addition to and an improvement on that section of Main street where it stands.

Also further up is Blanchard & Co's place. This piece of property is always looking well for a piece of commercial property.

The police had two auto cases in court last week where twelve-year-old children were allowed to drive the car. Both were placed in jail. Also a man who was going to to 50 miles an hour, and a truck driver who was also exceeding the limit. The speed machine was placed on file and the truck driver was fined \$10, because he pleaded guilty. He ought to be hung. When he saw the rest getting away with it he should have done the same.

There is more work done by the Tree Department for the number of men employed than any other department in this town. "Bill" Nicholson surely gets away with a lot of work from one year to another, and we hear less complaints about this department than any other.

I have been asked repeatedly to agitate a movie theatre here in this town. Well, I am strong for it, but that won't get it here. We will have to wait, until town meeting, when an article will be in the warrant getting an expression of the town on the matter. The morals of Winchester are no better than any other town, and a moving picture show won't do any harm.

Sunday, while in the police station, a call was received from Ridge street, and Sergeant McCauley asked the Stroller to ride with him over to the hill. It seems there were a crowd of young boys from 14 to 17 years of age creating a little excitement over there. They were all rounded up and brought to the station, where their names were taken, but as no damage was done they were allowed to go with a warning.

If I was going riding I would want to steer clear of High street, from the corner of Arlington street up. It is in mighty poor condition. The ride carried us past the Golf Links, and the usual Sunday crowd was then enjoying themselves. This brought to mind what several had requested me to do—get after the Sunday golf players. If the Sunday golf players want into the Stroller gets after them they will have a long wait. This crowd that plays golf Sundays are a crowd of red-blooded Americans and are perfectly willing to give you the same privilege at your outdoor games. They are the last ones in the world to oppose Sunday sports. Movies, or anything in that line, so why should any one bother them if they can play golf and get away with it. It won't be the Stroller at any rate.

This also goes for the crowd of young men who were brought to the station. If these young boys had a chance to play a game of ball or football they would probably be doing it instead of coming from Cambridge to Ridge street, looking for mischief and finding it.

I fail to notice a more popular man around town in the morning than Frank Ripley. Very democratic, and a cheery good morning for all his friends.

Another live wire in Winchester is Fred Joy. He does not say much, but he is another that is up and doing for Winchester all the time in his own way.

To see Dr. Ordway driving around town on a busy day, no one but one of Yale's great point winners. All you have to do to make the doctor forget everything is to tell him some Yale athlete is going to play football or baseball; and then watch the doctor get to the field.

The Stroller is open for suggestions from any of the citizens who are interested in the welfare of the town. This column as I said before is purely personal and I do not expect every one to agree with what I say. Send your suggestion or any matter to Stroller, Star office, at any time.

The Stroller.

On Valuing Men.

We are all fond of a man for his strength and sturdiness of foot, and not for his rich complexion; a cry-loud for his wondrous speed, not for his fine collar; a hawk for her wing, not for her jewels and bolts. Why, in like manner, do we not value a man for what is properly his own? Manliness.

Her Occupation.

Louise's mother was a busy club woman and was always serving on some committee. When Louise came home from her first day at kindergarten for mother said: "Well, dear, what did you do today?" "Oh," said Louise, with a patronizing air, "I was appointed on a committee to string beads."

Assessor's Notice!

present European war upset all statistical conditions. It owes \$220 per capita. Most of this debt was created by loan-shark methods, however, for Honduras would agree to pay \$10 to get another some such ridiculous portion of the country.

"The name of the country is said to be derived from a Spanish term, meaning 'depth,' the early explorers having found difficulty in striking water shallow enough for anchorage. They were so delighted when they reached the Nicaraguan shore near by that they called the land 'Cape Gracias a Dios' (Cape Thanks to God), a name it still holds.

"Everyday sleeps in one room—men, women and children together. Your hosts are curious, but politely so, watching you undress and get into your hammock, with a calm stare that must not be considered impertinent, for a white man must not undress in a public place. I rarely undressed completely. Sometimes I would take off hat, coat, and boots; sometimes only my hat, for sleeping in one's clothes becomes second nature after awhile, and bathing and changes of linen can be better indulged in along the road-side."

A bad accident occurred Sunday afternoon at 2:30 just over the Arlington line on Cambridge street. A truck load of Boston Jewish residents was returning from the cemetery at East Woburn, and when near the junction of old Mystic street one of the men in the party, who was standing up, fell over the side, the truck passing over his leg. He lay beside the road for a considerable time while police officers from Arlington and Winchester were called, there being considerable congestion of traffic. He was taken to the Synnemes' Hospital in Arlington, where it was necessary to amputate the leg, it being so badly crushed. He died at the hospital Monday.

KELLEY & HAWES GARAGE SOLD THIS WEEK

BIG REAL ESTATE DEALS
Largest Transfers in Years Made in Winchester Centre

Winchester centre was the scene of considerable real estate activity during the past few days, two important parcels with the building, thorough being transferred by private sale.

The most important was the sale of the big brick and concrete garage of the Kelley & Hawes Co. This has been bought by Mr. E. C. VanBussum of Brookline, formerly of Philadelphia. The building, extending from Railroad avenue through to Winchester place, is the largest business block in the town. It is of first class construction, built of reinforced concrete and brick, and contains three floors, electric automobile elevator, repair shop, tire vulcanizing room, etc.

The assessed valuation of the land and the building, built in 1917, is \$245,000.00. The Kelley & Hawes Co. has sold with the property their automobile and taxi business, and will retain only their expressing and undertaking. For the present they expect to retain the use of the first floor with entrance on Railroad avenue, but will possibly move their remaining business into the large stable adjoining, after improvements have been made.

The new owner will take possession November 1.

Another large transfer is the sale of the Rice property at the corner of Parker and Main streets. This property includes a large wooden block of two and a half stories containing stores and apartments. The purchaser is represented by Mr. J. A. Laraway and the grantor is Mrs. Sarah H. Rice. The property is assessed on a valuation of \$127,735.

It is reported that this property may be used for the future site of a motion picture house in Winchester, an excellent location for such an enterprise and a building there would prove a fine addition to the centre.

The town is also to have a new garage for the repair of automobiles. This building is to be 20x75 feet and is to be erected by C. H. and E. I. Symmes on Main street, adjoining the grain mill at Cutter Village. The building will be occupied by Kimball & Earl, the firm comprising Messrs. R. M. Kimball and W. W. Earl. This firm has been doing business at 45 Myrtle Valley Parkway, but their work has increased to such an extent that larger quarters are necessary.

The new building will be of concrete construction.

Another important business transfer is reported in the sale of the paper store in the centre, owned by Mr. Herbert C. Taylor. Mr. Taylor, it is said, has sold his business to two West Somerville men, Messrs. William W. McLean and Perry O. Bridges. They will take the daily papers and periodicals, next Monday. Mr. Taylor, it is said, will remain with them for a fortnight and will then engage in another line of business.

It is reported that Dr. Arthur I. Brown has purchased of Mr. R. D. A. Thompson his estate at the corner of Black Horse terrace and Main street. The property is assessed on a valuation of \$98,000.00.

CALUMNET CLUB ACTIVITIES

Calumnet Club activities schedules for this month will include, in addition to the annual dinner on Saturday evening, October 18, a number of other events for both the ladies and gentlemen.

On Friday afternoon, October 24, there will be a bridge party for the ladies at 2:30. This will be in charge of Mrs. J. Frank Tuttle, Mrs. William H. Howe and Mrs. Herbert E. Stone. The annual Halloween party will be held Friday night, October 31. This evening will include dancing and bowling on the program and will be informal.

A PLEASANT SURPRISE

A number of young friends of Miss Margaret Callahan surprised her Monday evening with a lovely shower at the home of her sister, Mrs. Warren Cox of 5 Salisbury road. She will be married in the near future to Mr. Daniel Mahoney of Woburn. Miss Callahan received many beautiful and useful practical gifts. For several years she has been soprano soloist in St. Charles Church. Woburn and has a large circle of friends.

MACHINE GUN COMPANY NEWS

We are still at Station 9, Roxbury, and performing the regular line of work of sending out a detail for the guard. This goes on at 4 p.m., with a larger detail that takes the 12 m. to 8 a.m. shift. Then also we have men assigned to the fatigue detail. They push the brooms, clean house, etc. Other troops are put on KP duty. They are the "pot wallowers," dish washers and spade standers.

When any of the men need punishment they are sometimes put on the medical detail for sanitary work, etc.

When the boys come off an 8-hour trick of patrol duty, they usually roll in (to bed), hit the hay and are dead to the world for the next few hours. And then that most distasteful of all men, the barrack sergeant, comes there, rousing "Roll out, come on, there; jump to it; make it snappy;" and takes all the joy out of life.

It may seem to the boys that "Sarge" enjoys his work, but believe me, it's no job for a minister's son.

This army work is no picnic, and the "Battle of Boston" will be handed down to our children and grandchildren as the one big event of the State Guards. Let us eat, sleep, and be merry; especially let us sleep.

There are the usual arrests being made, Saturday afternoons and evenings being the busy times. We have pulled in more gamblers, drunks, a "lady" who steals milk from doorsteps, lost children, men who have been beaten up in some brawl; and the wagon brought in ten boys who had been "rolling the house." Some of the kids were in short pants, so it would seem that the little cubes have an attraction for the very young as well as for the old rollers.

Sergeant Harry Doten has been back for duty, and we were all glad to see him again. The boys get tired, but are always ready for more play and are right on the job when on duty. Just hadchow. So long.

MRS. GEORGE W. PAYNE

Mrs. Caroline A. (Rae) Payne, widow of the late George W. Payne, died on Sunday morning at the home of Mrs. Neva MacLellan on Highland avenue, where she resided. She was 74 years of age and had been in poor health and a great sufferer for over two years.

Mrs. Payne was a native of Andover. She came with her husband and family to this town about 20 years ago and resided for many years on Webster street. Her husband died in 1915 and was formerly a member of the Board of Selectmen and Board of Assessors, erected a number of houses on both Webster and Washington streets.

She was a member of the First Congregational Church and was active in the Epworth League, the Bethany Society at the church, and was also a former member of the Fortnightly. She is survived by three sons, George B., Arthur W. and Frank E. Payne, all of Chicago, Ill. She also leaves one sister, Mrs. W. E. Taylor of New York.

The funeral services were held from the Spaulding home on Washington street, Tuesday afternoon at 2:30 p.m. Rev. Howard J. Chadley of the First Congregational Church officiating. There was a large attendance of old friends and acquaintances and many beautiful flowers offering. The burial was in the family lot in Wildwood cemetery.

MOTHERS ASSOCIATION

The regular meeting of the Winchester Mothers' Association will be held in the High School Assembly Hall, Wednesday, October 15, at 8 p.m. Members please notice that though it is early in the month, it is the third Wednesday.

Mrs. Constantine Guttererson Taylor is the speaker. She will have as her subject, "Correct Posture as a Foundation for Proper Growth and Health."

Mrs. Taylor is a former resident of Winchester and was educated in our public schools. She is a graduate of the Boston School of Gymnastics, which is allied with the department of hygiene of Wellesley College. She has been doing corrective work among children in the Newton public schools.

Every one is welcome whether members or not. Newcomers are particularly invited to come and get acquainted.

MRS. ALTON A. WARREN

Mrs. Carrie M. (Harriman) Warren, formerly of this town, who died at Washington, D. C., on Tuesday, October 12, is buried in the cemetery on Tuesday. She leaves three children, Ralph J., Ruth F. and Elmer. Mrs. Warren was before her marriage a resident of Woburn. Her death was caused by swallowing a set of false teeth.

MRS. FRANCIS P. MOONEY

Mrs. Mary C. Mooney, wife of Mr. Francis P. Mooney, died at a Boston hospital on Monday following an operation. She had been ill for a considerable time. The remains were taken to Uxma, N. Y., where the services and interment took place.

Shelf paper, wax paper, Wilkinson's and paper napkins at Dr. Wilson's.

SELECTIONS MEETING

The Board met at 7:30 p.m. all present.

The records of the meeting of September 26 were read and approved.

Belief Work. A letter was received from the Finance Relief Committee, Corpus Christi, Texas, asking that contributions be sent to their committee to aid those who have suffered loss in the disastrous hurricane and tidal wave which recently devastated a part of Corpus Christi, Texas. The clerk was instructed to ask Mr. Willson to publish this letter in the Star and to state that funds for this committee would be received by the chairman of the Board of Selectmen.

Licenses 1919 (Second-Hand Motor Vehicles and Parts Thereof): Acting in accordance with Section 3 of Chapter 259 of the Acts of 1919, the Board voted that a fee of \$20 be charged for each one of the three licenses written for the sale of second-hand motor vehicles and parts thereof. Acting in accordance with Section 5 of the same act, the Board voted to authorize William R. McIntosh, Chief of Police and the two sergeants of the Winchester Police Department to carry out the provisions of this act at any time he deemed that occasion demanded.

Acting in accordance with Section 10 of the same act, the Board voted to authorize William R. McIntosh, Chief of Police and the two sergeants of the Winchester Police Department to carry out the provisions of this act at any time he deemed that occasion demanded.

An application for a first-class license under this act was received from Walter L. Cladin of 200 Forest street. Upon a favorable report by the Board, the Board voted to grant Mr. Cladin a first-class license, same to expire on January 1, 1920, unless sooner revoked.

Licenses 1919 (Grandchildren) Main Street: Mr. Laraway presented a petition for a grandchild sidewalk in front of his property at 54 Yale street.

Street Lights: 1919 Emerson Court. The matter of considering Mr. Fitzgerald's petition for a light on Emerson Court was continued on 4th page.

BUILDING PERMITS

The following permits have been issued by the Inspector of Building:

Mr. John Fredrick of 12 Symmes road, Wood frame garage at same address, 20x20 feet.

Mr. George B. Kimball of 20 Wellesley avenue, Terra cotta block and wood stable on Yale street, 20x20 feet.

Mr. Samuel H. Broughton of 10 Milford, N. H. Wood frame dwelling at 10 B. Chesterford road, 24x12 feet.

Mr. Howard C. Proctor of 125 Main street, Wood frame dwelling on Salisbury road, 26x27 feet.

Mr. Eugene Berry of Cambridge, Wood frame dwelling and attached concrete carriage on Woodside road, 32x27 feet.

Georgianna Nickerson of 10 Cabot street, Wood frame garage at same address, 20x20 feet.

ATTEMPTED ROBBERY OF WINCHESTER MAN

Arthur Haggerty of 35 Wendell street, reported to the Lexington police Sunday night that an attempt had been made to hold him up and that two shots were fired at him.

Mr. Haggerty stated that he was driving his automobile along Woburn street, and when near the junction of Woburn and Lowell streets two young men stepped into the road, revolvers in their hands, and ordered him to stop. Haggerty put on more power and drove along.

He says that two shots were fired, one hitting him in the calf. He described the two as being 22 to 25 years respectively, both wearing dark clothes. Neither had a mark, but everything happened so quickly that Haggerty could not give a very good description.

CANDIDATE COULD SPEAK

Mr. Richard B. Cullen of West Medford, a candidate for the office of State Representative on the Republican ticket from this district, was the guest speaker at the Winchester Board of Trade in White Hall on Tuesday evening. President C. Horner presided.

The Board held a short meeting previous to Mr. Cullen's talk, at which it was voted to close all the stores on Wednesday, Columbus Day. Mr. Cullen gave an interesting talk, speaking of present political conditions and the stand he would take if elected. He closed his talk by representing the district.

CHARLES E. KINSLEY
Dropped Dead at Calumet Club Wednesday Night

Charles E. Kinsley, widely known through the town, dropped dead while bowling at the Calumet Club, Wednesday night. Mr. Kinsley, who was about 60 years of age, was a native of New York and had just married. He was a member of the Calumet Club and was a very popular man.

He was found by a friend who called him to the club. He was lying on the floor, and his wife, who was with him, found him dead. He was a member of the Calumet Club and was a very popular man.

The names at the club house were immediately stopped and the medical examiner, Dr. C. M. Cullen, called the body later being removed to the rooms of Kelley & Hawes, pending notification of Mr. Kinsley's family.

Mr. Kinsley came to Winchester about 30 years ago, building the house in which he resided on Cambridge street. He was a member of the Calumet Club and was a very popular man.

He was married in October, 1885. His wife, Mrs. Eva Banks, who died 20 years ago, was survived by three children: Mr. Guy M. Kinsley, Mr. Wilbert E. Kinsley and Mrs. Edward M. Lawson, all of this town. He was a well known member of the Calumet Club and the Winchester Country Club and of the Sons of the Revolution.

The funeral services will be held from the residence, 29 Cambridge street, this Saturday afternoon at 2:30 o'clock. The interment will be private.

POST OFFICE BUILDING

Apparently there will be no action on Winchester's liberal building law, according to the following letter received by the Selectmen this week:

House of Representatives, U. S. Washington, D. C.

October 3, 1919.

George S. F. Bartlett, Esq., Chairman of the Board of Selectmen, Winchester, Mass.

Dear Mr. Bartlett:

I have your letter of the 1st instant, written in behalf of the Board, in which you inquire what action is being taken in regard to the Post Office Building which the Government proposes to build in Winchester.

The appropriation for this building was at the time of the action of Congress, written for the action of the President, according to the estimates of the Treasury Department. By the time the Department got to work on the bill, however, the cost of building construction had so increased that no bids were received low enough to cover the sum appropriated. Unfortunately this condition still exists. In the month of June of this year it was estimated that the sum of \$225,000 in excess of the original appropriation was necessary. This extra amount could not be made available only by action of Congress, which is not in session.

At this special session, but everything possible will be done by me to speed up the bill. I am, therefore, looking for it to pass in December, to make whatever sum may then be necessary, available for the construction of the building.

Lydia (Hatch) Wood, who has an interest in this matter, I remain, Very sincerely yours,

Frederick W. Ballinger.

P. S. The speaker, Mr. Ballinger, told me this morning that nothing can be done till further appropriations are made. A sum sufficient to finish the building, according to the original plans was put into the Public Building Bill of the last session, but, because of the cost, it has not come up for consideration at the regular session of this Congress, at which time I shall be doing my best to get it passed. I am, therefore, looking for it to pass in December, to make whatever sum may then be necessary, available for the construction of the building.

REAL ESTATE NEWS

Thomas H. Barrett reports the sale of a house on Highland View avenue, owned by W. B. Mansfield, of Hingham, Mass., with about 6,000 feet of land and out-buildings to Mrs. E. J. Barrett, who is now occupying. Will occupy about November 1.

Through the office of Mr. Barrett is also reported the sale of a seven-room house at 4 Myrtle street, owned by Miss Mary Burke of Jamaica Plain, formerly of Winchester, Mass., to Miss M. C. Jones of West Medford. The sale was made to occupy about November 1.

ROBERTSON-PENDELTON
Popular Winchester Girl Marries Lowell Man

A wedding of much interest to Winchester's social society, and largely attended by a host of local friends of the bride, was that of Miss Olive Elizabeth Pendleton and Mr. John Layland Robertson, Jr., which took place last evening at the home of the bride's parents, Mr. and Mrs. Joseph Brooks Pendleton, 109 Cambridge street.

Decorations of hydrangeas, dahlias and autumn foliage transformed the rooms of the residence into a bower of beauty for the occasion, and the ceremony, performed by Rev. Murray W. Dowart, rector of the church of the Epiphany at 7:30, was witnessed by a large gathering, many out-of-town people attending, including guests from Kansas, Philadelphia, Providence, Haverhill, Lowell, New York and Portland.

The bride wore a wedding dress of white satin, trimmed with rose point lace and baby ribbon, court train, and tulle veil caught with white lilies. She carried a shower bouquet of orchids and lilies of the valley. The maid of honor, Miss Frances Gillsley of Germantown, Pa., cousin of the bride, wore a dress of orchid tulle over orchid metal cloth and carried orchids roses. Mr. George Robertson, Lowell, brother of the groom, was best man.

The bridesmaids were Miss Dorothy Springer Pendleton, sister of the bride, and Miss Caldwell. They wore hydrangea pink chiffon over tulle of silver, and carried gladioli. Miss Clara Butterworth was the flower girl, being dressed in a blue green organdie over white silk. She carried a basket of sweethearts. A reception, largely attended by relatives and friends of the couple, followed the ceremony. Mr. and Mrs. Pendleton and Mr. and Mrs. John L. Robertson assisting in the reception. Mr. and Mrs. Theodore Hobson, Hildreth Hays, William Holly and Victor Hockmeyer, all of Lowell, following a wedding trip, Mr. and Mrs. Robertson will make their home at 518 Andover street, Lowell.

MR. HENRY C. BLOOD

Mr. Henry Chamberlain Blood, widely known through the town, died at his home on Vine street Wednesday morning following a short illness. He was 68 years of age. His death was due to a blood clot on the brain, he became stricken on Sunday.

Mr. Blood was born in this town, where he had made his home during his life. He was the son of Charles and Lydia (Hatch) Blood. His education was acquired in the Winchester schools and for the last forty years he had been connected with the Boston & Albany railroad, at the time of his death being assistant general freight agent. He would have reached the age of 70 years on Tuesday.

He was twice married, first to Mrs. Ellen Holton, who died in 1905, and in 1907 to Mrs. Annie Hall, Burpee of Lowell. He leaves one son, Mr. Elton, who is a member of the Winchester Police Department, and a daughter, Mrs. Mary Blood, who is a member of the Winchester Police Department. The funeral will be held from the residence, No. 21 Vine street, this Friday afternoon at 2:30 o'clock and will be conducted by Rev. Howard J. Chadley of the First Congregational Church. The burial will be in Wildwood cemetery.

YOUR AFFAIRS AND MINE

One philosopher has declared that "Luck consists in sticking everlastingly at it" and another that "Luck simply means self-dependence, persevering industry and good habits." But right here theory is often contradicted by actual example. Many a Winchesterite throughout his whole life unvaryingly pursues that course of conduct yet never reaches either fame or fortune, while many another without any special effort falls into most of the good things of life. It is not to be denied, for the proof of the proposition is too constantly presented by practical example, that men often are favored or adversely affected by fortuitous circumstances in the long run about which they had absolutely no part, and which they could not possibly force nor either avoid or take advantage of. If this is not "luck," what is it?

It is, however, not to be concluded from all this that all effort is nugatory and that it is useless to work for success. It may be true that "There is a Destiny that shapes our life," but this would then be a poor world indeed if every man here in Winchester and elsewhere were to simply fold his hands, make no effort to advance himself by his own exertions and depend upon "luck" to carry him through. But however it is to be explained or however inexplicable it may be, the fact remains that one man finds the pathway to success in life difficult if not impossible while to another it is easy and sure. In the former case, however, it is folly to tamely succumb to the influence of supposed unpropitious "luck," for hard work and indefatigable resolution will in all probability do much to overcome the seeming mysterious handicap.

Before we are ready to lay down the working tools of life the Spectator hopes more of us will have learned the lesson of business, not greatness, perfection, just plain, every day business, that turns us away from those little acts that are the test of real character. It is difficult to define in cold words just what is meant by "business," but if asked for an exemplification we could instinctively point to some man or woman here in Winchester of whom we could truthfully say, "He would not do a mean little thing." He might err in judgment and be far from perfect in perfection, but would not stoop to the little deviations that betray weakness and subvert the true philosophy of life.

When we have learned that a fault confessed, an error retrieved, a wrong righted, are signs of business, we have made a long stride toward its attainment. If we have been unjust in judgment or action toward anyone with whom we are associated, let it not be harder and harder to acknowledge it and start afresh. The stigma of smallness should be avoided by willingly retracting a wrong. We sometimes forget the viewpoint of the other person, who is not engaged in the hopeless task of making excuses and smoothing over real offenses. An exhibition of unfairness or injustice is only palliated and comforted by the one responsible for it to others it is a blot and always will remain so unless eradicated by his own efforts. A timely apology bespeaks strength, not weakness.

One big man or woman we never would expect to complain of a slight lack of attention from a railway employee; but the small one often does, and incidentally makes an ugly exhibition. Only recently the Spectator heard a pretty, a very pretty young woman, angrily say to a conductor, "I'll report you for this!" And she very slowly took his number and cast sundry angry glances at him. Public officials are sorely tested sometimes; their patience well tested. He may have been wrong, but so was she. Neither would we expect our big friends to take at its face value an ill report that might reach his or her ears and spread it in kind for acceptance by all who might come within radius of the evil news. He or she would want it off with a courteous smile and a word of discreet. And the ill-famed reports that get in print would be carefully dissected by that same big friend for a possible loop-hole whereby a good word might enter in refutation.

And the really big Winchesterite never will attempt to open scaled

pages in another's life, pages that charity and kindness permit to remain in the obscurity of forgetfulness. It is cruel to reach back to days that carry a blot, and that his friend never is guilty of the breach. His code of honor mounts too high for that, though he still has his faults often conspicuous ones. Nor will he refuse to rejoice at the success of another because it emphasizes his own failure, where each has tried alike. He is much too big, though he has his days when his evil genius seems uppermost, just as we all do. To aspire to this form of business, one does not have to be arrayed in shining armor, nor walk in the clouds apart from the rest of the world; but some of the nobler qualities must be brought into service—patience, courage, loving kindness and charity. Most of us never will be great and have learned not to expect it, but we may grow big with the fulness and ripeness that wait upon kindly performance.

Nothing is more interesting to men and women here in Winchester than other men and women, however, much they may pretend to be interested in histories and philosophies and other abstractions. This is why many Winchesterites have been discussing the case of William Tanner, the Chicago man who died with his wife when she caught her foot in the track in front of an approaching railroad train. In order to understand the situation it was not necessary to know Greek or Latin, or to be able to tell off-hand whether the philosopher preceded the executioner, or to know whether eschatology is akin to preatology. The problem that confronted Tanner arose out of the human relations which existed between the orderly study of language or science or history was dreamed of.

History and biography are frequently dull and uninteresting because the men who wrote them busy themselves with the externals, forgetting that the great men were first of all men of like passions with the rest of us. Confucius lives today as the maker of a system of philosophy. But we do not know anything about Confucius the man, whether he disliked to get up in the morning and whether he loved his children and had a pet cat. He is a mere abstraction. No one has taken the pains to write of the man to which he belonged as if it were composed of human beings.

The Chinese, to us in the West, are strange creatures, who, till a few years ago, wore their hair in a queue down their backs and ate rats. In the nineties of the last century, however, some one translated into English a volume of Chinese nursery rhymes, which did more than all that had been written previously to create the impression in the minds of those fortunate enough to read the book that the Chinese are akin to men and women on this side of the world. The father would speak of his little son as a peach blossom; he would refer with exquisite tenderness to the sleeping babe and reveal the delight which the prattle of children gave to him. After reading the volume a Winchesterite could stretch his arms across the ocean and clasp the hand of the Chinese and call him brother.

Fifty years from now men and women will be wondering what kind of a man Theodore Roosevelt was. The histories will be filled with his achievements, but they will be achievements of the statesman. But those who come after us will not be dependent on the formal histories for their knowledge of Roosevelt the man, for a collection of his letters to his children has just been published, which will preserve a picture of him that will make him understandable by the unlettered. If we had a collection of similar letters written by Caesar, for example, how much more alive the great Roman would be! All the most of us know about Alexander is that he wept because there were no more worlds to conquer. The Pharaohs are nothing but names, save to the Egyptologists, and is doubtful if even they know much about them save that they were so fond of cats that they had their pets mummified with them when they died. But the mummified cats bring us into closer human touch with the Pharaohs than all that has been written about them.

The Spectator.

BASEBALL

A Review of the Season of 1919

The baseball season of 1919 started May 9th, and we had continuous baseball until September 27, paying a schedule of 20 games and winning 10 of them. The opening game drew a large attendance, which then dropped off for a couple of games, but from June 17th until the close of the season, we had no complaint to make in the matter of attendance and support. Less than one-half of what has been usually contributed was sent in when we asked for subscriptions, but with all that it has been a success from the start.

Some of the former friends of the team in seasons past have sent in their checks, but this season several have doubted and two or three sent checks for five times their ordinary subscription, which goes to prove that this town is willing to go the limit, when they are sure of getting something for their money.

I have made many changes during the season, in my lineup, and stood ready at any time to act on any reasonable suggestion from the people who have so willingly backed me up. Of the present team I hope to keep about six of them, should the Park Board see fit to give me the field again for another season. During the year I have brought the best semi-pro teams that could be secured, every one of them with an established reputation in Greater Boston.

There is one thing I can safely say of the Winchester crowd, give them a good game, win or lose, and they are satisfied.

In conclusion I want to thank the Park Board for their hearty cooperation in every thing that I asked for. Mr. Davidson going so far as to act as Treasurer for all money received and paying for supplies, printing, etc. Also to Supt. McDonald and his assistant I want to offer a word of praise for the field was never kept in better condition than this season. In fact they put themselves to extra effort to keep the diamond in shape. Supt. Clarke also let us have the small roller when I asked for it, and another season, he said we could have it at least once a month to keep the diamond fast. Again thanking every one who helped me keep Winchester on the baseball map and hoping to renew friendship again next season, I will close.

WINCHESTER COMPANY SUES

The suit for alleged breach of contract in connection with the manufacture of adapters for 75-mm. French H. E. shells, brought recently in the Superior Court of Middlesex County by the Chapman Manufacturing Company of this town against the American Can Company of New York, was removed to the federal district court yesterday. The plaintiff alleges that it lost \$162,000 by the alleged failure of the defendant to carry out its part of contracts calling for the manufacture of 175,000 adapters.

The defendant is alleged to have directed the plaintiff to suspend certain material operations Dec. 17, 1918, and to have notified the plaintiff Dec. 23 that it would not accept or pay for any more adapters after Jan. 25. It is charged that the defendant refused to furnish the steel necessary for the completion of the contract.

The plaintiff claims to have delivered 316,800 adapters under the contract and 151,000 under the second, and has suffered a loss of \$162,000 by the failure of the defendant to complete its contract.

Paint Before Winter!

Soon there will be no foliage to screen the shabby house. And soon heating, rains, driving snows and freezing winds will search out cracks and crevices and every bare spot and start decay. Paint is indispensable in winter.

Insects are going; woodwork is thoroughly dry; the sun is no longer blistering but it is the best time of year to paint. If you intend to paint next spring, do it now and get the benefits of a protecting coat of paint through the winter months and when you paint, paint right. Pure Paint—pure White Lead and pure linseed oil—mixed to your order, tinted to please you and spread by experienced painters, is cheapest in the end.

TOURNAMENT STARTS

Calumet Series Opened Wednesday Evening

The 17 teams in the bowling tournament at the Calumet Club opened their schedule Wednesday night when six on the list rolled their first match. Two scores were very fair. Taylor, with 312 and a single of 127, was high and was followed closely by Berry with 297 on 115. Singles were made as follows: Fitts, 115; Gendron, 109; Corey, 106; Prator, 105; Davidson, 104; Emery, 103; Nason, 102; Olmsted, 101, and Ayer 100. Team G was the only organization to make a clean win, taking all four from A, B, P, C and G all split even at two points each. The scores:

Matches in the tournament Friday evening saw one team take four points and two take three each. K took all four from G, J three from H and A three from I. In the aggregate the scores were not so high as those rolled in the two previous evenings, although some individuals made good strings. Metcalf, with 313 and 117, led the field, closely followed by Hildreth with 312 and 110. Other good strings were as follows: Olmsted 111, Kinsley 105, Maddison and Putman 104, Comins and Barron 102, Parshley and Flanders 101 and Gendron 100.

DAILY PHILOSOPHY

The fewer creditors a man has the easier it is for him to look the world in the face.

A woman isn't satisfied if her husband's life is a checkbook—unless it is a checkbook.

A bad boy seldom gets his badness from his father, the old man generally holds on to all he has.

Some people are just like a whale; they blow a lot, but when some one throws a harpoon into them they are mostly blubber.

Many a man who is in a hurry is beaten by some man who isn't.

The centre residence of switch-tender McQuarty is very attractive with its new lace curtains.

The Winchester Board of Trade, under the able guidance of President C. Herbert Symmes, is growing and thriving. Its monthly meetings are proving a source of interest to Winchester merchants, even though its part in town affairs has been small this far during its existence. No doubt this fact is due to the efficient work of our Board of Selectmen. It is sometimes said that when the machine is not functioning properly everyone is ready to jump on the operator and offer advice, while if things are running properly no one takes any notice of the facts, but all to offer commendation; not that our Board of Trade should be mentioned in connection with the fact. But still, composed as it is of practically all of the business men of the centre, and considering that they all look upon it as their monthly meeting in expressing criticism, it will be admitted that they seem generally satisfied to say the least, and if they are satisfied it must be because the Selectmen who are furnishing the tranquility, for who ever heard of them escaping the blame for everything anyone is dissatisfied with.

Of the large number of medals left at the Star office for distribution to the men from the town who served their country in the recent war, but a comparatively few have been called for. Whether this is due to a sense of modesty or not, we do not know. Possibly it is, we have such a suspicion since going over the list. It has been decided now to send the medals remaining unclaimed for the men, and Selectmen Roland E. Simmons has this matter in charge. The medals struck off for the men who died in service are being handled personally by Chairman Kahler of the Selectmen to the next of kin. These medals each have a gold star which will make a token which will be doubly prized by parents or relatives.

Notwithstanding the criticism of the Cemetery Board, burials are still going on in Wildwood Cemetery. The Board, by the way, is composed of men who stand pretty well in Winchester, and with their close connection with their apparently have decided to hold to their appropriation. Town meeting will give all an opportunity to voice their opinion, cannot enjoy both a low tax rate and an overland appropriation.

APPRECIATION OF DR. ALLEN

The directors of the Visiting Nurse Association desire to record their feeling that, through Dr. Allen's resignation from the Board of Health and removal from town, the Association is losing an invaluable friend, one who has been unceasing in his generous help and has given of himself whenever a need arose. The Association has been in a position to know what Dr. Allen has accomplished through the Board of Health, and that through his efforts the control exercised by this department over all matters pertaining to the health of the community has resulted in a condition so satisfactory as to be almost unique among municipalities in this part of the country. It is with deep regret that the Association learned of his imminent departure. The secretary of the Association has been instructed by the Directors to express these sentiments to Dr. Allen in person.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. Halsey E. Abbey of 75 Elm street, Malden announce the engagement of their daughter, Ruth Crawford Linsley, to the son of the Winchester, formerly of Malden. He is the son of Mrs. Carrie C. (Alexander) Goldthwait of 15 Edgemoor street, Winchester, and the daughter of Charles R. Goldthwait. Miss Abbey was graduated last June from Miss McIntosh's School in Boston, and was attending for college at Noble & Greenough's, where she was graduated with the class of 1917, is a Harvard man, class of 1917.

HAS THE MACHINE GUN CO. BEEN OVERLOOKED?

Oct. 9, 1919.

Editor of the Star—
Evidently the appeal published in last week's paper for funds to supply the members of the Winchester Machine Gun Co. with the smaller comforts of life, has been overlooked by your readers.

The returns from the citizens of the town have not been what we anticipated and we feel that this is a situation that deserves their consideration. It is hardly fair to expect the members of the Winchester Machine Gun Co. Association to provide all of this fund. The Association members did their duty while members of the company, and they fully realize how important it is for the comfort and morale of the members of the company to have some little attention shown them by the people of the town which they represent.

The fund that is being raised in Boston is not available for this purpose. The officers and men of the Winchester Company are performing their duty at quite a sacrifice, financially and otherwise.

It would appear that our townspeople should indicate through a subscription to this fund of ours that they have an interest in the Winchester men now on duty in Boston. Checks to be sent to H. W. Hight, treasurer, Old Colony Trust Company, Temple place, Boston, Mass.

H. A. Norton, President.

SCHOOL NOTES

The public school enrollment for the first month shows a net increase of forty-four pupils over the attendance of the first month last year. The enrollment for September, 1918, and for September, 1919, is as follows:—

	1918	1919
High School	306	319
Wendell School	135	142
Chapin School	206	212
Goff School	110	116
Hobland School	10	29
Raymond School	121	132
Washington School	129	135
Wyman School	142	149

The increased enrollment at the Mystic and Wyman schools has necessitated the transfer to the Gifford school of about twenty children transported by the large from the outlying districts.

Mr. Marie Johnston of Millington, Mass., has been appointed to teach French in the high school. Miss Johnston is a graduate of Randolph College, 1914. She has taught French for three years at the Keene, N. H. High School and for the past two years in the Panahan School, Honolulu.

Beginning Tuesday, October 11, 1919, a change will be made in the Selectmen who are furnishing the tranquility, for who ever heard of them escaping the blame for everything anyone is dissatisfied with.

STORY HOUR AT THE CHAPIN SCHOOL

The story hour this week will be held at the Chapin School on Saturday, October 11, at 3 o'clock.

Last Saturday Mrs. Powers was unable to come and sent Mr. Cronan, who pleased the boys and girls so much that they pressed around him to take the place. The children, to bring all their classmates and friends next time. It is hoped that these children, most of whom were from the Wyman and Prince schools, will attend the story telling at the Chapin School next Saturday, when Mrs. Powers herself will be present. She won many friends and admirers among the young people last summer at Manchester Field.

The story hour under the auspices of the Education Committee of the Fortnightly, which cordially invites boys and girls between eight and twelve, for the Memorial Day observance in the vestibule of the church to commemorate the part which the parishioners of St. Mary's took in the recent war.

Two hundred and fifty-seven members of St. Mary's went forth at the armistice, of these, ten will never return for they have made the supreme sacrifice—their young lives were a part of that great toll exacted by the Great Enemy.

So it seems eminently fitting that to these martyrs, and to those others who have been called on to pay the sacrifice, a fitting memorial should have been erected. The general chairman, Mr. James J. Fitzgerald, reports that all signs point to a banner party on the evening of the holidays.

The following names will comprise the concert program:

George Emery, musical director; this year, a quartet, an a cappella singing and talking duo; Harry James, novelty musical artist; Miss Josephine Graham, singing; committee of ladies, novelty; Arthur Corbett, monologist; Messrs. Kelly and Mary, novelty duetists.

About twenty-eight years ago I interviewed a prosperous young man who said very firmly he would not consider life insurance. He did not consider it until three years ago, when he telephoned me making an appointment. Entering my office with a grin he said, "You never expected me to come to you to buy life insurance did you?" I answered "no."

His lawyer told him, "He could accomplish certain results better with present day life insurance contracts than in any other way."

Good lawyer that!

He took the insurance.

He found so much satisfaction from his first experience that he called again last week and took more insurance.

I mailed his policies yesterday.

Fortunate is the man who learns by the experience of others.

- Oct. 12, "Socialism."
- Oct. 19, "Equal Suffrage."
- Oct. 26, "Temperance Reform."
- Nov. 2, "Musical Vesper Service."
- Nov. 9, "The Liberal Sunday."
- Nov. 16, "New Thought."
- Nov. 23, "Church Unity."
- Nov. 30, "The League of Nations."

CANVASS FOR RED CROSS

A nation-wide canvass for renewal of membership in the Red Cross, is to be conducted from Nov. 2 to 11th.

Last year the Winchester committee obtained 3,800 members.

There should be an even larger enrollment than the above figure in this town.

The quality of our citizenship is such as to warrant a full appreciation of the value and importance of this, the only world-wide agency for the relief of suffering.

To become a member and supporter of this work costs \$1.00 per year.

So lay aside the dollar now and it will be called for between Nov. 2 and 11th. The invitation is extended to every man, woman and child in Winchester.

SPECIAL AID

The following extract is taken from a letter received from Mrs. Wendell, president, of the Massachusetts Branch of Special Aid.

We greatly appreciate the co-operation and interest taken by each and every Branch, and consider them valuable assets, and we know that in many cities and towns they are counted as such in the community. We want to express our sincere thanks for the valuable assistance rendered to the Society as a whole, and ask that no Branch dissolve, but carry on and await instructions from headquarters in the fall as to what the general policy of the Society will be another year.

At the executive meeting yesterday it was voted to renew the lease of Wendell House when it expires on September 1st for another year, and at the same time to have headquarters there from 377 Boylston street, so as to concentrate our work in one centre.

The annual meeting will be held in the small Town Hall on Wednesday, October 22, at 3 p. m.

A good attendance is desired as it is important that we should have some definite opinion from this branch in regard to work for the future, to report at the November meeting of the State Branch.

It is interesting to know that the hospitality of the Wendell House has been extended to the State Guard, who are now policing the city of Boston.

SELECTMEN'S MEETING

Continued from Page 1

son court was laid over pending further investigation by the Board. Sidewalks 1919 (Granolithic) Church Street: A petition was received from Dr. George N. P. Mould for a granolithic sidewalk in front of his property at 27 Church street.

Arlington Gas Light Co. (Gas Main): A petition was received from the Arlington Gas Light Co. for permission to extend its existing main on North Main street, Winchester to a point near Cross street, Winchester at the Woburn line and also asking permission to extend its gas main on Hemingway street. A report was received from the Superintendent of Streets in regard to this matter. The Board voted to grant the Arlington Gas Light Co. the permission to extend its main on North Main street until its next meeting.

Licenses 1919 Garages: A petition was received from Irving L. and C. H. Smith asking permission to erect and maintain a garage and repair shop on the lot of land at 74 Main street. Enclosed with this petition was a plan showing the location of the proposed building. The Board voted to hold a hearing in regard to this matter on October 22, 1919, in the Selectmen's Room at 8 o'clock p. m.

The meeting adjourned at 10:35 p. m.

WINCHESTER ALLEY NEWS

Another big week at the Winchester alleys, Saturday was a continuous round of bowling from 11 a. m. until 11 p. m. The boys are still shy in the high scores, although there are any number of those who roll well over the hundred mark.

Dutton, Winchester star bowler, came in the other evening and rolled 10 strings, averaging 107. 4-10 pins per string, which is some bowling, taking candle pins into consideration. You have got to be an expert to knock down candle pins, and have got to hit them fair to get them to fall.

The following scores since last Thursday have been made:

First prize: Thursday, King, 123; Friday, W. McKee, 128; Saturday, Pollock, 131; Monday, Pollock, 119; Tuesday, Pollock, 124.

Second prize: Thursday, Dutton, 122; Friday, W. Johnston, 122; Saturday, Kelly, 124; Monday, J. Rogers, 117; Tuesday, McDuffield, 111.

NOTES

It is hardly cool enough yet for good bowling but they still manage to hit a few.

I will reserve two alleys every Tuesday and Friday afterwards for ladies. These alleys will be entirely for the use of ladies, from 2-30 until 5 p. m. Later in the year when the season opens nights will reserve for ladies and their escort.

It is going to be a big season for bowling and I am surprised at the volume of business at so early a date. A lady who has taken three prizes already this week, is considered by the other fellows a lucky bowler, but he manages to get there.

George Gonnin is another good bowler and has been on the prize list a dozen times only to have some one come along and beat him by a pin or two.

Trainer has not been going as good as last season, but will soon hit his stride.

"Rouse" is another one who has only taken one prize but he still rolls round the 100 mark.

Every Saturday during the balance of the season the two prizes will be \$1.00 each on that day, so every one will have an equal chance at it. Whittier's shop is getting ready to start a team of two. So is the Laundry, and Beggs & Cobb will play some of their games here.

Several of the Fraternal organizations are seeking dates on the alleys during the winter. I would suggest an early application, as I said before it is going to be some season.

For that matter any one who wants to bowl is sure to find his friends at the Winchester alleys.

If you want to learn to bowl come in and there will be an alley at your service where you can roll without interference.

HALEY-FOLEN

The marriage occurred on Sunday evening at St. Charles rectory, Woburn, of Miss Margaret Agnes Folen, of Woburn and Mr. Henry T. Haley of this town. Rev. John P. Gorham performed the ceremony, the double ring service being used. Miss Mary E. Folan was bridesmaid and Mr. John F. Macgure was best man. The bride wore blue georgette crepe and carried blue roses, and the bridesmaid wore blue silk and carried pink roses. A reception followed the ceremony and the young couple left on a trip through the Berkshires and White Mountains. Mr. Haley is in the employ of the Bay State Street Railway and is a conductor. They will reside on Main street in this town.

EVENING SCHOOLS

Evening schools will open at the Chapin and High School buildings on Monday evening, October 20, 1919. At the High School instruction will be offered in typewriting, stenography, bookkeeping and commercial arithmetic. If there is a demand by a sufficient number of pupils for other subjects such as English, French or Spanish, classes will be formed. Sessions will be held Monday, Tuesday and Thursday evenings from 7 to 9.

At the Chapin school classes will be conducted in the speaking and writing of English, and it is hoped also that a class may be formed for those wishing to become citizens. The attention of employers is called to the requirement of the law that all illiterate minors must regularly attend evening schools. Information regarding classes may be secured at the office of the Superintendent of Schools in the Prince building; telephone Winchester 107.

DAILY PHILOSOPHY

This world is willing to tolerate a lazy man who has money.

One-half the world doesn't let his better half know how he lives.

By their fruits ye shall know them. This applies to family trees.

If a man never changes his mind, he is either very right or very stubborn.

Take a good look at the ladder of fame before attempting to climb it.

This is said to be an age of haste. If so, some of us continue to use the mails and telephone, as well as slow up all right.

The last opportunity to register before election will be next week. The place is the town hall and the dates are Wednesday, the 22d, Thursday, the 23d and Saturday, the 25th. A poll tax bill or naturalization papers are required and one year's residence in the State and six months in this town are necessary. Every resident who is eligible and who has not yet registered owes it to the town in which he makes his home to have his name on the list and cast his vote. Only by intelligent and thoughtful participation in public affairs can the Nation, the State and your Town be run on a clean, business basis.

The medals struck off by the Town of Winchester in honor of its sons and daughters in the service have been distributed so far as has been possible to those for whom they were made. They have been taken from the STAR office and placed in the hands of the Assistant Town Clerk, Miss Mabel Stinson, at the town hall, where any man who has not yet received his medal may do so. It is to be regretted that all the medals have not been taken, for the token is well prized by anyone who has received it. The phrase came to mind in connection with our Highland school lot, where nobody knows who the owner is. The department that is for us all know that the Town in the collective term owns the land. We view the incident of "passing the buck" as an amusement in the instance when we recall past efforts to clean up the lot, but it is laughable to learn that after the "buck" has been passed, it has remained for the Highway Department to take its share, after the Prince school and remove a half dozen old stumps which have adorned the lawn for several years.

NEWS PARAGRAPHS

The riders of Harry Good's stable will enjoy another paper chase on Sunday afternoon, starting at the entrance of the Falls at 2:30.

Mr. Jones A. Laraway, trustee, has applied to the Selectmen for a license to use the store room on Park street owned by him for an automobile repair shop. A hearing on the petition is to be held on Nov. 24.

The first ladies' afternoon of this season will be held at the Cabnet Club next Friday, when an auction bridge party will open at 2:30. This will be the first of a regular program of afternoons for the ladies to be held through the winter at the club.

Our annual friend, Edward T. Wulff, manager of the Winchester Garage, has been more popular than ever before. If such a state is possible, he has returned from his annual trip with a lot of prime deer meat. Needless to say Mr. Wulff's friends are being remembered so far as is possible.

Capt. and Mrs. George F. Adams of Quantico, Va., who have been in Winchester during the past week to attend the wedding of their daughter, Miss Edith Adams, return to Virginia Monday. They came and will return in their auto, and during the past few days have been touring in New Hampshire.

The Winchester fire department was called upon for aid by the City of Woburn last night when the big Robinson tannery was burned. Winchester sent its pump to Woburn, box 451 being run in at 10:27. The apparatus was left until 12:30. The fire is said to have been caused by lightning during the heavy shower, and the damage is estimated at \$50,000.

GOD'S BLUE

(Suggested by the remark, "Away with the Sunday blue laws.")

God's favorite color is the blue. In earth and sea and sky above: We came into the world in blue. And read his messages of love.

He smiles upon old ocean's face, And from his heart waves forth the blue. The choicest gems which man can trace Are to this Heavenly color true.

The violet, blue, is hid away, Among the flowers it has no peer— As tho, in secret, angels say: "God's richest color is found here."

When freedom chose its emblem true, Its thirteen stripes were red and white; But next the stars in God's own blue, Which stands for loyalty and right.

When Civil War her banner waved, And North and South met face to face, The "boys in blue," the union saved, And Slavery's bonds fell from a race.

Call not the "blue laws" out of date, Nor the "ten words" of Moses, scorn; In their strong grip is held the fate Of peoples living and unborn.

Without same law and wise control, A nation's years are sad and few. A name, a form without a soul, Are red and white without the blue.

BERMUDA HELPED TO START WHAT LAFAYETTE HELPED TO FINISH

"The Bermuda Islands suggest the adventures of Robinson Crusoe in their colonization and present in their later chronology a curious parallel to United States history, with the events consistently predated by a number of years."

With this statement the National Geographic Society prefaces a bulletin on the Bermudas, a principal group of the British West Indies, which some Englishmen suggest should be ceded to the United States in part payment of the American war loans to Great Britain.

"The Robinson Crusoe comparison abrades because the island was discovered and later settled as the direct result of shipwrecks; and the settlers had to build themselves a bark to set sail again," the bulletin continues.

"As for the anticipation of American history, on a miniature scale, it may be noted that the colonization took place seven years before the Pilgrims landed at Plymouth, Mass., that witches were burned, Quakers were persecuted, and miscreants were ducked, before similar occurrences were recorded in New England; and that slavery was abolished in 1834. The Bermudians protested long before 1776 against the Mother Country's rule, until the island prisons were over full, but relief came, in their case, not through a declaration of freedom, but by the accession of Cromwell."

"But the essential point of contact of the American with the Bermudian arises from the all but forgotten fact that while immortal Lafayette gallantly helped the colonies conclude their war of independence, the Bermudians supplied the ammunition to begin it.

"So acute was the need for powder in 1775 that George Washington wrote to the governor of Rhode Island that 'no quantity, however small, is beneath notice.' Learning that there was a store in Bermuda, and that the islanders were anxious to have the embargo lifted upon shipment of food supplies from the colonies, Washington addressed a letter to the people of the island, who had shown themselves sympathetic with the American revolutionists, promising them ample supply of provisions and every other mark of affection and friendship which the grateful citizens of a free country can bestow on its brethren and benefactors if they would make this ammunition available for the Continental army."

"It so happened that the powder had been procured before the letter was livered and with it the Continental army compelled the British to evacuate Bermuda."

"Not only the sale of the powder, but the fact that Bermuda allowed the colonies to have salt, so incensed the governor of Bermuda that he upbraided the citizens for treason and feeling ran so high that he was removed. His successor was a native of Salem, Mass., whose loyalty to the Mother Country was such that he gave up large estates in the colonies rather than join the revolutionists. He was connected, both by blood and by marriage, with the Winthrop family. Under his rule the island's full allegiance to England was restored."

"Browne was succeeded by Henry Hamilton, during whose administration the town of Hamilton was founded and named for him. This town today is the seat of the island government. It did not become the capital of the islands until the time of Sir James Locombe, lord chief justice of England, and before that one of its most famous lawyers, Cock-

burn, nearly three quarters of a century ago, made the plea of insanity which saved the life of Daniel M. Naughten, who shot Sir Robert Pell's secretary. He also figured in the famous case, a year before the gaming act was passed in 1844, in which it was charged that a Derby winner, Running Rein, really was a 4-year old, though she had been entered as a 3-year old."

"Hamilton is on Main Island, or Bermuda, while St. George, the former capital, is on the island of the same name. There are more than 300 small islands in the Bermudas group, of which only a score are inhabited. The total population of the islands in 1916 was little over 20,000, of whom about one-third were white. Bermuda suffered during the war, by the cessation of the American tourist patronage which had doubled the entire island population in preceding seasons."

"The Bermudas attracted visitors because of their mild climate, which knew no frosts, and by their scenic beauty. The evergreen islands are clustered with exotic plants of numerous variety, their roadways are bejeweled and scented with sweet-smelling flowers, their shores are penetrated by crystalline coral pools, and the waters about are noted for their ever changing and vivid color."

"The islands lie off the coast of North Carolina about as far as Cleveland is from New York, and at about the same latitude as Charleston, Fort Worth and San Diego. They are 67 miles from New York. Their exports, before the war, principally onions, potatoes, lily bulbs, tomatoes and cut flowers, practically all went to that port."

"Juan Bermudez, sailing from Spain to Cuba in 1515, with a cargo of hogs, discovered the islands when a storm blew him to their shores. Apparently he left some of the hogs there, for later visitors found the animals on the island. From him the islands were named and thus originated the "blue money" coins stamped with a hog on one side and a ship on the other, which still are preserved in various collections."

"The islands were settled through the efforts of Sir George Somers, who became impressed with their fertility and beauty during a sojourn enforced by the wrecking of the ship which was carrying him to Virginia."

HIS FOES ARE MANY

Albert Sidney Burleson, Postmaster General of the United States now famous as the man whose experiments in Government ownership and operation of public utilities is said to be responsible for the growing sentiment against that policy. He is the object of more attacks than any man in the Administration. Union labor, publishers, wire operators and employees and members of his own party are fighting his retention in the Cabinet.

Over-worked Word.

It has been estimated by a reliable statistician that the printed letters forming the word "overworked" were clipped from the magazines, all the times that they occur therein during any six months of the year, and placed in a bag, they would reach three times the distance from the earth to the moon.

How pleasant it is to meet those who appreciate some service!

Last year I met a lady who expressed her gratitude very earnestly for the placing, and the payment, of her husband's life insurance, though it was a comparatively small amount.

He died suddenly, and about the same time her aunt died, leaving her several houses which needed badly to be repaired.

The life insurance paid for the necessary repairs on the property which now yields her a fair income.

Life Insurance is a "friend in need."

Seek its protecting friendship while you can.

AN AUTUMN DAY

Fly Fishing at Spruce Pond, Lexington, Maine

Mr. W. L. Whitten, a successful farmer and lumberman of New Portland, Me., recently visited his brothers-in-law, Wm. Lewis Parsons of Winchester, Mass., assistant counsel for the Boston & Albany railroad, who was in Maine for his annual vacation, and Wm. P. Watson, of Kingfield, printer and town clerk, for a day's fishing, and thereby hangs a tale.

Saturday, September 20, was the day decided upon, and although the weather was unpropitious for a trip, lowery and somewhat rainy, the party arose at an early hour, and having breakfasted at the farm, were ready for a start at a little before seven. An auto drive of an hour and a hard climb up the mountain side for another hour brought the party to their destination, a beautiful pond in Somerset County, where boats were obtained and fly-fishing commenced.

For several hours all was quiet and serene, a number of one-half pound and pound-and-a-half trout being taken. Messrs. Whitten and Parsons were in one boat and Mr. Watson in another. Then Mr. Parsons broke the quiet and peace of the scene by catching two square-tailed trout at one cast, one weighing three pounds, 18 3/4 inches in length, and the smallest a good half-pound. Now, Mr. Parsons had no record to sustain as a fisherman—as did Whitten and Watson—and with these two beauties to his credit it was up to the others to show what they could do.

While Messrs. Whitten and Parsons went ashore to recover their equilibrium and boil the coffee for lunch, Mr. Watson circled around the cove and in a few minutes had hooked a large trout which he succeeded in landing safely and found weighed three-and-a-half pounds and measured 20 inches. In the meantime the other two men were called to lunch and Mr. Watson joined the party.

After dinner they returned to the boat and soon commenced in earnest. Mr. Whitten next landed a two-and-a-half pound speckled beauty, then came Mr. Watson with a two-pounder and Mr. Parsons soon secured another three-pound trout, a mate to the one he had previously landed. After this the catch was confined to one two-pound and several pound-and-one-half trout, and at 5 o'clock when they left the pond, their entire catch numbered twenty-three handsome square-tailed trout weighing twenty-five and one-fourth pounds all taken on a fly. Four of the largest ones weighed 12 pounds.

Arriving at the farm where their families were waiting them (and the pleasure of exhibiting the catch. When all had assembled with much mystery, Mr. Parsons draped in pairs a long table and sprang on one corner six or eight smallest fish which they had brought on a stringer, saying the rest

of the space was left for the "Big Fish," which he whispered to one of the party was a stuffed one, only to be seen for an instant. Mr. Whitten then took operations into his hands and brought in the large knapsack, and the picture, fit for a movie reel, commenced. He lifted out a one-and-a-half pound trout saying "Where is the big one?" quickly followed by another equally large with the same remark and gradually working up to the climax of the three-and-a-half pound exhibit, while the two spectators stood speechless and amazed.

Mr. W. P. Watson took to Kingfield late that night seven or eight of the large ones and the exhibit was viewed by a number of the neighbors, who exclaimed at the never to be forgotten sight. Flash light pictures were taken of the group and a drawing made of the four largest.

A fitting culmination of the day's sport was a beautiful family dinner Sunday noon at A. S. Parsons' at which trout chowder and baked trout were served.

CHANDLER M. WOOD

Although Chandler M. Wood, a Winchester Democrat, is not president of one trust company, a director in others, and a director of other offices in various business and financial institutions, it was not a comparatively few years ago when he worked his way through college. He has come up the ladder, step by step, through his own ability, and is a self-made man in every sense of the word. He is now being supported for State Treasurer, an office for which he is admirably qualified, by leading Republicans all over the State as well as Democrats. Republicans everywhere are disgusted with the Barrell accident in the primaries. His campaign committees include the names of many Republicans and Democrats of prominence, and it is said that no candidate for office in this State in recent years has had the backing of so many substantial men in both parties.

Chandler M. Wood was born Oct. 5, 1881, and has, therefore, just passed his 38th birthday. He was graduated from Tufts College in the Class of 1903, and from Boston University Law School in 1906. He has been Professor of Law at Boston University since 1912. He is President of the Metropolitan Trust Company of Boston, Director of the Commercial National Bank of Washington, Director of the Commercial Trust Company of New York, Trustee of Tufts College, President of the Chandler School for Women, and director of other offices in many business and financial companies.

He is modest, very democratic, and a man who makes friends and keeps them. He enjoys the highest reputation for character, financial ability and business judgment and integrity, and both by training and experience, is thoroughly equipped to perform the duties of the office of Treasurer of the Commonwealth.

MICHAEL H. NAGLE

Michael Henry Nagle, for 25 years a member of the Winchester Fire Department, died at his home on Westley street last Friday night after a long illness. His death was due to a stomach trouble from which he had suffered for many months. His last sickness covered a period of four weeks.

Mr. Nagle was 18 years old. He was born in Boston, his parents being William and Ella (O'Connor) Nagle. He had made his home in this town for many years, first joining the fire department as a call man 25 years ago, and later driving the old Hose 3 on Skanton street. He drove Hose 3 for 12 years, going to the centre house about driving the old Hose 3 on Skanton street.

He married Miss Julia Callahan of this town, who survives him, together with two little daughters, Mary Ellen, who is in Philadelphia, and Margaret Elizabeth. He was a member of the Firemen's Relief Association.

Mass was celebrated at St. Mary's Church on Monday morning at 9 o'clock by Rev. Francis E. Rogers, and during the service the flags on the public buildings were placed at half-mast and the fire whistle and bells tolled. The pall bearers were all fellow firemen and included Messrs. Arthur R. Lord, Daniel E. O'Leary, Ernest Fitzgerald, Edward Callahan, Ernest G. Beaton, Frank Duffee, John Richardson and George Osborne.

There were many beautiful floral tributes, including flowers from members of the Woburn Fire Department and various local departments and organizations. A delegation from the Woburn department attended the services, including Fire Chief Frank Tracey. The burial was in Calvary cemetery, Montvale.

Will thoroughly renovate and clean estates and homes inside and out. Linoleum thoroughly cleaned and polished, painting and general house cleaning and repairs attended to by expert. Reliable best of references. Tel. 1126-W. Winchester.

MEMBERSHIP ROLL CALL REE CROSS
Nov. 2nd to 11th

ANNUAL MEETING OF SPECIAL AID SOCIETY

The annual meeting of the S. A. Society was held on Wednesday, Oct. 23rd, at the small Town Hall.

The following reports were made: Treasurer's report.

Balance on hand Nov. 1, 1918 \$124.41. Collected through the year \$107.42. Balance on hand Oct. 15, 1919 \$171.42. The knitting committee under Mrs. Geo. Noley and Mrs. Crafts reported a total of 11 articles sent out.

The Public Committee, Mrs. Sylvester Taylor, Chairman, donated 95 subscriptions and an average of \$1.00 each. This was used for work done to support the Winchester road to the World House.

The Membership Committee, Mrs. Thompson, Chairman, reported 1 year 20 names new on the list.

The Work Committee, Mrs. Geo. Noley, Chairman, reported 105 articles sent out and sent out 40 garments completed, which will be sent to the American Committee for Disabled France.

The Rag Committee, Miss Grace Chairman, has sent out 1711 rags, most of them to the hostels in this country since the close of the war.

The Kett Committee, Mrs. Williams, Chairman, reports that 326 kettles have been sent out since the beginning of the work, also that under direction of this committee over \$50 has been collected toward re-chickening France.

One of the interests of this branch of S. A. has been the furnishing and upkeep of the Winchester Room in the Weddall House on Mt. Vernon St., Boston. This house is under management of the S. A. Society for use of Demobilized Soldiers and Sailors. It has been used by the State Guard during the police trouble. It was used to continue our support of this work.

The following officers were chosen: Chairman, Mrs. F. L. Dunning; 1st Vice Chairman, Mrs. F. L. Dunning; 2nd Vice Chairman, Mrs. N. Nichols; Secretary, Mrs. F. W. Cole; Corresponding Secretary, Mrs. E. D. D. Thompson; Miss Elizabeth Downs; Chairman of Committees, Mrs. Geo. Noley, Mrs. Charles Wood, Mrs. W. L. Cummings, Mrs. Crafts, Mrs. Moffette, Mrs. Leslie Rod, Mrs. Sylvester Taylor, Mrs. Stillman Williams and Mrs. R. D. A. Thompson.

At the close of the meeting Mrs. Allen Chamberlain gave a very interesting talk upon Americanization, including many incidents of her own experience, among the foreign population in large cities. It was voted to contribute \$10 toward the support of a Syrian girl whom Mrs. Chamberlain is sending through college.

CARD OF THANKS

We wish to express our sincere thanks to our many friends and neighbors, to members of the Winchester Fire Department and to members of the Woburn Fire Department, for their kind deeds and displays of sympathy during our recent bereavement; and also for the many beautiful floral tributes.

PAINT NOW! PAINT RIGHT!

"Save the surface and you save all."

Sun and rain and wind can raise havoc with poor paint or varnish on exposed surfaces.

So does constant wear on the surfaces of things indoors.

But the right paints and varnishes do withstand these ravages if properly applied—paints that will keep the surface intact under all conditions.

A master painter knows good paint and varnish and how to apply them. It is a business in itself, like everything else.

May I estimate on your work.

Willard STORAGE BATTERIES

What Keeps a Battery Young

To be reliable, a storage battery must have well made plates.

Battery solution must be proper strength and required purity.

Battery jars must be mechanically strong and must allow no leakage of current or battery solution.

But it's the insulation between the plates that keeps that battery full of life and adds months to its term of useful service.

Drop in and ask us to tell you about Threaded Rubber Insulation, and some of the records it has made in keeping batteries on the job far beyond what used to be the battery age limit.

Democratic Nominee for State Treasurer Convinced That Public Officials Have No Right to Shandon Their Pockets of Duty—His Qualifications for Office

There is no man in the Commonwealth who is more qualified for the position of Treasurer than the Democratic nominee, Mr. James McLaughlin. He is a man of high character, of high ability, and of high integrity. He is a man who is not only qualified for the position, but who is also qualified to perform the duties of the office.

The office of treasurer is a most responsible one. He is the keeper of the State's money, and he is responsible for the proper use of it. He is also responsible for the collection of the State's taxes, and for the payment of the State's debts.

There is no man in the Commonwealth who is more qualified for the position of Treasurer than the Democratic nominee, Mr. James McLaughlin. He is a man of high character, of high ability, and of high integrity. He is a man who is not only qualified for the position, but who is also qualified to perform the duties of the office.

MUSICAL ENTERTAINMENT FUND FOR PROGRESS CLUB

The Welsh are a singing nation and their choruses are famous the world over. One of the best of these organizations, The Mountain Ash Male Chorus, is to be heard in Winchester at the entertainment to be given by the Progress Club of the First Congregational Church on Nov. 20 at 8 P. M. A crowd is expected that will fill the capacity of the Town Hall. Tickets on sale at Star office after Nov. 14.

Schools close today. The teachers are attending the meeting of the Middlesex County Teachers Association at Tremont Temple.

RED CROSS

The annual meeting of the Winchester Branch of the Red Cross was held Tuesday evening, in the High School Assembly Hall with Mr. Pond presiding. The Secretary, Miss Sweet, gave a very clear, concise report of the seven months work, telling what had been done in the different departments, and drove, also of what is ahead for the future work. Miss Lyons gave the Home Service report, which showed the splendid work that committee has done.

The Treasurer's report gave a balance of \$4.00 on hand to start the new year. The Vice Chairman, Mrs. Palmer, spoke of the difficulty in getting the women to go to the room to sew, and recommended that the room be closed as soon as the Branch voted to do.

Mrs. Metcalf gave the report of the nominating committee, and the following officers were elected for the coming year: Chairman, Mrs. Preston Pond; Vice Chairman, Mrs. William I. Palmer; Secretary, Miss Edith Sweet; Treasurer, Mr. William Broad.

Mr. Pond then spoke of the membership drive which begins next Monday, and asked for the help of the women in reaching out to new members. Mr. Charles Eaton spoke for the Winchester Legion of Honor and its support of the drive, and said the men were ready to help in any way they could to make it a success.

After the business, Mr. Howard gave a most interesting talk on his impressions of the various war relief organizations in France as he saw them at work. He spoke most enthusiastically of the Red Cross and all it did for the men in many different ways.

For the present the Red Cross room will be open on Mondays only from 9:30 to 4 o'clock.

Beginning Monday, November 3, all communications for the Board of Health, should be addressed to the office in the Town Hall. Clerk will be on duty for office hours all day. Tel. Win. 1104-W.

DAILY PHILOSOPHY

People who blame others are likely to praise themselves.

Where there is a will there is usually a lot of lawyers in the way.

Always put off until tomorrow the revenge you could accomplish today.

If a woman admits that she sures you can safely believe anything she says.

If some people would make it a rule to pay as they go, they would never get very far from home.

Winchester loses another good citizen today, but what is our loss will undoubtedly be another's gain. Rev. Henry E. Hodge takes with him the best wishes and good will of everyone.

Winchester has always been a strong Republican town. It will cast a strong Republican vote Tuesday, but if any voter, knowing this, fails to attend the polls and express his opinion in the present political situation, he will deserve anything that may be coming to him. Let this town and its giving Calvin Coolidge the largest vote ever polled a Massachusetts Governor.

There is a double reason for giving to the senator from this district a big vote at the polls on Tuesday: first, because he will again bring to the district the honor of serving as president of the senate, a position which he has filled in an able manner the past year, and second, because his work on Beacon Hill has met with such universal commendation in all parts of Massachusetts that further advancement for him at the hands of the voters appears probably beyond doubt.

People of the Commonwealth have felt no fear in the conduct of such fearless calibre as President McKnight, Lieutenant Governor Cox and Governor Coolidge.

Senator McKnight has been a leader in temperance legislation from the time of his first service at the State House, fighting for measures in behalf of temperance and against all bills which would give the liquor interests an entree wedge.

He has been the strongest friend of veterans of the World War on Beacon Hill, introducing and supporting measures in their behalf. The Veteran's Preference Act, so long delayed, was fathered by him and the recently filed Homestead Act providing farms and homestead sites for the veterans, is one of his most recent acts in their favor.

Naturally his interests have been with working men for President McKnight himself is a working man of tireless energy. He worked for his education, earning his own way through the public schools and college. He has helped the others earn an education by presenting scholarships of \$200 in each city and town in the education by presenting scholarships to returned service men at the Fisher business college. In business his work has been to make those institutions with which he is connected of greater value to the working people. In matters affecting labor legislation his efforts have been directed in behalf of the working men and women of the Commonwealth.

ELDRIDGE-BARNES

A very beautiful wedding was celebrated at Trinity Church on the green, New Haven, Conn., at seven o'clock on Wednesday evening, when Miss Gertrude L. Barnes, daughter of Mr. and Mrs. Charles H. Barnes of West Haven, Conn., and Mr. Kenneth Eldridge of Winchester, were united in marriage.

The church was attractively decorated with crysanthemums and palms.

The bride, who was given in marriage by her father, wore a gown of white satin with pearl trimmings and court train, her tulle veil falling from a coronet of rose point lace. She carried a shower bouquet of white roses and swansons. Miss Elida M. Barnes, the bride's sister, as Maid of Honor, wore a gown of white crepe de chene with silver trimmings and black velvet picture hat. Her bouquet was of lavender caryanthemums.

The bridesmaids were Miss Adelaide Bates of Salem, the groom's cousin, and Miss Adelaide Mansfield, the bride's cousin. They wore gowns of pink crepe de chene with charmingly lace trimmings and black picture hats. They carried pink caryanthemums.

Mr. Eldridge had for best man, his brother, Mr. Bevil Eldridge, and as ushers, two brothers, Mr. Donald Eldridge, Mr. Stewart Eldridge and Mr. William E. Mansfield of Winchester, and Mr. Lloyd B. Stephens of Mamaroneck, N. Y.

The bride's gift to her maid of honor was a white gown, and to her bridesmaids gold friendship circles.

Mr. Eldridge presented to the bride a gold wrist watch and to his ushers gold cuff links.

A small reception was held at the home for immediate friends and relatives, after which Mr. and Mrs. Eldridge left for a short wedding trip. They will make their home in Baltimore, Maryland.

CALLAHAN-DURAN

A marriage of considerable interest took place Sunday evening when Miss Mae Duran, daughter of Mr. and Mrs. Joseph Duran of 13 Middlesex street, was united in marriage at St. Frederick's, Rev. Callahan, son of Mrs. Sarah Callahan of Harrison avenue, Woburn. The ceremony was performed at 7 o'clock. The bride was attended by Miss Sarah Duran, her sister, and the groom by his brother, Mr. Daniel Callahan.

Following the ceremony, a reception was held at the home of the bride's parents to the immediate families, after which Mr. and Mrs. Callahan left on an extended wedding trip, in which they will tour the New England States. Both young people are very well known in Woburn and Winchester, and have hosts of friends in both places.

NEW RESTAURANT MANAGER ENTERAINS WINCHESTER DEPART.

On the 28th evening, October 28, Mr. J. A. Barrett, the new manager of the Winchester Restaurant at 130 Main Street, gave a complimentary dinner to the heads of all the town departments, Thomas H. Barrett, the popular Real Estate man, who was responsible for the affair, acted as master of ceremonies. An elaborate chicken dinner with all the trimmings was served and polite from the way the guests disappeared. Mr. Barrett had also served a big list with his guests. A merry evening was spent over the coffee and cake before departing. The party gave a rising vote of thanks to both Mr. Barrett and Mr. Barrett for a most enjoyable evening.

Following the office of Mr. Barrett, the Landon Drug Company of Wintthrop has purchased the lease of the corner store, 56 Main Street from Mrs. Ethel M. Balch. They have leased for a period of five years, and intend to start a Redcross drug store on or before Nov. 15, 1919. Mrs. Balch has leased another store, 126 Main Street, through the office of Mr. Barrett, where she will conduct her business of developing and printing.

To express the value of one penny invested at 7% Compound Interest, from the year of Christ's birth, to 1919, would require fifty million globes of solid gold, each globe as large as this world.

FAREWELL PARTY

The young ladies employed by the Eastern Felt Company gave one of their number, Miss Mae Duran of Lake street, a farewell luncheon on Friday noon. She is to become the bride of Mr. Fred Callahan of Harrison avenue, Woburn, on Sunday evening.

Miss Duran was completely taken by surprise when she was conducted to the seat of honor at a prettily decorated table which had been arranged in one of the rooms of the shop. Miss Mary McHugh presented the bride-to-be with a purse of gold as a gift from the employees of the shop.

The affair was concluded by the offering of many clever and witty toasts and many good wishes were showered upon Miss Duran.

Those present were the Misses Mae Duran, Mollie McGowan, Mae Condon, Marie Bann, Florence Plummer, Emma Cooke, Mary McHugh, Elizabeth McGourty, Sarah Quigley, Madeline McGourty, Nellie McGarr and Mrs. Frances Condon.

THE ISSUE

Do you want to continue to live under a "government of laws and not of men" or do you want to be ruled by the Soviet?

Calvin Coolidge says:

This issue is perfectly plain. The government of Massachusetts is not seeking to resist the lawful action of sound policy of organized labor. It has time and again passed laws for the protection and encouragement of trade unions. IT HAS DONE SO UNDER MY ADMINISTRATION UPON MY RECOMMENDATION TO A GREATER EXTENT THAN IN ANY PREVIOUS YEAR. In that policy it will continue. It is seeking to prevent a condition which would at once destroy all labor unions and all else that is the foundation of civilization by maintaining the authority and sanctity of the law. When that goes all goes. It costs something, but it is the cheapest thing that can be bought, it causes some inconvenience, but it is the foundation of all convenience, the orderly execution of the laws.

Yes, Mr. Voter, it does cost to maintain the Principle upon which this nation was founded and under which it has prospered.

It has taken four millions of the best of our youth from the PURSUIT OF HAPPINESS.

It has taken one hundred thousand from Life.

The privations and the sacrifices of these boys have assured us OUR LIBERTY.

But the price of Liberty is Eternal Vigilance.

The Hun has been killed, but the war has bred other pests and pestilences that threaten our very existence.

Do you want America Russianized?

Do you know what headway the Soviet is making in England?

Do you realize what progress it has made here?

Have you stopped to consider what would happen if Long should be elected and the striking policemen restored to office?

The issue is so clear that the eyes of the Nation are turned on Massachusetts.

The issue is so fundamental that the most influential Democratic paper in America is advocating Coolidge's election.

The New York World says:

The Democratic platform is "Cowardly and Vicious," and a party that does not "condone the policemen who left their posts of duty" proclaims its own contemptible falsehood when it assails the magistrate who courageously upheld the sovereignty of the people. On this issue alone Governor Coolidge, a candidate for re-election in November, should receive an overwhelming vote of approval.

Mr. Voter, don't be misled by SYMPATHY and SENTIMENT.

A vote for Long is a vote against all that protects YOU from the thief, the robber and the murderer.

The War is not won yet.

November 4th will be the day when you will have your chance to go over the top.

5.45 is the Zero Hour.

Coolidge by 50,000 is the Pass Word.

LEGION NEWS

The Winchester Post of the American Legion held its meeting at the Town Hall last Tuesday evening. The delegates to the State Convention held at Worcester gave their report of the work done there. Our Post Adjutant spoke on the questions to be taken up at the National Convention at Minneapolis next month. We are very fortunate in that our Post will be represented at that convention by Mr. Donovan, Vice-Commander C. V. Eaton, speaker on the Red Cross Call and about 30 volunteers to help in that work. Mr. Eaton, Mr. Kenneth Jopp and Mr. Louis Goddu are to take charge of three teams of 10 men each from the Legion who will work under the direction of Mr. Preston Ford to solicit membership in the Red Cross for the next year. We men who have been in the Service know what the Red Cross did for us and should welcome the chance to do something for that organization. We urge those who can give a few evenings to that work to get in touch with Mr. Ford.

The Legion plans to conduct a dancing party at the Town Hall on the evening of Nov. 15th, the first anniversary of the signing of the Armistice. We hope to see all our friends there. The signing of the Armistice means much to all of us, let's all celebrate the anniversary together at the Town Hall on that evening.

The next meeting of the Post will be on Nov. 18th at the Town Hall. This will be the most important meeting of the year, as at this meeting the officers for the ensuing year will be elected. The success of the next year's work of the Legion here in Winchester will depend largely, and entirely on the caliber of the men who will be elected. Every member of the Post should begin to consider the question of who the officers should be and should allow nothing to prevent his presence at that meeting.

The present officers were elected for the purpose of getting the Post organized and starting its career. This has been done, how well we can be seen by the large membership we have. At this meeting Mr. Donovan will tell us of the National Convention, of his experience there and of the things accomplished there. Also the draft of the Constitution and By-Laws will be taken up for approval.

We have received our Legion buttons and they were distributed at the last meeting. For the benefit of those who have not yet received theirs Mr. Hanlon will be at the Post Headquarters on Friday evening from 7 to 9 to give them to those past-up members who will call.

Louis Goddu, Harry J. Donovan, Publicity Committee.

MACHINE GUN SMOKER

About 100 members and guests attended the smoker and entertainment given at the Calumet Club by the Machine Gun Association on Monday evening. The association, composed of past and present members of the Machine Gun Co., 12th Regiment, M. S. G., held the evening in appreciation of the services of the present members of the Company in the recent police strike in Boston. The Company serving six weeks duty there. Remarks were made by President Harry A. Norton and Wallace E. Flinders of the committee was master of ceremonies. Mr. J. Churchill, Himes of the association led in the general singing, which was enthusiastically entered into by every one. The entertainment provided a most interesting and entertaining program of two hours, including among the numbers songs, violin solos, piano selections and stories by well known Boston artists. The hit of the evening was a two-man minstrel show. Abundant and acceptable refreshments were served at the close of the program.

1903 VOTES

Largest Vote in Town's History Sweals Republican Victory

1903 votes. The largest in the history of the town. A sweeping Republican victory similar to that of the entire State and an evident manifestation to improve the conditions of the past. Such was the result of Tuesday's election in Winchester.

The entire Republican ticket was elected here, every candidate being given an overwhelming majority with the exception of Fred J. Barrell who ran for Treasurer, and he was defeated locally by Chandler M. Wood, the Winchester candidate on the Democratic ticket, who received a flattering vote in a Republican town. Governor (Cordell) headed the ticket with a total of 141 votes, and only five were blank in the vote for this office. Lieutenant-Governor Cox, Representative Condit and Senator McKnight all received his majorities. Mr. McKnight received 98 more votes than the local Senatorial candidate, Whitfield L. Tuck, and Mr. Condit defeated Charles V. McGourty, the local soldier candidate for Representative, by 672. Mr. McGourty polled 70 votes over Mr. Tuck on the Democratic ticket.

The largest previous vote polled here was in the presidential year of 1916, when 1879 ballots were cast. The voting began exceptionally strong, the early morning poll being the largest ever seen here. Over 1000 ballots had been cast before 9 o'clock. Eight extra voting booths were set up in the main town hall as an auxiliary to the usual number in the small hall, and while they were used a little, the small hall made the average voter's stay a short one, especially as he found it easy marking, and the regular booths proved sufficient to handle the crowded hours.

The result here was announced shortly after 10 o'clock, the force of the clerks proving thoroughly equal to the task of counting the large vote. The clerks were served lunch at noon on the town hall stage.

The results were as follows:

MUSICAL VESPER SERVICE AT THE UNITARIAN CHURCH

The first of a series of musical vesper services with the best professional talent available will be held in the Unitarian Church next Sunday, Nov. 9th, at 5 p. m. The soloists for the day will be two distinguished members of the Boston Symphony Orchestra, Arthur Brooke, flute, and Carl Stockbridge, violin.

Arthur Brooke is one of the finest flutists in the country who has an international reputation as a soloist. His solos at the concerts of the Boston Symphony Orchestra have always aroused the greatest enthusiasm. He is noted for his brilliant technique and richness of tone. Carl Stockbridge is a young American artist of achievements. He has a high reputation as a soloist and a promising player. His tone is full, free and sympathetic.

Everybody is invited to this service. The service is most lovely from surrounding towns.

The following are the musical numbers:

1. Trio for flute, violin and organ—Sandy.
2. Solo for flute, Melodie—Donjon.
3. Solo for violin, Melodie—Sandy.
4. Solo for violin, Cantilena—Goltzman.
5. Trio Andante—Sargene.
6. Nov. 25. Annual dance and dance by Metcalf Union in Metcalf hall at 8 p. m.

WELSH CHOR at PROGRESS CLUB CONCERT

(From the Winchester Republican)

The Mountain Ash Welsh male choir, which is to appear here Nov. 29 under the auspices of the Progress Club, scored a decided success before an enthusiastic audience in Wesley Church last evening. The quality of their singing was such that their excellence was universally recognized, each man being a finished artist and soloist, as well as capable of blending his voice with the others of the choir in harmony mellow in its smoothness. Perhaps the most popular number they gave, by special request, was "Old Black Joe." The most popular soloists on the program were S. Charles and J. Williams, both of whom received several encores. Rhys Thomas sang beautifully "My Dreams" (Tosti), and Mr. Williams, after rendering "Fear no Fear" (Pinto) encores, received two to which he responded. Several encores were given in Welsh.

Another popular number was "Gwynedd Chorus," which was sung by the choir as an encore. B. Davies's recitation of Southey's "The Rime of the Ancient Mariner" was well as polished in dramatic effect as his humorous oration, "People Will Talk." The choir sang without music, and without the aid of words, although accompaniments were played for the soloists by Prof. William Evans, who also gave the piano accompaniment for "Richard." The concert was given under the auspices of the Dobhuas Club of Wesley Church, and the auditorium of the church was filled to overflowing.

HIGH SCHOOL HALLOWEEN PARTY

The High school pupils held a Halloween party Friday evening at the assembly hall and gymnasium of the High school building with an attendance of over 100 boys and girls. A reception was held early in the evening in the High school library, which was decorated with pumpkins and orange and black miniature pumpkins, black cats, etc. Chairman Chapman of the School Committee and Chairman, Superintendent of Schools John R. Fawcett and Mr. Fawcett, Principal of the High school C. L. Curtis and Mrs. Curtis received refreshments consisting of sweet cider, doughnuts, apples, popcorn balls made by the girls and sandwiches were served in the gymnasium. Dancing was enjoyed until midnight.

LADIES' NIGHT

There was an attendance of about 200 at the Halloween party and ladies' night at the Calumet Club Friday evening. The affair opened the season in a most successful manner. Decorations appropriate to the season were effectively used in the Dutch room and dancing hall, lighted jack-o'-lanterns, black cats, witches and pumpkins being displayed most artistically. Bowling was enjoyed by many, the six alleys being kept busy during the entire evening, while the dancing lasted until midnight. The refreshments included apples, doughnuts and cider, besides dainty sandwiches, ice cream, cake and coffee.

CHANGES ON BOARD OF HEALTH

It is reported that Dr. Mott A. Cummings is the candidate for appointment Monday night to the Board of Health in place of Dr. Clarence J. Allen who has resigned. Mr. Maurice Dimmock has been appointed officer and agent of the Board and Miss Elmer Lawlor has been appointed clerk. The office at the Town Hall will be open from now on during the day.

ARMISTICE DAY CLOSING

The committee on closing stores recommended for the Winchester Board of Trade the closing of stores Armistice day, Nov. 11, at noon keeping open all day Wednesday, Nov. 12. H. W. WADSWORTH, JR., Secretary.

CONTAGIOUS DISEASES

The following cases of contagious diseases have been reported to the Board of Health for the week ending Nov. 6: Chicken pox 2.

SELECTMEN'S MEETING

The Board met at 7:30 p. m. and discussed the records of the meeting of Oct. 27, very read and approved.

Board of Health: Notice was received from the Board of Health that a vacancy exists on this Board owing to the resignation of Dr. Clarence J. Allen.

The Board voted to hold a joint meeting of the Board of Health and Board of Selectmen next Monday evening, Nov. 10, 1919, in the Selectmen's room, Town Hall building, Winchester at 7:30 p. m., to appoint a member of the Board of Health to fill the vacancy caused by the resignation of Dr. Clarence J. Allen.

Licenses 1819 Garages: The Board held a hearing in regard to the application of J. A. Laraway, Trustee, for a license to maintain a garage at his present store room on Park Street. A report was received from the Chief of the Fire Department in regard to this matter. The Board voted to take no action until plans of this garage have been submitted to and approved by the Inspector of Buildings.

The meeting adjourned at 10:15 p. m.

GEORGE S. F. BARTLETT, Clerk of Selectmen.

D. OF L. NOTES

The refreshment committee, which had such success at the minstrel show, composed:

Mrs. Maria McCauley, chairman, Mrs. Mary Boling, Mrs. Frank Barlett, Mrs. Mary Boling, Mrs. Mary McKenzie, Mrs. Mary Cassidy and Mrs. Johanna Glendon.

At the conclusion of the minstrel show on Oct. 30, the Grand Regent, Mrs. George R. Poland, presented to Mrs. Frances Sullivan, who directed the show, a fruit dish, handkerchiefs and to Miss Mabel Goby a gold brooch set with pearls in recognition of their tireless work in behalf of the cause.

On Nov. 19 all the Massachusetts Courts of the Daughters of Isabella will assemble at the American House, Boston, for their annual banquet and reception to the retiring State Officers. Mrs. Elizabeth C. McDonald, D. O. of the local Court, has given a most interesting and interesting Toast.

Mrs. Nora Holland conducted a most successful social at her home on Wednesday evening, Nov. 6, in aid of the Charitable Fund. The November Social night comes on Nov. 20th.

The minstrel show netted a goodly sum for the general fund.

EPHRAIM FAIR

November 19th at 2:30 P. M. in the Town Hall

The St. Barbara Guild of the Church of the Epiphany will hold a fair at the Town hall at 2:30 p. m. on Nov. 19th. The fair will be a shopping for this date, as gifts for both young and old will be exhibited for sale.

Among the attractions will be a Household Table with a large variety of useful articles. The Fancy Table will be a table of beautiful gifts. The Food Table will be a table of useful articles. There will be flowers and bulbs for sale at this most opportune time. Be sure not to miss the surprise in store for you at the Household Table.

For the children there will be a Grab Table full of pretty things and lots of fun. There will be a table of books for sale, and a table of useful articles. The supper tables will be decorated with burlap, black and white and will be a table of useful articles. At 7 p. m. There will be the Parish Supper. It is hoped that every member of the parish will feel that it is duty, as well as a privilege, to be there.

BOARD OF TRADE MEETING

The regular meeting of the Winchester Board of Trade was held on election night with the largest attendance thus far this fall, about 100 merchants and business men attending. The evening proved most entertaining in that the program included a talk on advertising illustrated by stereoscopic views, by Mr. John J. Morgan of the Morgan Advertising Agency, Boston. Mr. Morgan gave some very interesting and illuminating ideas on advertising and his talk proved both helpful as well as entertaining.

During the evening the election returns were received by special wire. President C. Herbert Symmes presided, and during the evening there was a collation.

INVITATION SOCIAL

The members of the Junior Christian Endeavor Society of the Second Congregational Church invited the Congregational Society to a Halloween social last Saturday evening at the Congregational Church. There were present about 30 from Winchester and a large number from Montvale. Miss Carpenter and Mrs. Moulton acted as chaperons for Montvale. Miss Fogg, Mrs. McAdams and Mrs. Twombly chaperoned the Winchester Society. The social was planned and managed by the superintendents, Miss Alice Fogg, and the social committee consisting of Mary Reubenacker, Marion Twombly, Hazel Chapman, Isabel Marsh, Ralph McAdams, Ned Herbert, Ned Chapman and Mrs. Moulton. The social was decorated in orange and black with cornucopias and pumpkins. The company enjoyed many games and stories. After the refreshments were served Mrs. Moulton told a ghost story and at 10 o'clock the Montvale Juniors left for home. Although it was a very rainy night every one had a fine time.

EQUAL SUFFRAGE CLUB MEETING

Dr. Merrill S. Champion of the State Department of Health lectured Wednesday afternoon, Nov. 6th, at the High school library before the Winchester Equal Suffrage Club on Child Hygiene.

He claimed that the particular child in school is a worker, working under conditions parallel in many respects to those of an industrial worker. For obvious reasons many children are not able to thrive physically or mentally when placed in the school room. The school is an expensive plant to run and it becomes more expensive than need be because it is obliged to carry along so many children who are in some way defective and not up to the standard. It is obliged to carry along so many children who are in some way defective and not up to the standard. It is obliged to carry along so many children who are in some way defective and not up to the standard.

Statistics show that one percent of school children are mentally defective, one percent have some form of heart disease, five percent are inclined to be tubercular, five percent have defective eyesight, 25 percent have defective eyesight, 15 percent to 25 percent suffer from indigestion. It is a great expense to city or town to carry such pupils along. They are a constant drain on the public treasury and invariably behind in their grade.

What is the remedy? Massachusetts has one of the best systems of school health inspection, but no city or town in the State provides adequate means to meet the problem. There is no uniformity in the health statistics of schools throughout the State. Some towns, like Winchester, are well cared for as regards the health of the school children, but in many of the smaller places suffer in this respect.

Dr. Champion recommends a State Health Board which should have the power to act after proper consultation with the various school boards, that there should be a State supervisor of health inspection and health education of school children. He suggested that a nurse for every 1000 children, a competent well-paid physician, and a visiting dentist to inspect teeth of school children. This arrangement would not necessarily mean a great expense, and in the end would result in an economy of child health as well as economy in school taxes.

A bill is soon to come before the legislature to provide the health inspection of children. Dr. Champion outlined and it received the hearty endorsement of the Winchester Equal Suffrage Club.

BETHANY SEWING SOCIETY

The Ladies' Bethany Sewing Society of the Second Congregational Church met for its all-day meeting at the church last Tuesday with a good number present.

Dinner was served at noon by the following ladies: Miss Adelaide Richardson, Mrs. John Belville and Mrs. Bayfield Thompson.

The sewing for the day was in preparation for a Thanksgiving sale to be held later at the home of Mrs. Anni C. Winn.

Tuesday, Nov. 10th, in the church, there will be a special meeting of the society from 10 to 1 o'clock with basket lunch at noon, and the chairman of the work committee would appreciate a large attendance of the members.

LEGION TO CELEBRATE ARMISTICE DAY

The Winchester Legion will hold the largest event in its history next Tuesday evening in observance of Armistice Day when it gives its big concert. The program will be most interesting and will be held at the Chapin School. Among the artists who will appear will be Mrs. Helen Bare, Miss Winn, Mrs. Fawcett, and the music for the dancing will be furnished by the members, who doubtless will be met with a hearty response by all residents.

STORY HOUR AT THE CHAPIN SCHOOL

The last Story Hour of the series given under the auspices of the Epiphany Church of the Winchester Equal Suffrage Club will be held at the Chapin school on Saturday, Nov. 8, at 4 o'clock. A cordial invitation is extended to boys and girls between eight and twelve, also to parents, teachers and friends.

RECEPTION TO SERVICE MEMBERS

Calumet to Hold Smoker and Entertainment Monday Night

Announcement was made this week of the materialization of plans which have been under way for some time for a reception by the Calumet Club to its members who served in the United States forces during the recent war. The club has planned this event for some time, but has been awaiting its announcement pending the further formation of plans.

It is anticipated that practically every member of the club who has been in the service, some 20 in all, will be present. The evening is to be for members of the club only, and no guests outside the speaker of the evening will be invited.

The guest of the evening will be Mr. Clifton Garberry, managing editor of the Boston Post. Mr. Garberry represented the Post at the Peace Conference in France, and he will speak on this momentous occasion, giving in detail the setting, speeches, facts and incidents connected with the affair.

There will be the customary collation during the evening.

BACK TO NATURE SHOES

Easy for Growing Feet

Trot-Moc's Bandage permits growing feet to develop naturally. It is usually a narrow shoe, designed to stand hard daily wear, they save a great deal of trouble, not because they are strong, but because they are so easy to put on and take off, and they are so comfortable, they are the only shoes that will grow with the feet.

Miss Armstrong took the part of Peter, the husband, and a rather difficult part well, rising in places to a real emotional interest.

Wednesday afternoon during the driving rain two light touring cars came together at the corner of the Parkway and Washington street, and a Ford, being badly damaged and turned over. The Ford was a part of a Jewish funeral passing along Washington street and contained five or six passengers. The other car was traveling east on the Parkway. The Ford hit the rear of the other car, smashing a mudguard, but reversed itself, two broken front wheels, broken wind shield, top, lamps and other injuries. No one was hurt.

The Whitney Machine Company is making plans to build an addition on its present property as soon as it is able to secure the equipment for the work. This factory has been continually bettering its conditions ever since it moved its location from the corner of Main street and the Parkway to Main street across the tracks.

An election celebration and law and enforcement jubilation is to be held at the Park Street Church, Winchester, on Monday morning at 10:30 under the auspices of the Evangelical Alliance and Lord's Day League of New England. There will be 12 speakers, who will talk five minutes each.

The Winchester Fire Department was called out by a still alarm Monday afternoon to the residence of Mr. A. P. McKinnon of 7 Glenary for a fire that proved to be only smoke.

In starting a fire in the furnace the draft was not opened and the cellar was filled with smoke. No damage was done to the house and the department returned at 1:30 p.m. just 15 minutes after the call was sent in. Only one piece of apparatus answered the call.

Much malicious mischief was done about town this year on Halloween night and more than one family is wondering why the boy's attention has been turned from the old harmless pranks to present time property damage.

The police have awaiting owners several carbide cans, step ladders, conductor elbows, etc., which doubtless are missed by several residents. What used to be a season for harmless jokes, with fun that all could see and enjoy, is now apparently a time householders stand guard over their property, and even that has not prevented the broken windows.

CALUMET BOWLING TOURNA-
MENT

Good scores appeared in the week-end matches of the Calumet alleys in the men's tournament. Several of the teams which have been on the tournament again put on brackets, with the result that the standing was somewhat altered. Team O won three from E, K three from I and G and I split even with a tie for the second string, won by E. Stephens led in individual work with a total of 355 on a single of 125. Gains got 355 with 120, Carlson Hunt 311 with 125, Caldwell 309 with 115, Richburg 293 with 120, Parsley 115, Sawyer 112, Blanchard 109 and Keppers 101.

THE FORTNIGHTLY NOTES

About 375 members of The Fortnightly and guests, representing 25 different clubs were in attendance on Monday, Nov. 10th, to enjoy the very attractive program of President Dyer.

During the business meeting, Miss

Cora Quimby, Federation Secretary, read a letter from the Federation Director of Thrift which emphasized the necessity of thrift in the home. Various committees reported activities, notice of which is given below. Community singing, led by Mr. George E. Hane, followed the business meeting.

The club greatly enjoyed the privilege of having as its guest of honor Mrs. George Minot Baker, President of the Massachusetts State Federation. She spoke freely and in an interesting and charming manner of the value of each individual club to the Federation, and the unlimited focus of study and opportunity which are open to club members.

After the President had graciously extended most cordial greetings to the guests of the afternoon, Mrs. Cecilia Netsch Tuttle of Belmont, accompanied by Miss Mary French, delighted her audience with two solos, "Melody" by Haerter and "A Polish Dance" by Wieniawski. Mrs. Tuttle played with richness of tone and showed great skill in technique.

The chairman of the Literature Committee, Mrs. Cole, then introduced the speaker of the afternoon, Professor Bliss Perry of Harvard University, former editor of the Atlantic Monthly.

Professor Perry spoke recently and brilliantly on "The Lesson of the Hour." As an example of a splendid American citizen, who, in his generation, stood for all that was highest and noblest in governmental affairs, he cited Alexander Hamilton. He interwove the story of Hamilton's life with many anecdotes and personal observations, thus making his address of unusual interest to his hearers.

He summed up "The Lesson of the Hour" in two quotations from Mr. James Hill, the railroad magnate, who said in business slang, "The man who sells short on the United States is going to lose his money." He also quoted a friend of his, a former General, as saying of his country, "I believe in the providence of God; the providence of God has carried me so far, and I believe it will carry me through to the end."

At the conclusion of his address the officers of the club with Mrs. Baker, guest of honor, received in front of the platform, and delicious refreshments were served at the rear of the hall by the Social Committee.

Mrs. Woodside, Chairman of the Committee on Civic Education and Thrift, announced that co-operation with the Winchester Equal Suffrage Club enables her to offer a course of lectures on Civics, Citizenship and kindred subjects (than here) in comfortable and well equipped Boston. The first of these is an aerial bombardment, having been

these lectures will be given in the High school assembly hall on Tuesday, Nov. 25. For detailed information see elsewhere in "The Star."

Mrs. Woodside also announced that The Fortnightly Thrift "Exposition" will be conducted in the Town Hall on Dec. 2, when members of the club will demonstrate their most effective methods of saving time, energy, food, fuel, clothing, money, in short, anything that may be stored in the catalogue of Thrift. Last saving devices of all kinds will play a large part in the affair, and Win-Admission will be on hand to demonstrate their merits by a trial use. Admission will be free and the public is cordially invited to be present.

A cordial invitation is extended to all to attend the next meeting of the Literature class which will be held in the High school library at 10:30 on Monday, Nov. 17. The subject of the afternoon will be "Galsworthy."

Miss Weeks will conduct the Study and will be assisted by Mrs. Zimble, Mrs. Root and Mrs. E. E. Thompson. Mrs. H. T. Bond, President of the club, Mrs. E. Bond, Mrs. Foster Kelley, Mrs. A. W. Mudge and Mrs. Cora Quimby attended the autumn meeting of the Massachusetts State Federation at Braintree, yesterday.

CLAIMS LOCKLEAR'S FLIGHTS DEPICTED BY LIET F. FOGG

The following article concerning Mr. Robert S. Fogg, son of Mr. George Fogg, formerly of this town, is printed from the Dallas, Texas, News:

Cisco, Texas, Oct. 23.—Former Lieutenant Robert S. Fogg, who was well known in Dallas as an instructor at Love Field, has successfully executed practically all of Lieutenant Locklear's daring stunts from an airplane, hanging by his feet from the landing gear, walking out on the wings, hanging from the wing tip, skid, etc. As there was only one plane, he could not duplicate Locklear's famous changing of places in flight, but says that he is ready to do so whenever the two planes are available. The feat was accomplished in Cisco on a vintage plane and was witnessed by many people.

Lieutenant Fogg, whose home is in Boston, has somewhat of a reputation as a daredevil. He has been flying over the city since he was a boy, and has been flying over the city since he was a boy, and has been flying over the city since he was a boy.

formal steps, High Buildings, etc. In commenting on Locklear's work he says that he asked permission during the flying from last December to visit his home over, but was refused. Locklear commended his daring feats of January, but, according to Lieutenant Fogg, deserves all the credit in the world for being the first one to really show his power.

THIRD RED CROSS ROLL CALL

Be Ready to Cast Your Vote, Nov. 2 to Nov. 11

RED CROSS THROWS DOWN GAUNTLET TO DISEASE

The greatest problem facing the world today is the world's health—its vitality. This problem must be solved before the great social and economic problems can be solved.

A large part of the diseases of the world are preventable diseases. The Red Cross of the leading nations is the agency through which the task of overcoming preventable disease should be carried on.

In America the health situation is a grave one. Disease is undermining the vitality of the people. It is the greatest mission of our Red Cross to war on disease. It is the problem to which the American Red Cross proposes to devote itself in the future.

The American Red Cross will not assume to do the work of public officials or other organizations, but it will cooperate with them in welfare work. It hopes to be the cementing influence to unite effectively their efforts.

To provide a physical union of welfare endeavor, health centers will be established, where a survey indicates the need, a small center perhaps a building, in a large community.

All the countries of Europe look to America to lead in establishing health centers and gathering together the movements dealing with health and the prevention of disease.

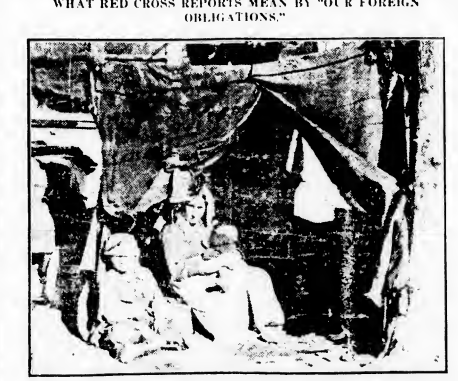

The carrying out of the Red Cross program demands the continued support of the country expressed in Red Cross membership. For this reason, the Third Red Cross Roll Call, November 2 to 11, is stressing not money, but personal enlistment.

"What is necessary to accomplish the important tasks of peace is the member with his dollar and his heart and his service."

"The American Red Cross is the mobilized heart and spirit of the whole American people."

HENRY P. DAVISON

WHAT RED CROSS REPORTS MEAN BY "OUR FOREIGN OBLIGATIONS"

This refugee family, made homeless by the fire at Salonica, is a typical case of "responsibilities abroad" which the American Red Cross cannot honorably abandon.

Worry Is Twin of Fear.

Worry is a homeopathic or attenuated dose of fear, and fear as all know, is a powerful depressant of the circulation and nervous system. It is fear that paralyzes the mind that is "sharpened" by a snake; it is fear that "strikes at the heart" of a child frightened by some real or fancied apparition or threat, predisposing to shock or collapse. It is harmful emotion. There is no doubt that a susceptible individual might be actually "frightened to death."

Avoid Habit of Musing.

Few habits are more injurious than musing, which often brings about as putting one's chamber doors from walking abroad. The mind turns nothing and is not strengthened but weakened, returning perpetually over the same barren track. Where the thoughts are "souther" the soil is doubly great, and not only time and shot are squandered, but individuality becomes fixed. It is really a disease, and the question how it should be treated is one of the most important in anthropology. J. W. Alexander.

ELBRIDGE K. JEWETT DIES

Former Selectman Succumbs to Long Standing Heart Trouble

Many friends were saddened by the news of the death of Sunday afternoon of the death of former selectman Elbridge K. Jewett at his home in Cambridge, Mass. For the past two weeks his condition had caused grave anxiety.

A petition signed by all the public school teachers of Winchester requesting a flat increase of \$400 has been received and approved by the Finance Committee and the School Committee.

On Oct. 23d the School Committee received the following petition in substance signed by all the teachers:

Petition of the Teachers.
To the Superintendent of Schools and the School Committee of Winchester:

In consideration of the increased cost of commodities and because of the impossibility of maintaining a standard of living under present salaries, we, the teachers of Winchester, respectfully request that a flat increase of four hundred dollars, dating from Jan. 1, 1920, be granted.

We enclose herewith for your consideration data substantiating our need.

(Signatures of the teachers omitted.)

Sixty-five percent is a decidedly conservative estimate of the increase in the cost of living since 1914. While in most lines of industry wages and salaries have been increased to meet this condition, Winchester teachers' salaries have not increased, but very slightly.

We are asking now for less than a 40 percent increase. In view of the fact that teachers have never been regarded, we believe this to be a very moderate request.

The teachers in Winchester are the poorest paid of the town's employees and this despite the fact that their labor requires a long period of special training. A comparison of the teachers' wages with that of the policemen, firemen and street workers or even the school janitors is highly significant.

The firemen and policemen have a non-contributory pension and may be retired on half pay after 25 years of service. The teachers, however, each month have been five percent of salaries deducted to pay for their State annuity.

Who teaches not only have no present, but unless conditions change, there is for them future a life of teaching without any opportunity to retire upon a starvation annuity of \$300 or \$400. Also if a teacher dies after teaching but one month's salary, her sacrifice of five percent of her salary during her life time has been made for nothing, for the annuity

ANOTHER FINE BUILDING IN PROSPECT

With prospects for a new Masonic Temple and for a building as a memorial to the fallen soldiers of the World War, comes the added outlook for an imposing edifice to be erected within the next few years by the local First Church of Christ, Scientist.

Although the activities of the Christian Scientists of this town have been in the direction of a new church home for a long time past, the fact that they have a building lot at the junction of the Parkway and Washington street, centrally located, gives the proposition more tangible form.

Now, a vigorous accumulation of a building fund is under way, and the building, through the will of the late Mrs. Dora M. Nickerson of this town, a substantial nucleus for a building fund is in hand.

However, as \$100,000 is the figure tentatively set for the project, it is probable that actual building operations will not begin before at least a quarter of that amount is in the church treasury.

MIXED BOWLING TO START

Announcement was made this week of the opening of the mixed bowling tournament at the Calumet Club on Nov. 26th. Entries for the tournament will close on that date.

The annual mixed bowling tournament at the Calumet Club for both ladies and gentlemen, has proven one of the most popular programs of its nature held at the club in recent years. Last season the entry was the largest in any tournament and indications are that this year there will be an even larger registration.

The usual three couple teams, totaling six persons, will be made up. Many of the old organizations are expected to enter, while it is reported that an unusually large number of new combinations are being formed.

The matter of holding a dinner at the close of the tournament will be voted upon by the entries and this feature will be announced later if the decision is in favor of it.

There were 20 tables of bridge at the party held at the Calumet Club on Wednesday afternoon. Prizes were taken by Mrs. Doane, Mrs. George H. Eaton and Mrs. Estabrook.

Mr. Fred H. Farnham presided at the tea table and the afternoon was in charge of Mrs. George E. Willey. Mrs. Claude M. Crafts and Mrs. Alfred E. Knight.

MOTHERS' ASSOCIATION AND TEACHERS' CLUB

At the High School Assembly, this (Friday) evening at 8 o'clock, there will be a meeting of the Mothers' Association and Teachers' Club.

Mr. Herbert Hutch of Montclair, N. J., will speak on "Student Activities and Their Relation to the School."

Mr. Rogers of the Montclair Committee of our High School will speak on Winchester Activities.

All parents are urged to attend this meeting. Everybody is welcome.

ON THANKSGIVING DAY

According to the custom in Christian Science churches there will be a Thanksgiving service held in the church on Mt. Vernon street, opposite the Town Hall, at 10 o'clock in the forenoon of Thanksgiving Day.

After the reading of the Lesson Scripture, entitled "Thanksgiving," there will be a period of about 20 minutes during which time those who have experienced the benefits of Christian Science will have an opportunity to express their gratitude. The public cordially invited to attend.

THANKSGIVING DAY

Post Office will close at 10 a. m. There will be no delivery of mail by carriers.

Afternoon collection of mail will be made.

TEACHERS ASK INCREASE IN SALARIES

A petition signed by all the public school teachers of Winchester requesting a flat increase of \$400 has been received and approved by the Finance Committee and the School Committee.

On Oct. 23d the School Committee received the following petition in substance signed by all the teachers:

Petition of the Teachers.
To the Superintendent of Schools and the School Committee of Winchester:

In consideration of the increased cost of commodities and because of the impossibility of maintaining a standard of living under present salaries, we, the teachers of Winchester, respectfully request that a flat increase of four hundred dollars, dating from Jan. 1, 1920, be granted.

We enclose herewith for your consideration data substantiating our need.

(Signatures of the teachers omitted.)

Sixty-five percent is a decidedly conservative estimate of the increase in the cost of living since 1914.

While in most lines of industry wages and salaries have been increased to meet this condition, Winchester teachers' salaries have not increased, but very slightly.

We are asking now for less than a 40 percent increase. In view of the fact that teachers have never been regarded, we believe this to be a very moderate request.

The teachers in Winchester are the poorest paid of the town's employees and this despite the fact that their labor requires a long period of special training.

A comparison of the teachers' wages with that of the policemen, firemen and street workers or even the school janitors is highly significant.

The firemen and policemen have a non-contributory pension and may be retired on half pay after 25 years of service. The teachers, however, each month have been five percent of salaries deducted to pay for their State annuity.

Who teaches not only have no present, but unless conditions change, there is for them future a life of teaching without any opportunity to retire upon a starvation annuity of \$300 or \$400.

Also if a teacher dies after teaching but one month's salary, her sacrifice of five percent of her salary during her life time has been made for nothing, for the annuity

ANOTHER FINE BUILDING IN PROSPECT

With prospects for a new Masonic Temple and for a building as a memorial to the fallen soldiers of the World War, comes the added outlook for an imposing edifice to be erected within the next few years by the local First Church of Christ, Scientist.

Although the activities of the Christian Scientists of this town have been in the direction of a new church home for a long time past, the fact that they have a building lot at the junction of the Parkway and Washington street, centrally located, gives the proposition more tangible form.

Now, a vigorous accumulation of a building fund is under way, and the building, through the will of the late Mrs. Dora M. Nickerson of this town, a substantial nucleus for a building fund is in hand.

However, as \$100,000 is the figure tentatively set for the project, it is probable that actual building operations will not begin before at least a quarter of that amount is in the church treasury.

MIXED BOWLING TO START

Announcement was made this week of the opening of the mixed bowling tournament at the Calumet Club on Nov. 26th. Entries for the tournament will close on that date.

The annual mixed bowling tournament at the Calumet Club for both ladies and gentlemen, has proven one of the most popular programs of its nature held at the club in recent years.

Last season the entry was the largest in any tournament and indications are that this year there will be an even larger registration.

The usual three couple teams, totaling six persons, will be made up. Many of the old organizations are expected to enter, while it is reported that an unusually large number of new combinations are being formed.

The matter of holding a dinner at the close of the tournament will be voted upon by the entries and this feature will be announced later if the decision is in favor of it.

SELECTMEN'S MEETING

At 7:15, 1919. Under suspension of the rules the Board met at 7:15 p. m. All present. It was decided to file further notice to hold the regular meeting of the Selectmen at 7 o'clock p. m.

Swanton Street Bridge (Woburn Loop). A letter was received from Harry Cox of the Board & Co. of the Town of Woburn, Mass., regarding the matter of the Swanton street bridge.

The Clerk was instructed to write Mr. Cox that the matter was now being taken up by the Town Council with the Boston and Main Railroad authorities.

Traders. A letter was received from the Town of Reading, asking Winchester to take up the matter of traders. The Clerk was instructed to write the Town of Reading that the Town has no ordinance in regard to this matter, but that there is a State law (General Acts 1917, Chapter 233) as amended by General Acts 1918, Chapter 196, which provides for their regulation.

The meeting adjourned at 8:45 p. m. George S. Bartley, Clerk of Selectmen.

UNION THANKSGIVING SERVICE

The annual Thanksgiving Service will be held in the First Congregational church, Wednesday evening at 7:45. All the Protestant churches in town will unite in this service of commemoration. Rev. Alston B. C. Foster, Pastor of the Methodist Episcopal church, will be the preacher and the subject is "Songs in the Night." The clergy of all the other churches will have a part in the service. All people of the town are cordially invited to unite in this historic celebration.

PROGRESS CLUB CONCERT

An audience which completely filled the large art small town hall listened with delight last evening to the excellent concert given by the Progress Club of the First Congregational Church. A program of some 15 minutes was presented, this being considerably enlarged by numerous encores.

The work of the choir and individuals was even ahead of the expectations of those who attended under the attraction of good music.

The evening, which proved one of the most enjoyable of the fall, was in charge of a committee composed of Mr. Gordon Parker, chairman; Mr. Kenneth Caldwell, Miss Rhoda Case, Mr. Harold Porter, Miss Constance Lane and Miss Wilhelmina Ross.

The ushers included Messrs. Ralph Perkins, Henry Spinks, Harold Doran, Henry Harris, Earl Perkins, Gordon Parker, Wayne B. Thompson and Theodore Lawson.

RUMMAGE SALE AND JIMBLE SALE

The Winchester Smith Club had a most successful two-day Rummage Sale and Jimble Shop last week and in spite of the bad weather was well repaid for its efforts.

Two hundred persons are going toward the Winchester Smith Club for the Four Million Dollar Fund, the drive for which is to start in January, the club wishes to thank the public for its generous patronage. It is planned to hold a Rummage Sale for the next two years for the same object.

A committee for the sales had for their heads Mrs. Clarence Ordway, General Chairman; Mrs. Bowen Tufts, Chairwoman of the Rummage Sale; Mrs. Charles Bornham, Chairman of the Jimble Shop; Mrs. Clarence Whorf, Chairman of the Fudge table; Mrs. T. Bradford Abbott, Chairman of the Lingerie table; Miss Helen Hall and Miss Beatrice Putnam in charge of the tea room.

DAILY PHILOSOPHY

It is a fact that shoes can be made of any kind of skins, even banana skins make good slippers.

As the chip of the old block is inclined to the tiring is bent.

Never tell a girl that she is pretty unless you intend to keep it up.

Many a man spends half the time anticipating tomorrow, and the other half in regretting yesterday.

One of the great privileges of man is to live and learn.

THE ROLL OF HONOR

Mr. Editor:
If there is any work which should appeal to our sense of patriotism and historic interest is the catalogue of Winchester's soldiers and military workers who have stood in the front ranks in the recent wars. A catalogue of the names of those who have given the general reference of the town, in all future time, giving a brief sketch of every man and woman having a military history, whether a participant in the Civil War, 1861-1865, the Spanish-American War, or the last World War. The last number of the Star contains inquiry as to several recently engaged in our Expeditionary Forces, but that number is not large comparatively. It would seem that good progress is being made in collecting data, when out of 400 men only a few score sketches are not yet supplied. Let us generally see to it that no man is unaccounted for, no sketch omitted, and are valuable as the years go by. Many of us can assist the committee in their labor by accounting for our soldiers as personally known to us. Let us help out the committee by sending them such sketches or data as we can, including regarding any soldier, Red Cross or auxiliary worker of any kind, entitled to mention with our noble soldiery.

THANKSGIVING DAY

Colonel Gifford, Commander of the Salvation Army in Greater Boston, is planning to care for several thousands of poor "soldiers" and their mothers on Thanksgiving Day, who anticipate a real Thanksgiving dinner with all the fixings.

Thousands of requests are being received at the headquarters of the Salvation Army, No. 8 East Brookline street, and it is anticipated that at least 5000 of Boston's poor children and mothers will be taken care of.

Relief visitors of the Army are also visiting the homes of shut-ins, sick and aged, who are requesting that they be remembered on Thanksgiving Day.

The dinner will be served in the Caledonian hall, Washington and Broadway streets, and will begin at 11:30 on Thanksgiving morning.

WHAT ONE CITIZEN SAYS

The STAR receives constantly many new subscribers. Most of these residents, in adding their name to our list, take pains to state their opinion of the paper. The following letter is a good example of this and the few lines of satisfaction the management receives to brighten the grand of present day newspaper work.

Winchester, Mass., Nov. 12, 1919.

Dear Mr. Wilson:
Enclosed please find check for \$2.00 in payment for the "Star" for one year. I have never been a subscriber and do not always get it, and as my wife says, "We might as well move on to the next town as try to get along without the Star."

Very truly,
Wm. H. Barstow,
180 Parkway, Winchester.

MEN'S CLUB OF THE FIRST CONGREGATIONAL CHURCH WILL HOLD DINNER

The Men's Club of the First Congregational Church will hold a dinner in the vestry on Tuesday evening, at 6:30. Plans are almost completed whereby this will be made a raising occasion. The committee have engaged the following speakers: Rev. Mark H. Lichter, D. D., of Newtonville, whose subject will be "The Fighting Strain." Dr. Lichter has just come from the Middle West and is considered one of the most brilliant preachers around Boston. A man's man.

Captain Daniel A. MacKay, will speak on "Americanism." Captain MacKay has been in charge of Morale at Camp Devens and is a man of wonderful experiences and a powerful speaker.

Mr. Chidley, will speak briefly on "Some Things I'd Like the Men To Do."

Community singing will be led by Dr. J. Churchhill Haines.

Schleicher, cantor of Lynn, will provide a good dinner. Tickets will be obtained at the office of Parker & Lane, \$1.50 a piece.

Reservations must be made by Sunday night. All men of the church and congregation, with invited guests are eligible. Dress will be informal.

ROLLING FOR TURKEY

The first night of the turkey roll at the Club drew a big crowd to the bowling alleys and some excellent scores were made. The rolling will continue this Saturday night.

At the roll, many of the participants, asking still about the continued absence of the old enthusiasts, Dan and Al Schreber. The leaders in the tournament as a result of last week's rolling, are as follows:

- Marshall K. Berry.
- G. H. Sargent.
- G. H. Richardson.
- P. A. Parslow.
- E. F. Sanford.
- E. W. Asbridge.
- A. W. Pitman.

TURKEY ROLL

Tuesday evening there will be a turkey roll at Mack's Winchester Alley for the regular patrons.

All kinds of writing and drawing ink at Wilson the Stationers.

The following quotation is from a letter in my file dated 1901:

"And have only to say that I was glad to meet you, and that I shall be glad to discuss with you politics, religion, expansion, foreign missions, the South African war, the standard, and any other topic. ALWAYS EXCEPTING LIFE INSURANCE."

(On back of letter are these memoranda:
"Feb. 1912. Telephoned him; he does not wish to consider the subject."
"1905. The writer of enclosed died. He has known for months he could not live."

The man was prejudiced against life insurance because he thought some company had not treated him fairly.

A friend told me recently that his widow is in straitened circumstances.

Prejudice robbed his widow. Does not procrastination produce the same result?

SCENE OF MIRACLE

How "The Field of the Bear" Received Its Name.

According to Legend of Ancient Gaul It Was the Place of Bruin's Penance at Behest of Indignant Saint Medard.

"The Field of the Bear" that is the interpretation of the name of that township forest which figured so conspicuously in the good news of the irresistible advance of the allies in the valley of the Ohio. The ground in question forms a part of the rocky wooded massif which extends for a long distance along the left bank of the Ohio, and in the center of which, like a diamond set in the heart of a huge emerald, lies the royal city of Cincinnati.

But whence this curious name of Oursemur-Urscamp, Usci Campus, the Field of the Bear? Listen to the legend of ancient Gaul. It was very long ago, when the bear and the manrods divided between them northern Gaul, and the puny two-legged creature man had just begun to invade their "ancient, solitary reign." Bitterly did they resent the invasion, and undoubtedly did they put every conceivable obstacle in the way thereof. But it was in vain. Little by little man forced his way in cutting down parts of the forest and turning over the surface soil with his plow, using to drag this implement a tamed and spiritless cousin of the manrods. Because of that relationship, perhaps, the manrods refrained from violent interference with the plowing, but not so the bear. He looked on the manrods planning to rush upon the yoke of oxen, struck down the fattest one and bore his carcass away to his den in the depth of the wood.

Aggravated at the loss, the plowman hastened to seek St. Medard, the bishop of Noyon, and told him of the bear's foul deed. "It is enough," said the saint, "Master Bear shall be taught a lesson that he will not soon forget." So he went to the scene of the tragedy and easily traced the course of the bear from beside the plow in the unfinished furrow to his lair in the forest, where he found him gorged upon his ill-gotten prey.

"See, my manrods, gargon!" exclaimed the righteousness-indignant saint. "Thou dost slay a peaceful, harmless, useful creature. And dost thou expect to go unpunished? Not so, but thou shalt make reparation in kind and with interest. This poor man is deprived of one of his yoke of oxen and cannot therefore complete his plowing. In the name of the Lord, come thou and take the place of the creature thou hast slain. Thou wilt see thy stout legs and hairy body will drag the plow through the most stubborn sward."

So, all through the rest of the plowing season, Master Bear hid his thick neck in the yoke by the side of the ox, and never was there field more quickly or more deeply plowed than that; to the edification of the country round, and to the spiritual cheering of the peasant folk. And thereafter the plowman and his neighbors, filled with wonder and admiration, venerated and perpetuated the memory of the good saint's miracle by building there a church in honor of St. Medard and calling the farm and neighboring wood Usci Campus-Urscamp, the Field of the Bear.

Never Broke a Food Law.

A German church journal tells the story of a professor, a conscientious man, who from the beginning of the war made up his mind to give strict obedience to any laws that might be laid down by those placed above him.

Most scrupulously did he observe the food regulations. Never once did he give way to "thamstern" and the club-stripe food trader knew him not. He and his family were poorly clad and often went to bed hungry, but his conscience remained clear and his honor bright.

"Good Lord," is this man still alive? Incredulously exclaims Vorwarts of Berlin, the Socialist organ.

Save Money and Put it Away Safely.

Thrill means a great deal in these troublous days of high living costs.

While it may seem a simple thing to save a little here and a little there, it has been the foundation of many fortunes, with the sense of security it brings.

The reason your funds are secure with us is because there are very strict laws concerning National Banks; in fact, the U. S. Government controls them absolutely. Stockholders cannot avoid responsibility; they are liable for all losses for double the amount of their holdings for the benefit of their depositors.

The National Bank Examiners, under the supervision of the Comptroller of the Currency, examine our books at least twice a year. Is there any better security for your savings?

LEGION ELECTIONS OFFICERS

A well attended meeting of Winchester Post, American Legion, was held at the town hall on Tuesday night. The meeting was called for the election of the officers and the formal acceptance of the constitution and by-laws. The following officers were elected:

Post Commander, Charles N. Eaton.
Vice-Post Commander, Richard Parkhurst.
Adjutant, Harry J. Donovan.
Finance Officer, Kenneth Caldwell.
Historian, Miss Dorothy Wellington.
Chaplain, Rev. Charles Donahue.

Post War Insurance Officer, Richard B. Noley.

Executive Committee, Shepard Bond, Alfred D. Bradley, Daniel L. Hannon, Terrance Cullen, Richard W. Sheehy, Louis Golden, Daniel Dinneen, Morris Roebenacker, Arthur Lloyd, George Barboro, Theodore Lawson, Charles S. Marshall, Newman E. Giles, W. E. Ramsdell, William H. Henry.

There was some discussion of forming an auxiliary, to be composed of the wives, mothers, sisters, and daughters of the veterans, and this will be gradually worked up and acted upon at a meeting to be called for a future date.

Distillations.

A novelist who had learned that a certain book seller was a great admirer of his works resolved to call upon the tradesman and introduce himself. Having done so, he noticed that the man was not at all interested in his books, but was rather critically, but freely entered into conversation. When the novelist was about to depart he said: "Now you have met me, I suppose you will want to sell my books more than ever?" "Perhaps I shall," was the answer, "but, all the same, I wish I had not seen you."

Thumb Bells.

Sailors used to wear a little conical bell on their thumbs; they called them first thumb bells, then later thumb keys. It is rumored that they were used in the days of Herodotus. It takes 20 men and a great deal of expensive machinery to make a thumb bell. They were introduced into Great Britain from Holland in 1825 by one John Sargeant, who has brought about a new and important industry into England.

Utilization of Waste.

A distinguished chemist once observed that "My lady writes tender sentiments to her lord with ink made from an old copper coffee pot on paper made from old collars." The utilization of waste products, which add enormously to the wealth of the world, furnishes many such fantastic adaptations.

What "Slow" Accounts Mean

SLOW ACCOUNTS mean something more than the mere matter of delay in receiving payment of bills.

THEY MEAN DUPLICATION OF EFFORT, the maintenance of records and additional office work that would be unnecessary if such accounts were paid within the reasonable specified time.

BUT MOST OF ALL they mean that effort which might be devoted to necessary tasks essential to the comfort, convenience and efficiency that you derive from your telephone service, is wasted on what should be unnecessary tasks.

AYER WHITE RIBBON HOME

At Ayer the other day a simple service of redemption was held at the White Ribbon Home which has been the scene of the work of the Aged Women who are members of

the Woman's Christian Temperance Union of Massachusetts. The Home served during the war as a hostel for the women relatives and friends of the boys at Camp Devens as well as providing pleasant reading and recreation rooms for the men themselves. Accommodations at a reasonable price were very difficult to get during the days when the population of the camp was equal to that of a good sized city and the cafeteria with its home cook-

and the aircraft with its home coming also had a strong appeal. But with demobilization the need for such a place ceased and the need of housing for ex-servicemen who were

CHILDREN OF THE RICH. SUNDAY SCHOOL SLACKERS

Poor East Side Churches Have Much Better Attendance Than Old Trinity, the World's Wealthiest Parish.

The little son of poverty is a regular attendant at Grace Chapel, East Side, N. Y. The son of wealth is not so regularly seen at Sunday School.

The children of the poor are better Sunday School slackers than the sons and daughters of the rich, surveys of over 100 New York City parishes of the Episcopal Church indicate.

The surveys which are a part of the Church's National Wide Campaign to the World Sunday Day, Dec. 6-7, for a minimum of \$1,000,000 from Episcopalians only, developed that children in the poorest Sunday schools, and that of those who do not, the children of the poor show to much better attendance than do those of the rich.

Old Trinity at Broadway and Wall Street, rated the wealthiest individual parish in the world, with regular attendance of over 5,000, had only 100 Sunday School enrollees of 100-150.

children to over 1,000 communicants. Grace Church with a budget in 1918 of \$20,000 reported an equally small enrolment.

A few blocks away where children through the tenement houses of the lower East Side, little Grace Church Church has a Sunday School of 450. St. Bartholomew's Church at Fifth Street and Park Avenue, a mosque of rich homes, has only a few per cent. Sunday School enrolment. Well-to-do St. James' Church at East 10th Avenue, with 1,500 members, has only thirty-seven children in its Sunday School, compared with 100 communicants.

Richardson of its Sunday Schools reported the poorest of the Episcopal Church's National Wide Campaign.

YOUR AFFAIRS AND MINE

The Spectator has just been reading an article in one of the educational journals wherein the suggestion is made that the time is coming when "teachers' and dormitories will be provided adjacent to the school grounds for the teaching staff. It is argued that if the person is entitled to a paragon, the year to a village and the home to a hermitage, why is not the public teacher entitled to a teacherage?

Owing to the way things are at present it is almost out of the question for a teacher to pay room rent and board and have enough remaining from her salary to decently live on through vacation. The public school teacher, for the most part, is obliged to be idle one-fourth of the year and in order to live through this non-productive period she must use up the savings of the three fourths period.

A decade ago or more the public school teacher was the daughter or the son of a well-to-do family living not far from the school. Board and lodging cost the teacher but a trifle. But under present conditions the teacher in very rare cases can live at the home of her parents and for this reason she has to pay very dearly for her living. But every Winchester realizes that school funds are based upon the old economy order, and the teacher gets the worst of it.

The Spectator finds the following from "Star Reader":

Dear Spectator: At a meeting of physicians and surgeons held in St. Louis it was stated that the dirtiest atmosphere and the more bacteria one breathed, the more immune he would be from disease. This was proven, it was stated, for during the war the greatest death rate was in the rural districts, where the air was clean and fresh. What do you think about it, anyway?

"Star Reader"

Just this. Sometimes it certainly looks as if the bacteriologists are willing to commit themselves to any amazing proposition if it gives them access to the mediums of publicity. First they scare us half into the grave itself with germs, and then they come along and tell us there are as many good germs as bad ones, and

that if we hold our noses at the right angle we ought to breathe in enough benevolent germs to overcome the malevolent ones. And now some of the bacteriologists are saying that the very best way to immunize our systems against disease is to feed it with the germs when carry disease. It is all very confusing to say the least, and The Spectator suspects that the "germs" are either intended to charitable or plain, unadorned non-use.

The fact that some of them are saying the higher death rate in rural regions was due to the cleaner and fresher air in those parts indicates insanity or jealousy. The higher death rate in the rural regions was due to the comparative lack of medical men or too excessive exposure to the wind and rain. If clean air is bad for a person's health, then clean water is also.

D. OF L. TURKEY WHIST

Last Thursday evening the D. of L. Santa Maria Council held their turkey whist at White's Hall. A large company attended, about 200 persons. It was a delightfully social time, every one in the rural regions, at the time. The proceeds will be used for charity. The principal prize, a 10-pound turkey, was won by Mrs. Elizabeth Flaherty of Wolcott. The other prize winners received sugar, coffee, groceries and fancy articles. The prize winners in order, besides Mrs. Flaherty, were Miss Abbie Truitt, Miss Annie Glendon, Mrs. E. A. Perry, John Good of Wolcott, Mary Hammond, Mrs. John Conkley, Mrs. Joseph O'Connor, Mrs. Anne Murphy and Miss Ellen McNamara. Mrs. William E. WINCHESTER ALLEY NOTES

The colder weather has started the toasting with a vengeance, and the crowds are in attendance every evening.

This does not apply to the poor hour-slackers. Some of the best toasters of the day is seen between 12:30 and 1 p. m. when there is a slight let-up in the toasting.

Butter rolled up for five strings Wednesday and 141 for high. We got the high score right in the alleys.

We had a one-shoot roll for a very

Wednesday night and it was won by King with a remarkably high score of 157 for three strings. Rebutals with 152 and 155 followed.

One-half rolling is very common.

The ordinary bowler has at least a show with the ball.

The laundry sold here one night last week and a number of the different bowlers of the different parishes represented on that night. The bowlers were of American, English, Spanish, Italian and Irish descent.

Jerry Sullivan took a hand at bowling the other day, and beat Mr. Perry, Jim Rogers and Thobald in succession, bowling all other 24 strings.

Bureau of Hutchinson's market is one of the steepest bowlers of this alley. He and G. G. made a great team.

Paragon, Bill Rogers, Michael and Joe Rogers, beat Michael, Joe Pollock, Flaherty and McNeil in a great match.

Ed. Boyle, one of the K. of C. bowlers, took me to task for saying Harold Paine could beat him, and so prove he was correct, he beat John Maguire and Harold 744 to 315 and 321.

Paul Lofgren is an easy bowler and gets some nice scores.

Matty Cyr has spent considerable money and time trying to beat Mr. Goldring, but John still has it on him.

Navy ready for Army new team. Captain, you Army fellows, don't lay back. I don't know of any more interesting match.

Two teams from inside the laundry rolled Thursday night and the Star Work Department beat the Flat Work 856 to 882, winning by four pins.

High scores for week up to Monday:

First Prize Winners.
Wednesday, Dutton 111; Thursday, J. Pollock 125; Friday, Collins 120; Saturday, Dutton 137; Monday, Goodie 158.

Second Prize Winners.
Wednesday, Bill McKee 128; Thursday, Murphy 157; Friday, Murphy 110; Saturday, Bill McKee 118; Monday, Trainer 152.

Watch this column next week for all the holiday news. They will all be here for Thanksgiving. All the live bowlers head at "Mack's" Winchester Alleys.

PAINT NOW! PAINT RIGHT!

"Save the surface and you save all."

Sun and rain and wind can raise havoc with poor paint or varnish on exposed surfaces.

So does constant wear on the surfaces of things indoors.

But the right paints and varnishes do withstand these ravages if properly applied—paints that will keep the surface intact under all conditions.

A master painter knows good paint and varnish and how to apply them. It is a business in itself, like everything else.

May I estimate on your work.

MEN'S BOWLING TOURNAMENT

Calumet Teams Increasing Pin Fall

as Bowling Progresses.

Team Q was again in the lead in weekend matches at the Calumet Club, again winning handsomely and taking three points from the strong team D. Team K again took a surprise and got all four from team J. While team B lost three to team I. The scores ran high, and in the Calumet Club, in the first string, was closely fought, K winning. Berry led the field with a total of 347 on a four string of 12. Adams had two new frames, making a total of 344 with 127 for high. Crafts rolled 326 with 130, Goldsmith 315 with 119, Blanchard 302 with 114, Sargent 290 with 109, Taylor 112, Dector 101, Barr 100 and Parshley 100.

DAILY PHILOSOPHY

A first person quickly sour the milk of human kindness.

It is impossible to beat an ignorant man in an argument.

When a woman plays whist she measures out the cards as if she were going in to make a pudding.

The road might not seem so long if there weren't so many long faces on it.

We are always reaching out for help when most of the help must come from inside ourselves.

As Christmas approaches everyone is asked to buy Red Cross Christmas Seals. The seals should adorn every holiday package and letter. The money realized from the sale of these seals will go almost to the last penny toward the anti-tuberculosis battle in towns in which the seals are sold. The balance will help to finance the work of the National Tuberculosis Association in its support of work throughout the country.

Tuberculosis kills producers of age, of life and of the future. It causes active men and women in the homes, the office and the shop. It causes 1,000 deaths in the United States every year.

It costs the United States in economic waste alone about \$500,000,000 annually. More than 1,000,000 persons in this country are suffering from active tuberculosis right now. It menaces every community, every home and every individual.

And yet tuberculosis is curable and preventable. The Red Cross Christmas Seal Drive asks as little and deserves as much as any drive in which we have participated to join. Its leaders reach all of us in some measure and mothers and children not of all.

AID TOWN COMMITTEE

Mr. Parkhurst Urges All to Assist to Secure Historical Data

To the Editor of the Winchester Star, Winchester, Mass., address:

Dear Sir: The people of Winchester from the outset have done everything they could for our young men who entered the service and since the close of the war they have shown a willingness to express in any possible way their appreciation of the great service rendered by them.

A Committee on Public Safety was appointed and one of their first duties was to look after the dependents of those who went into the war. This was faithfully done. The Red Cross, the Y. M. C. A., and the Knights of Columbus, whose efforts did much to soothe the hardships of war, were supported in a most liberal manner. Before the war ended, a committee erected a most creditable altar to the "Roll of Honor," dedicated the very day before the armistice was signed. At the annual town meeting following, two committees were appointed. A committee to consider the desirability of erecting a permanent memorial to these young men. That committee is attending to its duties. Another committee was appointed to publish a brief historical record of the work of the men and women in the service during the Great World War. This committee is attending to its duties with diligence and faithfulness.

But in the issue of your paper of November 14 I was very much surprised to find a list of some two hundred who had not replied to the request of this committee for information concerning their service nearly one year after those whose records the town desires to secure. And in your issue of November 21, I find that during the week only three of that two hundred had responded. In addition to this list there was another list of about one hundred who, while they had replied, had not answered the questions the committee desired to have answered, and of this one hundred, during the week following the publishing of the list, only about twenty complied with the request.

Now it does not seem to me that these young men are responding as they should. They are not rendering the same kind of service in time of peace that they rendered in time of war, and every good citizen has a duty to perform in one case as well as in the other. In looking over the list I find one whom I personally know, and I am going to write them a letter this morning calling their attention to this matter. Now, I am sure that the reader of The Star, looking this list over and so if he cannot personally call the attention of some of these young men to this matter, and ask for their co-operation, I feel that he can realize what it means to

the town and to their organization, as well as to themselves individually. They would not delay a moment in replying to this very reasonable request of the committee, and if any young man should receive half a dozen letters from different people, urging him to do this, it would do him no harm.

By the hearty cooperation of those who went to the war and those who stayed at home, the victory was won. Now let us have the same cooperation in this matter.

Sincerely yours,
Lewis Parkhurst,
November 25, 1919.

INCREASE AND ECONOMY FAVORED

Editor of the Star:

In scrutinizing the columns of the last issue of the Star I was able to ascertain that the Finance Committee and School Committee have voted to grant the teachers the increase in salary desired—namely, a flat increase of \$400. I believe the teachers are entitled to this increase, but inasmuch as the taxpayers are the people who will eventually be called upon to pay this increase, they should have a voice in the matter.

In my opinion the town fathers should have called a special town meeting to determine what action should be taken in regard to the teachers' request.

I believe women should receive the same compensation as men for equal work performed. If we fail to provide adequate compensation for our teaching staff I am afraid that our future graduates are destined to seek other employment elsewhere. Let us remember that the children constitute the nation's most valuable asset, hence the necessity of having a contented teaching staff.

The full responsibility of the municipality should be recognized by such measures as will protect the teacher and her pupils. It thus falls to a living wage. A living is food, raiment and shelter; a living requires labor; labor alone will produce food, raiment and shelter. Money is not a thing, nor can it alone produce a living.

It seems to me, Mr. Editor, that our troubles today are due to the failure to practice economy for the common good. In consequence a lessened quantity of food, raiment and shelter. I firmly believe that if we continue in this channel a few years longer we will have more money; yes, but there will be no food to buy.

It thus becomes imperative that we should practice economy for the common good. This can very easily be accomplished by consolidation, which every student of municipal economy readily understands means efficiency, economy and eventually a reduction in our tax rate.

The above few lines were not written by the stroller, however, preacher or teacher; they were written by your humble servant.

Patrick H. Cranwell.

RED CROSS

Many men in service and their families have been in the habit of going to the Red Cross Way Stations on Mount Vernon Street to ask for advice regarding home service matters, and as their workrooms will be closed soon, the public is again reminded that Miss C. E. Riney, the Home Service visitor from the Boston Metropolitan Chapter, will continue to hold office hours every Thursday from 2 to 4 p. m. in the Committee Room on the Second Floor of the Town Hall. Any inquiries regarding insurance, compensation, and any other assistance which she may render to Winchester to assist the community in helping these men who answered the call of duty, she will be glad to give.

The next of kin of all deceased soldiers, sailors and marines are entitled to the benefits of the \$100.00 bonus granted by the State of Massachusetts. All applications should be filed before November 30th.

As Thanksgiving will be a holiday this week Miss Rising will be at the Town Hall on Friday, November 28, from 3 to 4 p. m.

CLAYTON SCHOOL NOTES

The Thrift Stamp Club of the Clayton school held its monthly meeting on Tuesday afternoon at 1:30 in the kindergarten.

Kathleen Lynch, president of the club, presided. The entertainment for the month was a Thanksgiving play. The play represented the life of the Pilgrims in England, Holland and America. The Indians furnished much amusement.

The costumes were designed by the Art Students, and were very effective. Great credit is due Mrs. Isaman for the success of the affair.

The cause of the town for the "Antiques it keeps."

Last week I spoke of a man who through prejudice would not buy life insurance.

For months he had to face death and the fact that his wife would not be left in comfortable circumstances, when it had been in his power to make it otherwise.

He died in 1905.

The printer changed 1902 to 1912 and made me say I talked with him by telephone in 1912.

If such a thing were possible and YOU telephoned him for advice as to carrying a fairly adequate life insurance, what do YOU think he would say?

AT 82, EPISCOPAL PATRIARCH CALLS HIS FLOCK TO WAR

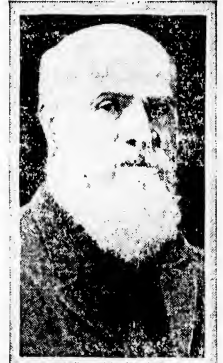

Photo by Gerhard, St. Louis
The Rt. Rev. Daniel S. Tuttle, D.D.

"Summon the men! Call the women! For not the children! Discipline the recruits. Furnish the munitions and the supplies. Speak to American Churchmen that they go forward."

"The Son of God goes forth to war. The American Church goes with Him. Thus the cry of the oldest bishop, the 'Patriarch of America.'"

It is the message of the Right Rev. Daniel Sylvester Tuttle, D.D., LL.D., Bishop of the Episcopal Diocese of Missouri and Presiding Bishop of the Episcopal Church of the United States, to his flock of more than a million.

He has uttered it from the eminence of his eighty-two years of life and his fifty-two years of service as a bishop. It is his call to the colors of the Nation-Wide Campaign of the Church, to arouse every member of the Church to its responsibilities and opportunities in the crucial era of reconstruction, to raise more than \$625,000.00, to send out 1,500 new workers that may expand every phase of its work at home and abroad.

Already this call is the rallying cry of 100,000 men and women, enrolled beneath the banner of the campaign, all over the United States. It has mobilized eighty-four Episcopal dioceses and missionary districts for the campaign. It has put the entire Church behind the movement, through the governing body, the triennial general convention, which recently met in Detroit and gave it formal approval.

The spirit of "The Patriarch" seems to have gone into the Nation-Wide Campaign. For him it is a climax to the work to which he gave himself half a century ago.

Is Uncle Sam Reliable?

The proof that Uncle Sam is *most* reliable is the fact that he was given credit to the extent of billions of dollars by the plain people during the great world war.

The fact that Uncle Sam keeps his eye on your deposits in the National Banks ought to convince you that your money is safe. The first consideration is always safety of principal. Money invested in oil or undeveloped industrial stocks may earn large dividends, but the risk is too great to take chances unless you can afford to lose both principal and interest. The really substantial investments of this kind are already too high in price. Your banker can advise you better than the average promoter who is selling speculative securities.

Let us talk over your banking requirements with you.

HOLLS STREET THEATRE

William Gillette is to bring his engagement at the Hollis Street Theatre, Boston, in J. M. Barrie's comedy, "Dear Brutus," to an end next Saturday night, December 6th.

It is with regret that lovers of all that is good in the theatre will part with Mr. Barrie's play. Of course, much was expected to come from the play, and it is to be said that much has been given.

The whimsy, satire, irony, quaintness, wit, and sentiment of the play has been greatly appreciated during its stay in Boston by audiences as large as the Hollis could hold, and the performances will continue to crowd the theatre.

COPELY THEATRE

There are certain plays which the Henry Jewett Players have done in the past few years at the Copely Theatre that stand out conspicuously as unusual pieces in their kind, and among those is "The Man Who Stayed at Home," which was given toward the end of the season of 1916 and 1917.

"The Man Who Stayed at Home" is a play of spring and intrigue, and has to do with the late war, and now that the world struggle is over, the play takes on a new interest. So many calls have come in to Director Jewett for a revival of this play that he has consented to make it the next attraction at the Copely, beginning Monday, Dec. 1. The play will not be cast quite the same as on its previous production, but several members of the company will have their old parts. Considerable interest is attached to this revival of one of the best war plays that have been seen in the past few years.

"The Farmer's Worst Enemy—Rats. The Farmer's Best Friend—Rat-Snap."

These are the words of James Baxter, N. J.: "Ever since I tried RAT-SNAP I have always kept it in the house. Never fails. Used about \$3.00 worth of RAT-SNAP a year and figure it saves me \$300 in chicks, eggs and feed. RAT-SNAP is convenient, just break up cake, no mixing with other food." Three sizes, 25, 50c, \$1.00. MISS BRIDGET MURPHY

Miss Bridget Murphy, aged 85 years, died at the Winchester Hospital on Tuesday evening after a long illness extending over nine months.

She was a native of Ireland and had resided in Winchester for the past eight years, having previously been employed for many years in Boston.

She is survived by three sisters in Ireland and two brothers in the same country. A fifth brother is Mrs. John J. Murphy of Winchester Place with whom she made her home during recent years.

The funeral services will be held at St. Mary's church, this Friday morning at nine o'clock and the burial will be in Calvary Cemetery.

IF THE EPISCOPAL CHURCH EVER WAKES UP, LOOK OUT SATAN!—"BILLY" SUNDAY

And Now "The Episcopal Church is Awake" Says Dr. Stires, Eminent New York Divine.

Photo by Paul Thompson
DR. ERNEST M. STIRES
Famous New York Rector

"If the Episcopal Church ever wakes up—look out!"
Crouching, prostrate, by his fire close to the altar, during his visit to the direction of the nation's religion, "Billy" Sunday, the baseball evangelist, once hurled this warning to the Devil One, while thousands, crowded into a great tabernacle, watched.

"That moment is near—is here!"
This is the answer to "Billy" Sunday's implied challenge. It comes from the Rev. Dr. Ernest M. Stires, rector of St. Thomas' Church, Fifth Avenue, New York, and one of New York's most noted preachers. He is a member of the Joint Committee directing the Episcopal Nation-Wide Campaign, and director of the Every Man Campaign, in New York.

A campaign to raise \$12,000,000 in the Episcopal Church in one day—December 7. To recruit 1,500 new workers; to rouse every member to help the Church play its great part, presently in this age of reconstruction by equipping every phase of its activity in the next three years—upon this, which is the purpose of the Nation-Wide Campaign, Dr. Stires bases his answer to the evangelist.

In effect, Dr. Stires says to the world:

"The Episcopal Church is awake."
"The Nation-Wide Campaign is urgent," says Dr. Stires, "because of the greatest of the need of this hour. I speak not of the missionary needs of the Church, but of the needs of all the world. The Church holds a position of power and influence. It must use its power to meet these needs. For the suffering, injustice and wrong of the past is still here today, crying out to us. Children are still being slain by cruel heretics."
"George W. Ruben, states that the latest problem of our time is the

spent in forming household linen to be used in the two homes maintained by the Settlement.

Mrs. Gleason and Mrs. Hamilton returned Saturday evening from St. Louis where they attended the National W. T. U. convention, lasting more than a week. The convention was the first for two years and the first since the adoption of the Federal Prohibition Amendment. It was the largest of its kind ever held in the United States. The delegates, numbering more than 1,000, were from all over the country. The convention was held in the Hotel St. Louis, and the delegates were entertained in the most comfortable manner. The convention was a great success and the delegates returned home with a great deal of good will for the cause.

The three times to be held in the city during the coming year are also stressed during the coming year are the International Child Welfare and Women in Industry, which were then specially urged in the Massachusetts conference last year. As a result, it is generally assumed that the coming year will be a year of great activity for the W. T. U. in this city. The delegates are now in the city, and the coming year will be a year of great activity for the W. T. U. in this city.

THE FORNIGHTLY NOTES

The regular meeting of the Fortnightly Club, held Monday, Nov. 24. At the business meeting, the club voted to donate \$100 to be used by Mr. Moore, the school physician, to supply milk for mid-morning lunches for children in such cases as he considered necessary.

Mrs. Bethel, the President, announced that at the next meeting a stocking, which had been sent her for this purpose, would be passed around to receive donations for the support of the war orphans of France, and she requested the members to come prepared to contribute to this charity.

Mrs. Charles L. May, Chairman of the Legislative Committee of the State Federation, gave a short but very interesting talk on the activities of this committee.

After community singing, the Chairman of the Education Committee, introduced Miss Ella Ann Kim, who gave a Travel Recital on "Modern Italy, Her Social and Economic Life." The illustration by stereopticon Miss Van Kirt, spoke of our great debt to Italy whom she called the "Mother of Civilization." She gave an outline of Italy's history from the 13th century, and bringing her audience up to the present time, told of the reasons why Italy did not enter the war sooner, and the great and she gave after her entrance. She had great stress upon what she considered Italy's justifiable claim to Europe and of the danger to which she may be exposed from the peoples of the East. The lecture was illustrated by numerous maps and pictures.

The Legislative Committee announced that the first of their series of lectures will be held at the home of Mrs. Butler, 55 Barton street, known as the "Talm Estate" on Friday evening, Dec. 5th, at 8 o'clock. Mr. J. Randolph Gaudin will speak on "The League of Nations." Mr. Gaudin is President of the League of Free Nations, and also a member of the Executive Board of the League for the Enforcement of Peace. Members of the Fortnightly and husbands are cordially invited to attend.

The Civic and Thrift Committee announced that the Fortnightly Thrift Exposition has so far outgrown the original plan that an additional display will now require the use of Town Hall, afternoon and evening for two days instead of one, Tuesday and Wednesday, Dec. 2nd and 3rd, from 2 until 10 p. m. A special detailed announcement elsewhere in "The Star."

Good From Alchemy.

The philosopher's stone never existed except hypothetically in the imagination of credulous humanity. But out of the efforts of many thoughtful men the present has grown with its enlightened views and fuller knowledge. Alchemy, although in many respects a remarkable example of the extent to which human reason may alterate, can never be without human interest. It brought to show many fresh fields of research, and led to the discovery of many facts of great importance during its strange and devious career.

DAILY PHILOSOPHY

A fussy person quickly sours the milk of human kindness.

It is impossible to beat an ignorant man in an argument.

When a woman plays whist she measures out the cards as if she were going to make a pudding.

The road might not seem so long if there weren't so many long faces on it.

We are always reaching out for help, when most of the help must come from inside ourselves.

It is interesting to learn that Mr. McGowry, our genial switch tender and occupant of the "hot" place in the "circuit," has had an electric radiator installed. With his face curtains and now his new radiator, he is quite comfortable for the winter. The next improvement he is preparing for is another window, this one to face the east, that he may more readily see the approaching Arlington cars.

It is reported that the committee recently appointed to consider the erection of a new church edifice for the Methodist Society has made considerable progress, and it is very possible that the Society may shortly undertake the erection of a new home. This, coming on the heels of the recent movement for a Masonic temple and a new building for the First Church of Christ, Scientist, together with the projected Post Office building seems to show some time "strains" in Winchester in the coming future.

Mr. Richard Kennedy of Boston seriously injured in an auto accident last week when he struck an electric light pole, is reported much improved at the Winchester Hospital.

Mr. Harry Fox, injured last week while riding in a friend's automobile, is reported on the road to recovery, it being expected that he would be discharged from the hospital this week.

Dec. 9, Tuesday. Christmas Sale, Ladies' Friendly Society, Unitarian Church. Luncheon from 12 o'clock to 2. All are welcome.

Mr. and Mrs. Herman Struller of Upper Montclair, New Jersey, have announced the engagement of their daughter, Lucile Adams, to Mr. Franklin Johnson Lane, son of Mr. and Mrs. Charles A. Lane of this town. Miss Struller attended Wheaton College in 1914-15 and was graduated from the Sargent School of Cambridge in 1917. Mr. Lane, a Winchester High School 1913 man, was a member of the class of 1917 at Tufts College. In April of that year, he left college to join the navy and during the War was an Ensign on the flagship, U. S. S. New York, which was on duty in the North sea for thirteen months.

He was discharged from service in June, 1919, and is now engaged in the cotton business at Manchester, N. H.

"The animals' (think?) asks a solemnist. Well, a dog turns around three or four times before lying down to go to sleep, while a man without giving the matter any thought, lies down, goes to sleep and then turns over several times, waking himself each time. —Louisville Courier-Journal.

How the Mint Buys Gold.
The mint buys gold in any form whether coined or not, when presentation is made to the value of \$50 or more. The true value of coins is not considered, only their weight and purity. An equivalent amount of lawful money is given in exchange. Thereof, the \$20 is coined and handed back to the owner, while the charge in practical matter of convenience and to save time, the mint simply pays the gold and pays its full bullion value—that is what it will be when coined.

THRIFT

is one of the hard lessons to learn. Without it in our actual practice day by day we are sure to drift into careless habits which leave us as poor in December as in the previous January.

To help you out of the drift into a life of thrift we have organized our

1920 Christmas Club

and we invite you to join it now.

It is based on sound principles of finance. It will accumulate your savings during the year in exact proportion to your weekly deposits, earning interest and subject to your call at the time you need it most—the Xmas shopping time.

Final payments on this year's Christmas Club must be made on or before December 11, 1919.

Checks will be mailed to Club members about December 15th.

Good Economics Is Good Religion

—G. W. Wickersham

GEORGE W. WICKERSHAM
Former Attorney-General of the United States.

George W. Wickersham, former Attorney General of the United States, is actively enlisted in the National Campaign of the Episcopal Church which is being waged for a more practical, efficient religion. Discussing the awakening of the people, as one of the outcomes of the world war, and of their dawning consciousness of power and influence in shaping the world's affairs, Mr. Wickersham says:

"It is distinctly a church function to lead in this. The politicians can't do it. It isn't a situation in which partisan passion should play any part. It is a human problem, and the part which the church must play is that of getting down to a human basis in its relations with men and women and approaching them not only from their spiritual, but from their material side as well. We have had too much religion that goes over the heads of the people. We haven't been practical and we haven't been efficient. The religion of the new era must recognize and advocate that men and women are rational human beings, entitled to fair and adequate compensation for their toil, and the blessings of light, air, sunshine, flowers, ample hours in which to enjoy all these and stimulating amusements. That is at once good economics and good religion. It is a religion that makes for efficiency, and a religion that is human and practical."

DEATH RATE DROPS WHEN RELIEF ARRIVES

Lives of thousands of Armenian children already have been saved by the Near East Relief taking over the Armenian orphanages, according to detailed reports, which have just reached the headquarters of that organization. These institutions had been run by the Armenians since the beginning of the war to care for the children whose parents had been murdered by the Turks. Because of lack of food, clothing and medicine, the death rate among the children in these institutions averaged as high as twenty or thirty a day in some cases. When Armenian funds became inadequate the Near East Relief took charge of the orphanage. Since that time the death rate has been greatly reduced. Given good food and care the children are quickly returning to normal physical and mental condition. It is estimated by persons who have made a survey of Armenia that 120,000 children will die during the next year unless they are given food and care. Near East Relief is the only organization now operating in Western Asia and it is making an appeal to save these Christian children.

The Girl's Athletic Association of W. H. S. held a successful dance Saturday evening in the school gym. Mr. Butters managed the affair and the reception committee were Mr. Butters and Mr. and Mrs. E. M. Sney. Refreshments were served.

Printing Brings Clients

Not every business has a show window. If you want to win more clients, use more printing and use the kind of printing that faithfully represents your business policy. You save money and make money for your patrons. Do the same for yourself by using an economical high grade paper—Hammermill Bond—and good printing, both of which we can give you. If you want printing service and economy—give us a trial.

"The Farmer's Worst Enemy—Rat. The Farmer's Best Friend—Rat-Snap."

These are the words of James Baxter, N. J.: "Ever since I tried RAT-SNAP I have always kept it in the house. Never fails. Used about \$2.00 worth of RAT-SNAP a year and figure it saves me \$300 in chickens, eggs and feed. RAT-SNAP is convenient, just break up cake, no mixing with other food." Three sizes, 25, 50c, \$1.00. Sold and guaranteed by Central Hardware Co., Allentown, Pa. and Richardson's Market, 621 24th St. N. E.

COMMUNITY SERVICE

There is much unrest all over the world and the United States is not entirely immune from Bolshevism. What is needed to avert one of the most dreadful of all calamities is the Americanization of all foreign born within our borders and to rescue those fortunate enough to be born in this country from the slough of despond, to improve their surroundings and give them a more hopeful and cheerful view of the future. To impress upon the foreign born the necessity of being good citizens is one of the greatest objects of Community Service. There is room in every community for earnest work in this direction and there seems no questioning the statement that Community Service is the best equipped organization to accomplish this tremendous task. It has the machinery and the leaders and it already has proved its worth in a number of cities. Neighborhood and community works are not new in this country, but there is a new promise of force through national organization in the nation-wide plans of Community Service. Roosevelt said that "no man could be part American and part something else" and truer words were never uttered. The citizens of this country must be all American or nothing. The program of Community Service calls for a great movement to make thorough-going Americans of all of our foreign born population. Americanization is the common term but higher and better citizenship are better words. Through various methods Community Service plans to instill into the alien born the ideals that will counteract unrest and place the discipline of unrest in the background.

KETCH WILL SAIL FOR SAMOA ISLES

Boston Party Bound for Long Cruise to the Pacific

Bound for the Samoan Islands, the
 auxiliary ketch Ajax left Marshfield
 early Sunday with Herbert L. White
 of the Eastern Yacht Club in com-
 mand, accompanied by E. R. Baker
 of Winchester; G. H. Tilton and Dr.
 A. H. Crosby of Boston; G. R. J.
 Briggs, S. M. Lewis and W. R. Reed of
 Brookline; W. A. Harvey of Dover
 is expected to go aboard at Colon. The
 adventure will cover a period of sev-
 eral months and Mr. Smith and Fris-
 will not return till next spring. Mem-
 bers of the Harvard Club kept com-
 pany with the Ajax as far as Boston
 Heights, having chartered a boat for
 the purpose.

The Ajax is owned by the South
 Seas Pacific Company, Inc., of New
 York, and will be employed as a pack-
 et among islands of the group where
 trading stations are operated by the
 concern. Mr. White, an enthusiastic
 yachtsman, with his home in Brook-
 line, volunteered to take the former
 yacht to her destination and the cabin
 party goes along on his invitation.
 Capt. Joseph Stoffany, an American
 who has commanded packets in the
 South Pacific 20 years came from San
 Francisco to join the Ajax in an ad-
 visory capacity. The itinerary con-
 templates a call at Bermuda, King-
 ston and Colon before proceeding to
 Balboa for the long jump to the Na-
 vigator Islands. It is possible, how-
 ever, that the Ajax may touch at the Sand-
 wich Islands.

 Columbus, Ohio, Nov. 11. The An-
 ti-Suffrage referendum petition, sus-
 pending the action of the Ohio Legis-
 lature in ratifying the Federal Sur-
 fringe Amendment, and submitting the
 question to the voters in 1920, was up-

held today by the Supreme Court of
 Ohio, sustaining the decision of the
 lower courts. The suffragists at-
 tempted to enjoin the Secretary of
 State from submitting the referen-
 dum, but were unsuccessful. Ohio has
 defeated woman suffrage three times
 at the polls. In 1912 the people re-
 vealed the Presidential suffrage ac-
 t by a majority of 146,120.

DAILY PHILOSOPHY

Some people fail to practice what they preach because they need the money.

It's a good thing for a man to be cool in the hour of danger, if the coldness isn't all in his feet.

We are learning that a man can be cordial without drinking it.

A man may run into debt but he either walks out or stays in. A man never does as much today as he intends doing tomorrow.

OBJECT TO PLEDGE

Secret Societies Claim Minors Forced to Sign.

Editor of the Winchester Star:—The Inter-city Council of the boys and girls societies of Winchester has learned with the greatest astonishment of the presentation to each student of the Winchester High School of the following paper with the requirement that it be signed by all.

WINCHESTER HIGH SCHOOL.
I hereby declare that, I am not and so long as I am a member of the school, will not become a member of, or associated with any Fraternity, Society or Secret Society, as included within the meaning of the vote of the School Committee of Winchester, and passed April 18, 1918.

This, I day of _____, 1919.
Signed _____
Witness _____

We understand that this was presented just prior to the school recess at a recent date, and that, in the different rooms differed relative to the obligation, there was a distinct implication in at least one classroom that no pupil could go out for recess until, willingly or unwillingly, he had signed this slip.

We cannot but wonder who is responsible for what appears to be a forcing of a signature upon a minor for the avowed purpose of securing his actions and restricting his personal liberty for a period of time which, in many cases, may reach over several years.

Is such a signature, so obtained binding an act of a minor under apparent coercion? We believe that no citizen will agree with us in feeling that it could never be held valid.

We believe that all citizens will, in reflection dread the possibilities opened by a precedent of this sort of the requiring of signatures from young people without affording them time either for reflection or consultation with their parents.

Moreover, we have heard that there was much amusement among some of the scholars, when on reading over this weighty attempt to circumscribe their future, they noticed that the date of the school committee's vote was printed as a whole year prior to the actual time it was passed, a truly unfortunate example of lack of exactness.

We are forced to believe that this action could not have been taken after mature deliberation on the part of the school committee and a full appreciation of the gravity of setting a precedent of this sort.

We fully believe that all thinking townspeople will concur in our attitude as expressed above entirely aside from any hearing this precedent may have for the future of the societies of the young folks in the town of Winchester.

Inter-Society Council,
LOUIS E. GODDIE,
Chairman.

WATCH YOUR TAIL LIGHTS

The police had seven motorists in court Wednesday for driving at night without their tail light going. Some were fined \$5 and others had their cases placed on file.

All vehicles, including bicycles, are required to show tail or rear lights. The infringement of this rule has become so common that the police are going to wage a active campaign against all offenders.

PETITION FOR ONE SESSION

To the Editor of the Winchester Star:—The enclosed petition with list of attached signatures has been sent to the school committee of this town. Will you kindly publish it in your paper as it may prove to be of interest to some of the citizens.

To the School Committee of Winchester:—We, the undersigned mothers of children residing in Winchester Highlands, having fairly tried the two-session a day system in the Wadsworth and Prince Grammar Schools, find it a great source of inconvenience to the children concerned.

First: The children do not have time to get home and return at noon without a great deal of hurrying. Riding on the cars is expensive, especially if there are several children from one family. If the children carry a lunch, they spend one and one-half hours longer in school than they should. A hot dinner cannot be served when they arrive home at four o'clock and it is not the question at six or six thirty for children was to be early.

Second: There is almost no time for any outdoor play before dark.

Third: The home lessons assigned by the teachers are too long for children who attend a two-session school. Many children have given up their music because there was no time for practice. The children are expected also to do "Before school work." This is too much.

Therefore, we do hereby petition for one-session per day in the above mentioned schools.

Signed:

THE TONIGHTLY NOTES

The program at the regular meeting of the Fortnightly on Monday evening was given by the Dramatic Committee, who presented in three acts the comedy "Eliza Comes To Stay," by H. V. Esmond.

In the opinion of many, it was the best acting the committee has ever produced, every one not forgetting the cat, taking her part well and providing a most amusing afternoon's entertainment.

The characters in the order of their appearance follows:

Herbert, a valet. Hazel E. Corey, The Honorable Sanderson, Esq., Captain R. Hall, Mrs. Alloway, Fern S. Yeager, Alexander Lee Stoop Verrill, Ruth G. Phippen, Lady Penelope, Grace Ramsey, Lady Vera Lawrence.

Montague Jordan, Gretchen H. West, Dorothy, Carolyn D. Gilpatrick.

All business, except the reading of the following letter, was handled. The War Camp Community Service is desirous that each of the three hundred overseas men in the Parker Hill Hospital shall receive a Christmas letter at Christmas, and we are asking the women of Greater Boston to assist them by contributing articles for the Christmas mail. These may be sent to Mrs. O. C. Sanborn, left at the Star Office, or you may telephone Mrs. Sanborn and she will send for them. It is hoped many will assist in this good work and help to bring a bit of cheer to those who will be sent for them that we might enjoy the peace and joy of the Holiday Season.

Any articles left after the Thrift Exhibition have been taken to the Woman's Exchange, where it may be obtained.

Anyone who made any purchase in gas or electric appliances at the Exposition should report same to some member of the Civic Committee so that we may estimate the amount of savings per cent on commission.

The President, also read from the Standing Rules concerning meetings and the order of business. The next meeting will be held on Monday evening, December 15, at 8 o'clock. The President's Night, President's Day and meetings when tickets are sold. Residents of the city may be admitted as guests of members upon the payment of twenty-five cent. at any meeting of the Club open to visitors, but no persons eligible to membership may be admitted but twice in one club year. April-March inclusive. Any non-resident member of a Federated club may be admitted to any meeting of the club open to visitors on presentation of his membership card. An open meeting is one for all who wish to buy a vote to sell such tickets having been passed at a previous meeting. Tickets are not for sale at such a meeting unless those sold for the occasion.

The lecture on the League of Nations held at the home of Mrs. Harter Robb under the auspices of the League of Nations Committee, was greatly enjoyed by those present. Mr. Randolph Goddard, who gave the address, was well fitted to speak upon his subject. A very pleasing feature of the lecture was the fact that a great organ in Mrs. Robb's music room.

Archibald Marshall as the present day representative of Rome, will be considered at the next meeting of the Literature Class under the leadership of Mrs. Getty, with the help of Mrs. Scott, Mrs. M. M. M. and Mrs. W. The meeting will be held next Monday, December 15th at 8 o'clock in the library of the High School building.

We have a line of Christmas cards not excelled at any Boston shops. You will be surprised at the cheap prices at which we sell. All collectors Exchange.

"FRANCE A YEAR AFTER THE WAR"

CAPT. JEAN B. LEMETOUR
Liaison Officer in the 20th Division, will speak at the Epiphany Men's Club Wednesday evening.

An unusually interesting speaker is to be heard at the meeting of the Epiphany Men's Club in the Parish hall next Wednesday evening, Dec. 17, when Capt. Jean B. LeMeitour, an officer of the French Army, will speak on "France a Year after the War."

When our own 20th Division arrived in France two years ago, Capt. LeMeitour was attached to Gen. Lally's brigade as liaison officer. Throughout the war he was a part of this brigade of American fighters and returned with them when they came home last April. He remained in Boston until July and during the drive for the last Liberty Loan he was much sought after as a speaker because he never failed to arouse his hearers to a pitch of great enthusiasm.

When he returned to France, where he remained until he sailed for this country again two weeks ago. Now he comes back with a most interesting story of what is really today, a year after the armistice. He will tell just what has been going on in France towards restoration since the war ended.

This will be an exceptional opportunity to learn the real truth about France as she is today, and members of the Epiphany Club are urged to bring their friends to hear Capt. LeMeitour next Wednesday evening.

SELECTMEN'S MEETING, DECEMBER 8, 1919.

The Board met at 7 o'clock P. M. Present Messrs. Kulkor, Cox, Newman and Simmons.

The records of the meeting of November 24 were read and approved. The War Camp Community Service voted to grant Messrs. Frank E. Gilchrist and Bertram L. Curley a 2nd class license to conduct a garage at 765 Main Street. Same a license as of May 1, 1920 unless sooner revoked. A public hearing was held in regard to this matter on November 10, 1919.

Police Department, Enforcement. The Board voted to appoint Mr. William E. Cassidy a permanent patrolman of the Winchester Police Department with permanent appointment to date from December 16, 1919, the date of the expiration of his probationary term.

Traffic Rules. The Board passed the following order: (See traffic rules published in this issue.)
Water Mains: A letter was received from the Water and Sewer Board stating that owing to the lateness of the season and shortage of help the water main on Westland Avenue will not be laid to proper grade this year, but that the main would be properly covered to 10 feet in freezing.

Street Light. 1919 General Subject. A letter was received from the Edison Electric Illuminating Company acknowledging the Board's order that the street lights be turned on Christmas morning at 4 a. m.

Signs. The Board voted to allow the Winchester National Bank permission to hang the temporary sign previously petitioned for and granted by the Board under date of Dec. 1, 1919, from Dec. 12, 1919, to Jan. 1, 1920.

Hydriants. Mr. Simmons reported that he had given over quietly the report of the Chief of the Fire Department pertaining to hydriants and had arranged for the repair under the heads. A. hydriants which should have immediate attention; B. where the hydriants are low and C. hydriants on which chains should be installed or repaired. The Clerk was instructed to send a copy of the Chief's report to each of a copy of Mr. Simmons' report, A and C to the Water and Sewer Board and to state that in the opinion of the Board these hydriants should have immediate attention. K. OF C. ITEMS

With the soldier members back from the front and fifty or more new elected brothers to swell the membership up to 200, comes the crying need for more commodious and up-to-date quarters. Other councils are establishing educational centers, gymnasiums, and places of recreation for their young. Certainly all such endeavor leads to better citizenship and should be encouraged. In hopes of having a home of their own in the near future, the Winchester K. of C. are making a concentrated drive to enlarge their building fund. The proceeds of several large affairs, among which are a tag day, a minstrel show, and a turkey whistle, will be used to swell the fund.

Mr. Luke Glendon, general chairman of these activities, is perfecting the plans for the Tag day, which is to be run in conjunction with the minstrel show in January. The Daughters of Isabella have volunteered their services for that day. The telephone girls, school girls, and Boy Scouts will be called upon to assist.

The minstrel show, under the direction of George "Decker" Thornton, is shaping up well and promises to surpass all other amateur entertainments. Owing to injuries received in an auto accident, Mr. Harry Cox, the former director, has had to give up his duties as instructor, but it is hoped that he may be able to do his sketch in the show as planned.

A turkey whistle will be run under the auspices of the D. of L. and that fact alone insures its success. Besides the turkey there will be many more worth-while prizes and a few surprises not down on the bill of fare. The date of this event will be announced in next week's "Star."

At the next regular meeting of the Council, Grand Knight Sullivan and staff will initiate ten or more candidates into the First Degree of the order.

Last Friday night in the High school gymnasium the K. of C. basketball team defeated Mattapan by a 2-0 score. This week they are booked to play the North End team. The local team is doing wonderful work and, despite being late in making a start, it stands well up to the league.

A bowling team is the next thing on the program, and those interested are keeping their eyes on the local score.

JUMBLE SALE

A the Epiphany Parish House, on Wednesday, December 17, will be the second of a series of Jumble Sales. Send any articles on Monday and Tuesday, and on Wednesday come and buy. The public is invited to Jumble Sales. Members of the parish may come at 1 o'clock.

Proceeds to be given to fund for Parish Picture Machine.

CHRISTIAN SCIENCE LECTURE

Continued from Page 1

be of men, it will come to nothing, but if it be of God, ye cannot overthrow it; lest haply ye be found even to fight against God.

THIS TRAGIC MOMENT IN HISTORY

We are without doubt living in one of the most tragic moments in history. On all sides are evidences of the most terrific upheavals the world has ever witnessed. Nations are being torn apart, and the ravages of wars still abound, desolation and disturbances of nature seem to prevail, and want, war, and discord stalk abroad in the earth. What does it all mean? How are we to stand? Christian Science gives the only rational explanation of this tragedy would have terminated. It tells us as not to be dismayed but to realize that as the mud in a river's bed must be stirred and brought to the surface in order to purify the stream, so the Science and Health, p. 240), just so must the latent errors of the past, national and individual, be brought to the surface and carried off in order that the kingdoms of this world may become the kingdoms of our Lord and of His Christ. As Jesus says in the twenty-first chapter of Luke, "When these things begin to come to pass, then look up, and lift up your heads; for your redemption draweth nigh." A Christian Scientist cannot fail to read the signs of the times and realize with courage and without dismay that this mighty international upheaval means the blasting away of the rocks and stumps of tyranny and oppression and the preparing of the soil of the human consciousness for the seed of truth, the seed of scientific Christianity. This means that the world is being made safe for democracy, means that the world is being prepared for scientific, liberating Christianity.

ARMAGEDDON

Certainly it must be recognized by every thinking person that the signing of a treaty of peace, favorable to human interests as it may be, will not alone usher in the millennium. To be sure, the yielding of authority to democracy, the ordaining of humanity good governments, and the establishing of equal rights and privileges among men are absolutely necessary steps toward the ultimate liberation of the race. But the great battle of Armageddon, the final battle, for this is the conflict between the flesh and Spirit, between Truth and error; the struggle whereby mortals finally shall be freed from the bondage of material sense, from sickness, hate, animality, limitation, sin, sorrow, old age, death, drawn through the world's enmeshed mazes have reached Jeremiah's point: "Is there no balm in Gilead? Is there no physician there? Why then is not the health of the daughter of my people recovered?"

THE COMING OF THE REMEDY

Now it has been proven true in the world's experience that every great human crisis has witnessed the appearance of some courageous God prepared teacher or leader proclaiming a remedy, publishing deliverance, or pointing a way of escape. And now in this age, this material mammon worshiping age, which in spite of its wonderful material inventions and achievements is so lingeringly after spirituality, after healing, bodily and mental, in this age that Love divine which "always has met and always will meet every human need" (Science and Health, p. 94) has spoken again, proclaiming to the sons of men that there is balm in Gilead, and that Gilead is not far off but within our very reach, here and now. And should it be surprising that the gentle voice of a woman that was at one time thought to be the voice of the sabbard and fear in children of earth with all the tenderness of the mother, that Love divine should take care for this creation to heal and to save?

We have only to remember the pure Jewish man, whose unified whole beheld and brought into demonstration the fatherhood of God; the repentance and gratitude of the magicians; the faithfulness of the woman "laid at the cross and first at the sepulchre"; and likewise the fidelity and devotion of the woman-thought through all the centuries, to that which points to faith and purity—we have only to remember these, should the human mind find it difficult to accept the fact that Truth has spoken to this age through a woman.

PREJUDICE AGAINST MRS. EDDY

I regret to confess the fact that before I knew anything about Christian Science, before I had read a line of its authorized literature or attempted to prove by demonstration its truth or its error, I was one of that now rapidly decreasing number of persons who seem to take a special delight in making flippant and unchristian remarks about Mrs. Eddy, the Discoverer and Founder of Christian Science, and in laughing at the movement in general. I was quite sure that Christian Scientists worshiped Mrs. Eddy, and that her system of healing was based upon will power, or the human mind over matter. In fact my fund of information as to what Christian Science did not teach, reminds me of the man who was endeavoring to impress his pastor with his extraordinary familiarity with the Bible. "Why," he said, "I exclaimed: 'I know that Bible from Genesis to Exodus!'"

CHRISTIAN SCIENCE NOT SUGGESTION

But when at last I read the Christian Science textbook, "Science and Health with Key to the Scriptures," and when I had attended a few services I found that what no impartial investigator could fail to discover that Christian Scientists worship the supreme and only God, and certain for the revered leader of this movement only sentiments of affection and deep gratitude. I found instead of a system of material philosophy, dealing with the action of will power and matter, the truth of Christian metaphysics based upon a spiritual sense of the Science. Will may we realize that Mrs. Eddy, for her part, did not teach but Truth, but revealed a so-called magnetic healing, and mind over matter hypnotic control, and found such systems not only devoid of spiritual-

ty, but positively iniquitous. And even a casual glance through the pages of the textbook must convince any fair-minded person that Christian Science is as far from hypnotism and suggestion as is Christ from Beelzebub.

MRS. EDDY

As to that revered gentleman, through whose spiritual vision the simple, healing truths of the Bible are to day made available for those who sit in darkness, I can say only this: Her character needs no defense at human hands. By her fruits shall she be known. History is replete with examples of men who, in the pursuit of a sublime and unfounded misrepresentation which has inevitably pursued the apostle of a new idea. Even the immaculate Jesus did not escape. Think of it! Blind, perverted national sense said of him, "He is a witchdoctor, a liar, a friend of publicans and sinners." Mrs. Eddy writes in Science and Health, p. 281: "Remember, though Christian martyr, it is enough if thou art found worthy to unfold the secrets of thy Master's feet." To suppose that persecution for righteousness is safe, doing, to the fact, and that Christianity to-day is at peace with the world because it is honored by sects and societies, is to mistake the very nature of religion. Err repeats itself. The trials encountered by prophet, disciple, and apostle, of whom the world was not worthy, exist in some form, every pioneer of truth."

MRS. EDDY'S DISCOVERY

Christian Scientists know that Mrs. Eddy did not originate a Christian Science; she discovered it, brought it to light. The balm of Gilead which she has revealed for the healing of the nations is not of her creating, nor is it a restatement of ancient or modern material philosophy. It is the simple, unadulterated spiritual teaching of Jesus and the prophets who preceded him. To this assertion some may say, "But I believe, and have been endeavoring to follow, the teachings of Jesus all my life." Yes, this is unfortunately the remarkable predicament of Christian people today; hundreds of differing sects acknowledge that Jesus as their guide and their king, and then proceed to place their human interpretation upon his words and works. This leads to endless diversity of opinion and the sad differences among Christians, causing one to say, "I believe this," another "My belief is that." Yet the plain fact of the matter is this: It matters not what any man or set of men believes about Jesus' teaching. The all-important point is, What was Jesus' actual teaching? What did he believe and teach? Is there to be found in his word a practical present day salvation for you and me?

SALVATION

I once asked a woman seeking help in Christian Science if she understood the meaning of the word "salvation." "Indeed I do," was her response. "I was saved when I was eighteen." "From what were you saved?" I ventured to inquire. "Why I was saved," she explained, "You know Jesus died to save me." "To save you from what?" I persisted. "Have you been saved from all these years?" "No," she admitted honestly. "I cannot say that I have." Have you been saved from sickness?" "No," she replied sadly. "I have been a terrible sufferer for years." "Did your salvation include deliverance from heartache from fear, from worry, from poverty?" "No," she said; "I suppose my salvation was not intended for the future life."

It is not strange, this seemingly universal misunderstanding among professing Christians regarding the teachings of Jesus upon this subject. Many Christian denominations unite in teaching the attainment of heaven and of spirituality through death, as well as the possibility of an eternal punishment for those who have strayed. Now the fact of the matter is that such notions have absolutely no connection with Jesus' teachings. Before his coming the Jews believed that the faithful were gathered to Abraham's bosom; Jesus would have brought no new message had he taught the gaining of heaven through dying. The Chinese have always believed in an after life, and even the Indians have clung to a hope in a happy hunting ground. Let us examine the instructions given by Jesus to his students as recorded in the tenth chapter of Matthew: "Ye... to the lost sheep of the house of Israel. And as ye go, preach, saying, The kingdom of heaven is at hand. Heal the sick, cleanse the lepers, raise the dead, cast out devils: freely ye have received, freely give. Provide neither gold, nor silver, nor brass in your purses, for the workman is worthy of his meat." "The kingdom of heaven is at hand." In the Christian Science textbook we read that heaven is harmony. Therefore the message of the Savior, which indeed is good tidings of great joy to the bound and afflicted of earth, is that harmony, deliverance, salvation, are at hand, and are to be realized in the proportion that we lift our thought from the material and lay hold on the spiritual facts of being.

YOUR AFFAIRS AND MINE

A Winchester gentleman who recently returned from Canada where he went on business gave The Spectator to understand that a family making progressive effort in increasing the high cost of living. A Board of Commerce has been organized with delegated power enough to make it a formidable economic force. The board can fix prices, after them from day to day, set a many standards of prices for various commodities as it chooses to arrange. Individual members of the board travel throughout the country holding hearings, to which all persons having complaints may come. They teach the public what should be done and what should not be done with reference to price control.

"If work is the only way to happiness, as has been claimed," remarked a Winchester man, "there are a lot of people who have always lived and are apt to be miserable."

The wild man of Niagara Falls has been captured, but there are right here in Winchester a great many men who are wild about high prices, roaming at large.

While the world hungers it is a violation of the laws of God and humanity that profiteers should accumulate unholy gains from the misery of the people.

The Spectator found the following postcard among his mail the other day:

Dear Spectator, You do well to urge the sending back to Europe the rats who are molesting to overthrow our American government. It is certain the intelligent worker will under no circumstances permit himself to be turned into a firebrand to illuminate an industrial revolution to enslave anarchy.

It will take a peculiar brand of optimism to convince the Winchesterite that in the sugar shortage sweet are the uses of adversity.

Several Winchester gentlemen were discussing underpaid professors in our colleges and universities. One was of the opinion of Herbert Hoover that the nation will be face to face with a dangerous radicalism from our centers of higher education. The Spectator believes that America, however much more likely to be faced with a dangerous exodus of capable men from the center of higher education and a dangerous stoppage of the procession of capable men preparing for positions in such institutions. Business, not belatedness, is likely to drive away capable teachers of scientific training. Commercial and manufacturing concerns, as well as other forms of business, are in the market for men of trained minds and forceful characters and already they have made inroads on college and university faculties. Competent professors are not hopelessly tied to teaching positions in this country. Men will leave our educational institutions, unless they are given a living wage just as preachers are leaving their pulpits and the navy is going into better paid service.

A Winchester man arguing against a bone-dry world, says that to make men temperate in their habits, himself included in the number, the morning cocktail or dash of "whiskey."

THE FOOD PROBLEM

Editor of the Star:
In reading the columns of the last issue of the STAR I was able to observe the following paragraph:
"It is not hard to see why the national government has made such headway in the United States. From the opening of the War our news has been full of a constant series of statements and contradictions, until even the most intelligent are at a loss where to place their belief or judgment. This being the case, it is easy to understand the condition of the undereducated element and the unwillingness to accept almost any doctrine put forth. The last example is still mytifying us all. On Monday we learn of the extreme seriousness of the soft coal shortage; on Tuesday we learn of the many plants which are closing down. Wednesday sees the removal of the trains from the railroads all over the country. Thursday brings the order to open retail stores only six hours daily and the closing of offices at four o'clock. Friday finds everyone abuzz about the reinforcement of all these drastic orders and by Saturday the public thoroughly realizes the serious situation the country is in. But on Sunday! On that day we are informed, without any explanation whatever that all restrictions are off. Coal is to be sent in as quantity, the stores are to be kept open, the lights turned on as long as we wish, and, in fact, there is no coal shortage at all to inconvenience us as a whole. I am sure that the majority of us, if they are told any story of fabulous wealth and the benefits of a soviet government and other such of the nature fall on fertile ground."

Now then, Mr. Editor, I believe we have a far more profitable problem on our hands than the supposed soft coal shortage, namely the food problem. To him sustain civilization for future years. There is a way that this food problem can be solved. To help sustain the 100,000,000 people in America and as Mr. Hoover informs us also 150,000,000 or 200,000,000 people in central Europe outside of Germany are in danger of starvation.

We proved to our Allies when they were troubling that we were not too proud to fight and proved to the World that right makes might. We can solve this food problem over night if we make up our minds to think right.

Government ownership of railroads or railroads will not solve the problem; all reforms of prohibition, woman suffrage, etc., will not solve the problem. High wages for policemen and firemen, fabulous salaries for chair warmers, and the like, the guided dome and for our United States senators who articulate in the Senate and remind us of a grammar school debating society, eight hours of labor and strikes will not give us a pound more of food or raiment or a shingle more of shelter.

Government control of prices of staples does not add anything to increased production of food or raiment. Several states have influenced legislation to increase their store of money until they are holding themselves up by their own boot straps, and the strap hangers in our stuffy electric cars.

It seems to me, Mr. Editor, that the combined deliberate results of their efforts has been the lessened production of the necessities of man, for a decent living. The accumulation of money they have as the primary object of life, and a reduced output of food, raiment and shelter. In my opinion the law makers of this glorious country have added with all their power in this accomplishment.

I for me believe that we are moving too far away from natural laws on an artificial basis of legislation. Nature is a safe and sure provider if not hampered by laws for special interests.

I believe usable lands not cultivated by the owners should be heavily taxed, sale to tenants and small farmers, who must be encouraged. This can very readily be accomplished by the elimination of wasteful extravagance in our State, city and town municipal expenditures. In my opinion there are too many assistants to the assistants. Let us remember there is no grace in waste; economy is a duty, extravagance is a sin. When physicians are asked to stop an epidemic of cholera, they at once begin to carry out the cause of the epidemic. It thus follows that the same procedure is necessary when men and women, so to speak, are carried away by the high cost of living. The germ must be isolated and immediately eradicated or destroyed.

Let us enter the new year in a conscious way.

comprehensive way and help eliminate the waste and extravagance so noticeable in the various municipalities throughout the Commonwealth. If we do this it will be a step in solving the food and housing problem; it will help relieve the struggling farmer and the poor widow of the heavy burdens they now carry on their shoulders. They are the men and women who are who labored in the vineyard to obtain our high priced State, City and Town officials.

As space forbids me to delve into this food and housing problem I will now come to a close. I trust files will not think less of General Edwards. I ask too much. I remain, Very truly yours, Patrick H. Crawford

K. OF C. ITEMS
The coming winter snow will be a departure from the old line of winter sports. It is to be staged under the stars in the land of Jaws and is to include many new stunts, stunts and eccentric dances. The rehearsals are going strong and bringing out enthusiastic bands of would-be "Jaws" every Sunday. The management has been fortunate in securing two well-known and popular comedians, Miss Mabel Cole and Mrs. Gertrude Kenner Mc-Nally. Many of the local Council's talented ones will appear as leaders of the different sketches.

Plans for the day are well underway. Quite a few young ladies have already volunteered as "Jaws" and Mr. Luke Clendon, general chairman, feels greatly encouraged thereby. Last Friday evening at the High School gymnasium the K. of C. basketball team were defeated by the North End team of Boston. The North Enders were certainly a hokey-looking bunch, wearing the K. of C. colors of the brown bear type, who went after the game both and raul. Even so, they had some good pushing and the local Jaws put in a pretty tight contest and heavy odds. In the second half of the game the home team showed to better advantage, raising the score to 16 against the other's 10.

In olden times the athlete was distinctly a product of country life; today the city, with its frigid institutions, gymnasiums, swimming pools, and college-bred trainers, is turning out marvels by the hundred. It is almost impossible for a crowd to do good team-work without steady practice and a place to practice in, which only emphasizes the fact that the Council needs a home of its own.

There is more Calumny in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Calumny is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Cathartic Tablets, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional medicine, which is non-injurious and acts thru the blood on the mucous surfaces of the system. One hundred tablets reward is offered for any case that Hall's Cathartic Tablets fails to cure. Send for circulars and testimonials. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists.

A CANDIDATE FOR THE EIGHTH DISTRICT
(Continued from Page 1)

many a vote was cast because I could not follow him in his magnificent battle to found a real political party. He determined to have the mass above the masses and to win the masses by fighting all classes of enemies and a common foe for the people and a common aim for the popular body of the nation.

When I saw the splendid record of the Republican Club of Massachusetts in 1914 I felt that as clearly as I could see the light and the truth, I was able to see and feel that the efforts of the Club should be directed to the benefit of the people and to the benefit of the nation. The Republican Club of Massachusetts is a great organization and I am proud to be a part of it. I am proud to be a part of the Democratic organization of the state and to be a part of the Republican organization of the state.

At this time for a solid delegation to fall behind Henry Cabot Lodge and Charles Sumner Redd, those typical representatives of sound and proper conservatism in Massachusetts, and with Governor Coddage as

our candidate, to go out to the convention at Chicago with the determination to do everything honorable in our power to present him as the man best fitted for the position. Then, whatever the result, we shall come out of the convention a real force in the next administration at Washington and not merely a lot of struggle for a political position with neither leadership nor influence, as has been the case at some previous conventions.

Neither the personal ambition nor political disappointment of any one man or of any group of men should be allowed to injure or weaken the influence of the Massachusetts delegation. Let us send out a body of level-headed, experienced men of affairs who will plan a campaign that will give us an administration at Washington whose policies shall be based upon the far-sightedness of Washington, the broad humanity of Lincoln, and the unadulterated Americanism of Roosevelt.

If the Republicans of the Eighth District desire to send me as one of their delegates to this National Convention I am ready to go and I will give to this service whatever of ability and judgment I possess and consider myself honored by this expression of their confidence.

Bobby's Christmas Eve Dream

For an Improved Christmas
by GRACE ARNOLD

THE woman with brown eyes was gazing meditatively out of the window at the people hurrying through the falling snow with their Christmas bundles.

"You are thinking," her husband suggested.

"About Christmas, that's all."

"We have left undone the things that we ought to do."

"Not this time, my dear. Merely about everything in the world."

"No one could call you narrow minded."

"People have the right spirit about it," she explained. "They are so full of good will toward men that they try to do too much—that's the trouble! You see, most of us and our good intentions are hampered by average salaries and moderate strength."

"I've noticed it."

"We want to give to everybody. We want our homes super-crowded this year. We plan festivities which require new party clothes for the whole family, extra special cooking and preparation for guests."

"Then we set about doing these things. At first it goes well and we enliven. The common, everyday affairs interfere and complicate matters."

"At the beginning of Christmas week with many friends abroad—we find ourselves growing tired, awfully tired. But we see that it's impossible then to stop and rest. That's where the strain begins. We feel compelled to finish what we've started and to carry the program through to the last item of buying, making, packing and shipping."

"Unexpected demands interrupt. Then the strain begins to tell on our nerves. Perhaps we don't say anything for fear of spoiling Christmas for the others, but in our hearts we wish mankind had kept Christmas free from this sort of thing."

"When Christmas day comes we are too weary to bother about the true meaning of it all or to take very keen

note, kindness and generous impulses things which our present physical and mental strain forbids. Throughout the rest of the year, if any one felt inclined to send a regular gift to a friend or relative, that could be done very easily and the recipient would know it was a voluntary, not a compulsory, remembrance."

"It's a great idea," said the brown-eyed woman's husband, cheerfully. "A bit of real affection in place of some of the monotonous now exchanged would be a great improvement."

"We can make fun if you want to," she replied. "But when the world wakes up to the real meaning of Christmas—and the war I believe has helped to wake it up—you'll see the effect spread over the entire year. Then the first of January won't be associated with bills and pills, but with the genuine eagerness to live the next 12 months better than those preceding."

"In the meantime," sighed her husband dramatically, "I hope you haven't bought me another smoking jacket."

"That reminds me!" said the woman with the brown eyes. "I haven't time to be sitting here talking. And I won't be any of your affairs until tomorrow morning, anyway." — Chicago Daily News

pleasure in the results of our back-breaking work, much less to go out and hear beautiful music and uplifting sermons."

"I've always wondered why women attempt to do so much."

"Because everybody does. And if one poor, lone, sensible woman sits down and flatly refuses to kill herself working for Christmas, her family and people will think she is a quitter—a social shaker."

"Well," suggested her husband, "why not let the rich people have all the fuss and feathers, and let those in medium circumstances realize they can't keep up that pace?"

"You don't understand," said the woman with the brown eyes; "as long as rich folks do it, those less able will strain to do likewise. That's why the wealthy people will have to see the truth and institute a change."

"In place of so many mere presents we must give such things as love, com-

passion, kindness and generous impulses things which our present physical and mental strain forbids. Throughout the rest of the year, if any one felt inclined to send a regular gift to a friend or relative, that could be done very easily and the recipient would know it was a voluntary, not a compulsory, remembrance."

A Christmas Surprise
Tradition tells us that at the moment of the Savior's birth a universal peace reigned throughout the earth, that a deep silence rested upon the world, the birds stopped in their flight, the cattle ceased to feed, men became motionless with sudden awe in the midst of their labors, and the stars glittered with added lustre. From this tradition came the superstitions of the middle ages relating to the miraculous phenomena supposed to occur annually at Christmas, many of which still survive.
Bells, too, have their legends. In a village near Ely, in Nottinghamshire, England, there is now a valley where once there was a picturesque and prosperous village, but an earthquake swallowed it up; yet every Christmas since, the bells of the buried church are heard chiming.
Similar tales are told of Bremen, in Lower Saxony, and Bonn, in the Netherlands. This latter city was famed for its beauty and magnificence, and also for the sins and vices of its inhabitants. One day, on the anniversary of the birth, the Savior came as a beggar and went from door to door, but although Christmas festivities were being kept up, nobody would give him alms. Sin was abundant on all sides, but there were no Christmas gifts and no charity, and he could not go on and he came and completely covered the holy city of Bonn. But at Christmas time even now comes the joyous pealing of bells from under the water.
